

HOMYEDAMIC ZX-MR-6002

HOMYEDAMIC Oversized Manual Recliner Chair Instruction Manual

Model: ZX-MR-6002 | Brand: HOMYEDAMIC

1. IMPORTANT SAFETY INFORMATION

Please read all instructions carefully before assembly and use. Keep this manual for future reference.

- Always ensure the chair is fully assembled and stable before use.
- Do not exceed the maximum weight capacity of 350 lbs.
- Follow the assembly instructions carefully to avoid injury.
- Keep the chair away from heat sources and sharp objects to prevent damage to the fabric and potential hazards.
- This manual recliner requires manual force to close the footrest. It is not suitable for individuals with limited mobility, pregnant women, or those with leg injuries.

2. PRODUCT OVERVIEW

The HOMYEDAMIC Oversized Manual Recliner Chair is designed for comfort and relaxation, featuring a spacious design and durable construction. It includes a lumbar support pillow for enhanced comfort.

Key Features:

- **Zero Gravity Recliner:** This manual recliner chair opens to a zero gravity experience when the footrest is opened using the side handle. The backrest angle adjusts based on user weight, with a maximum recline of 150°. Note: The angle is not lockable and returns to 90° when not in use.
- **Wider Recliner:** Upgraded to a larger and wider size with a 28-inch seat width. Overall dimensions: 49"W x 35"D x 43"H.
- **Durable Construction:** Features an all-metal body certified by BIFMA, tested for 25,000 openings and closings. Maximum capacity 350 lbs.
- **Comfort Recliner:** Includes a lumbar cushion for extra lower back support.
- **Overstuffed Design:** Spring-loaded cushion maintains flexibility and resists collapsing. Wide, padded armrests and soft, skin-friendly chenille fabric.

3. PACKAGE CONTENTS

Your HOMYEDAMIC Oversized Manual Recliner Chair is shipped in two boxes and may arrive separately. Please ensure all parts are present before beginning assembly.

- Seat Base with Footrest Mechanism
- Backrest
- Left Armrest
- Right Armrest
- Lumbar Support Pillow
- Assembly Hardware (bolts, washers, Allen wrench)

4. ASSEMBLY INSTRUCTIONS

Assembly typically takes about 15-20 minutes and requires no additional tools beyond what is provided.

Step-by-Step Guide:

1. **Unpack Components:** Carefully remove all parts from the packaging. Lay them out on a soft, clean surface to prevent damage.
2. **Attach Armrests:** Align the metal latches on the armrests with the corresponding slots on the seat base. Insert and push down firmly until they click into place. Secure with the provided bolts and Allen wrench.
3. **Install Backrest:** Align the metal pins on the backrest with the receiving slots on the seat cushion. Forcefully insert the backrest into the track of the base until it is securely seated.
4. **Secure Fabric Flaps:** Ensure all fabric flaps and zippers are properly secured around the base and backrest to cover the metal frame.
5. **Place Lumbar Pillow:** Position the lumbar support pillow on the backrest for added comfort.

5. OPERATING INSTRUCTIONS

Reclining the Chair:

1. Locate the manual pull handle on the side of the chair (typically the right side).
2. Pull the handle to release the footrest. The footrest will automatically pop up.
3. Lean back into the chair. The backrest will recline freely, adjusting to your weight, up to a maximum angle of 150°.

RECLINE FUNCTION

The angle of the backrest is adjustable but not lockable

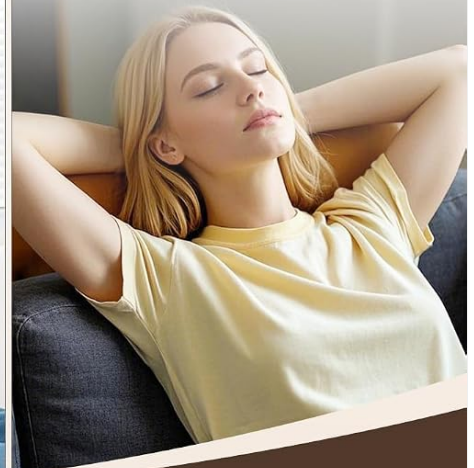

Reading

Watching TV

Napping

Exterior snap handles open the recliner to recline

Image Description: A series of illustrations showing the recliner in different positions: 90° for reading, 120° for watching TV, and 150° for napping. It also shows a close-up of the exterior snap handle used to open the recliner.

