podoru 10000mAh Magnetic Power Bank User Manual - Model KT-D011

INTRODUCTION

Thank you for choosing the podoru 10000mAh Magnetic Power Bank. This device is designed to provide convenient and versatile charging solutions for your mobile devices, featuring magnetic wireless charging, built-in cables, and multiple output ports. Please read this manual thoroughly to ensure proper use and maintenance of your power bank.

PRODUCT FEATURES

- **Powerful Compatibility:** Supports iPhone 12, 13, 14, 15, 16, 17 Series (including mini, Plus, Pro, Pro Max, and Air models) for magnetic wireless charging.
- **Built-in Cables & Strong Magnetic Connection:** Features integrated USB-C and Lightning cables for direct device connection, eliminating the need for extra cables. Strong magnetic technology ensures a secure attachment to compatible iPhones.
- **5 Devices Fast Wireless & Wired Charging:** Offers up to 15W wireless charging, 20W USB-C PD output, 22.5W USB PD, and supports up to 12W Lightning input and 20W USB-C input. Capable of charging up to 5 devices simultaneously.
- **10000mAh Large Capacity & Digital Display:** Provides all-day power with its high-density battery. An LED screen clearly displays the exact remaining power percentage, wireless charger symbol, and

green PD fast charging symbol.

- **Pocket Size & Easy to Carry:** Compact and lightweight (186g, 105x71x19mm) for convenient portability in pockets or backpacks.
- **Superior Safety:** Equipped with 8 built-in low-temperature ice cores and a comprehensive multi-protect safety system, including temperature control, overcharge protection, and short circuit protection.

PACKAGE CONTENTS

- podoru 10000mAh Magnetic Power Bank (Model KT-D011)
- USB-C to USB-A Charging Cable (for recharging the power bank)
- User Manual

PRODUCT OVERVIEW

Image: A detailed diagram of the power bank, highlighting its components: Magnetic Wireless Charger, Built-in USB-C Cable, Built-in Lightning Cable, USB-A Output Port, Lightning Input Port, USB-C Input/Output Port, LED Digital Power Display, and ON/OFF button.

SETUP

Initial Charging of the Power Bank

Before first use, fully charge your podoru Magnetic Power Bank. Use the provided USB-C to USB-A cable or any compatible USB-C or Lightning cable to connect the power bank to a power adapter (not included).

Compact Size, Stylish Design

Image: The power bank being recharged via its Lightning input port and its USB-C input port, showing the flexibility in recharging options.

- Connect the power bank to a power source using either the Lightning input (up to 12W) or the USB-C input (up to 20W).
- The LED digital display will show the charging progress, indicating the battery percentage.
- Once the display shows 100%, the power bank is fully charged and ready for use.

OPERATING INSTRUCTIONS

Powering On/Off

Press the ON/OFF button once to activate the power bank and view the current battery level on the LED display. The power bank will automatically turn off when not in use for a period to conserve energy.

Wireless Charging (MagSafe)

For compatible iPhone 12-17 Series models, simply align the power bank with the back of your iPhone. The strong magnetic connection will snap into place, and wireless charging will begin automatically.

Magnetic Charging

for iPhone 17/16/15/14/13/12 Series

Image: An iPhone 15 Pro Max magnetically attached to the podoru power bank, displaying the charging animation on the phone screen.

Video: A demonstration of the Azimuth Magnetic Power Bank (similar to podoru) showing its magnetic attachment and wireless charging functionality with an iPhone. The video highlights the ease of use and secure connection.

- Ensure your iPhone is a compatible model (iPhone 12 series or newer).
- The power bank's LED display will show a wireless charging symbol when active.
- For optimal magnetic connection and charging efficiency, use an iPhone without a case or with a MagSafe-compatible case.

Use with Magnetic Cases

12/13/14/15/16/17 in Snap

Magnetic Cases

Non-Magnetic

Note: Only works with iPhone compatible magnetic cases

Image: The magnetic power bank attached to an iPhone, demonstrating compatibility with magnetic cases for secure and efficient charging.

Wired Charging

Use the built-in cables or the USB-A/USB-C output ports to charge various devices.

- **Built-in Cables:** Pull out the integrated USB-C or Lightning cable and connect it directly to your device.
- **USB-A Output:** Connect your device's USB-A charging cable to the power bank's USB-A port.
- **USB-C Output:** Connect your device's USB-C charging cable to the power bank's USB-C port.

Image: The power bank demonstrating wide compatibility by charging various devices such as iPhones, Samsung, Pixel, Huawei phones, and tablets using its multiple output options.

Simultaneous Charging

The power bank supports charging up to 5 devices concurrently (1 wireless, 4 wired). This allows for shared charging without waiting.

Charge 5 Devices Simultaneously

Shared charging without waiting

Image: The power bank actively charging five different devices at once, including an iPhone wirelessly, and other phones and tablets via its built-in and external USB ports.

Using the Foldable Kickstand

The power bank features a built-in foldable kickstand for convenient hands-free viewing while charging.

Video: A demonstration of the 10000mAh Magnetic Portable Charger with Built-in Stand, showing how the kickstand can be deployed to prop up a phone for hands-free use while charging.

- Gently pull out the kickstand from the back of the power bank.
- Place your magnetically attached iPhone onto the power bank, and position it on a flat surface for

stable viewing.

MAINTENANCE

- Keep the power bank away from water, moisture, and extreme temperatures.
- Clean the device with a soft, dry cloth. Do not use harsh chemicals or abrasive materials.
- Avoid dropping or subjecting the power bank to strong impacts.
- Store in a cool, dry place when not in use for extended periods.

TROUBLESHOOTING

- **Device not charging:** Ensure the power bank is sufficiently charged. Check all cable connections. For wireless charging, ensure proper alignment and MagSafe compatibility.
- **Slow charging:** Verify that your device and cable support fast charging. Ensure the power bank has enough charge.
- **Magnetic connection is weak:** Ensure your iPhone is a compatible model. If using a case, ensure it is MagSafe-compatible. Remove any foreign objects between the power bank and the phone.
- **LED display not working:** Press the power button to activate the display. If it remains off, the power bank may be fully discharged or require service.

SPECIFICATIONS

Feature	Detail
Brand	podoru
Model Number	KT-D011
Battery Capacity	10000 Milliamp Hours
Product Dimensions	4.13 x 2.79 x 0.74 inches
Item Weight	8.4 ounces
Wireless Charging Output	Up to 15W
USB-C PD Output	Up to 20W
USB PD Output	Up to 22.5W
Lightning Input	Up to 12W
USB-C Input	Up to 20W
Special Features	Built-in Cables, Digital Display, Fast Charging, Pocket Size, Wireless Charging, Foldable Kickstand
Color	Navy Blue

SAFETY INFORMATION

- Do not disassemble, open, crush, bend, deform, puncture, or shred the device.

- Do not modify or remanufacture, attempt to insert foreign objects into the battery, or immerse or expose it to water or other liquids.
- Do not expose the power bank to fire, explosion, or other hazards.
- Avoid extreme temperature changes.
- Keep out of reach of children.
- Dispose of the power bank according to local regulations.

WARRANTY AND SUPPORT

For warranty information or technical support, please refer to the product packaging or contact podoru customer service directly. Keep your purchase receipt as proof of purchase.