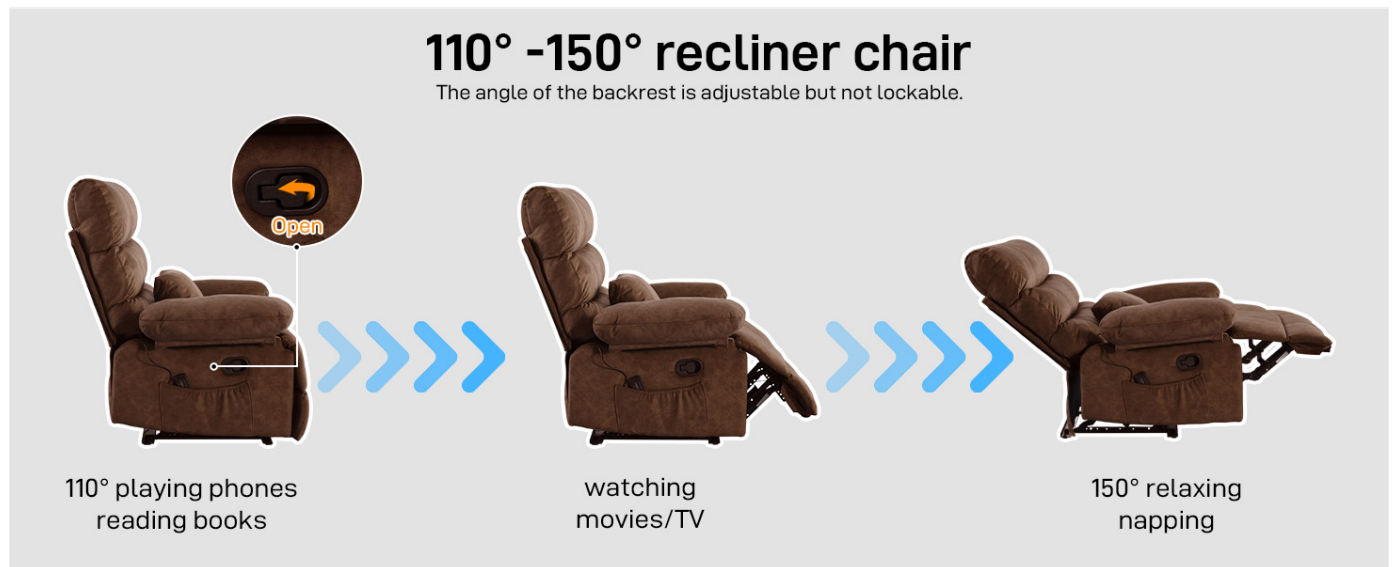

Image Description: A visual sequence demonstrating the adjustable recline angles of the chair, from an upright position to a fully reclined 150° for napping, highlighting the manual operation.

Closing the Footrest:

1. Sit forward with your body leaning slightly forward and grasp the armrests with both hands.
2. Press the center of the footrest with your heels, applying downward force. The footrest will retract.
3. Ensure the footrest is fully closed before standing up from the chair.

Requires Manual Foot Pedal Closure

not suitable for the elderly/pregnant women/disabled/legged people

Video Description: A short video demonstrating the correct method for closing the footrest of the manual recliner chair, showing the necessary body movement and foot pressure.

6. MAINTENANCE AND CARE

- **Cleaning:** Wipe clean with a damp cloth. For spills, use a mild soap solution and a soft cloth, then blot dry. Avoid harsh chemicals or abrasive cleaners.
- **Fabric Care:** The chenille fabric is soft, skin-friendly, and designed to be easily cleaned. It is also resistant to cat scratches, waterproof, and dustproof.
- **General Care:** Regularly check all bolts and connections to ensure they are tight. Avoid placing the chair in direct sunlight or near heat sources to prevent fading or material degradation.

7. TROUBLESHOOTING

Footrest Difficult to Close:

- Ensure you are sitting forward and applying firm, even pressure with your heels to the center of the footrest.
- Check for any obstructions under the footrest mechanism.

Chair Not Reclining Smoothly:

- Verify that the backrest is fully inserted into the base tracks.
- Ensure no objects are obstructing the reclining mechanism.

Wobbling or Instability:

- Check all assembly bolts and tighten them if loose.
- Ensure the chair is placed on a flat, even surface.
