## LAUSAINT HOME GZPC010-003-BR1-YIZE

# LAUSAINT HOME 10' x 13' Outdoor Retractable Pergola Instruction Manual

Model: GZPC010-003-BR1-YIZE

## 1. INTRODUCTION

---

Thank you for choosing the LAUSAINT HOME 10' x 13' Outdoor Retractable Pergola. This manual provides essential information for the safe and efficient assembly, operation, and maintenance of your new outdoor structure. Please read these instructions thoroughly before beginning assembly or use to ensure proper function and longevity of your pergola.

A lifestyle image showcasing the pergola providing shade over a patio seating area, demonstrating its aesthetic appeal and functional use in an outdoor setting.

## 2. SAFETY INFORMATION

---

Always prioritize safety during assembly and use. Failure to follow these instructions may result in injury or damage to the product.

- **Read All Instructions:** Ensure all users read and understand the entire manual before assembly or operation.
- **Two-Person Assembly:** Assembly requires at least two adults. Do not attempt to assemble alone.
- **Secure Installation:** Ensure the pergola is securely anchored to a stable, level surface. Use appropriate hardware for your specific ground type.
- **Weather Conditions:** Retract the canopy during heavy rain, strong winds, or snow to prevent damage to the canopy and frame. Do not use the pergola in extreme weather conditions.
- **Clear Area:** Keep the assembly area clear of children and pets.
- **Inspect Regularly:** Periodically check all bolts, nuts, and connections to ensure they remain tight and secure.

- **No Climbing:** Do not climb on the pergola structure.

### 3. SETUP AND ASSEMBLY

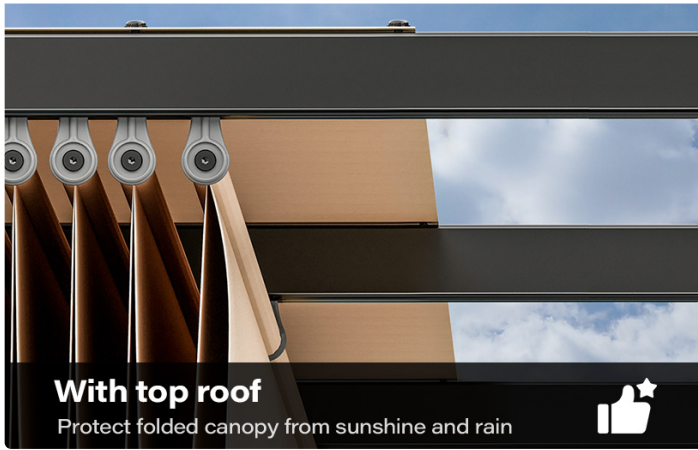

The LAUSAIN HOME Retractable Pergola is designed for straightforward assembly. A complete, well-organized kit with clear, easy-to-follow instructions is provided. No complicated tools or expertise are needed for installation.

#### 3.1 Structural Components

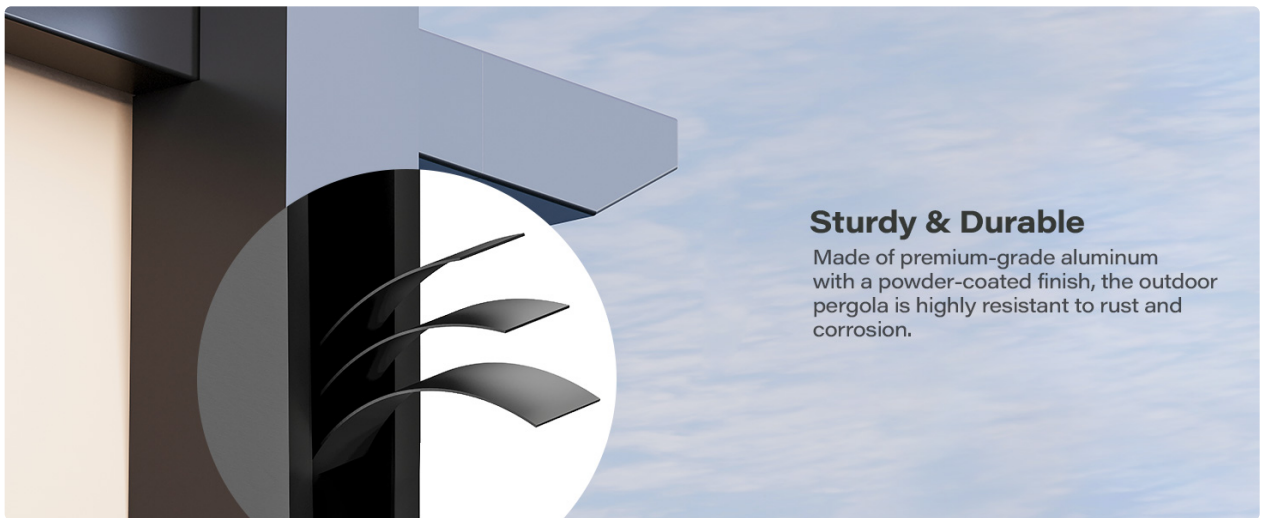

This image highlights the robust construction of the pergola, featuring a powder-coated metal frame for durability and a reinforced base for stable installation.

## EXTRA SLOPED TOP ROOF

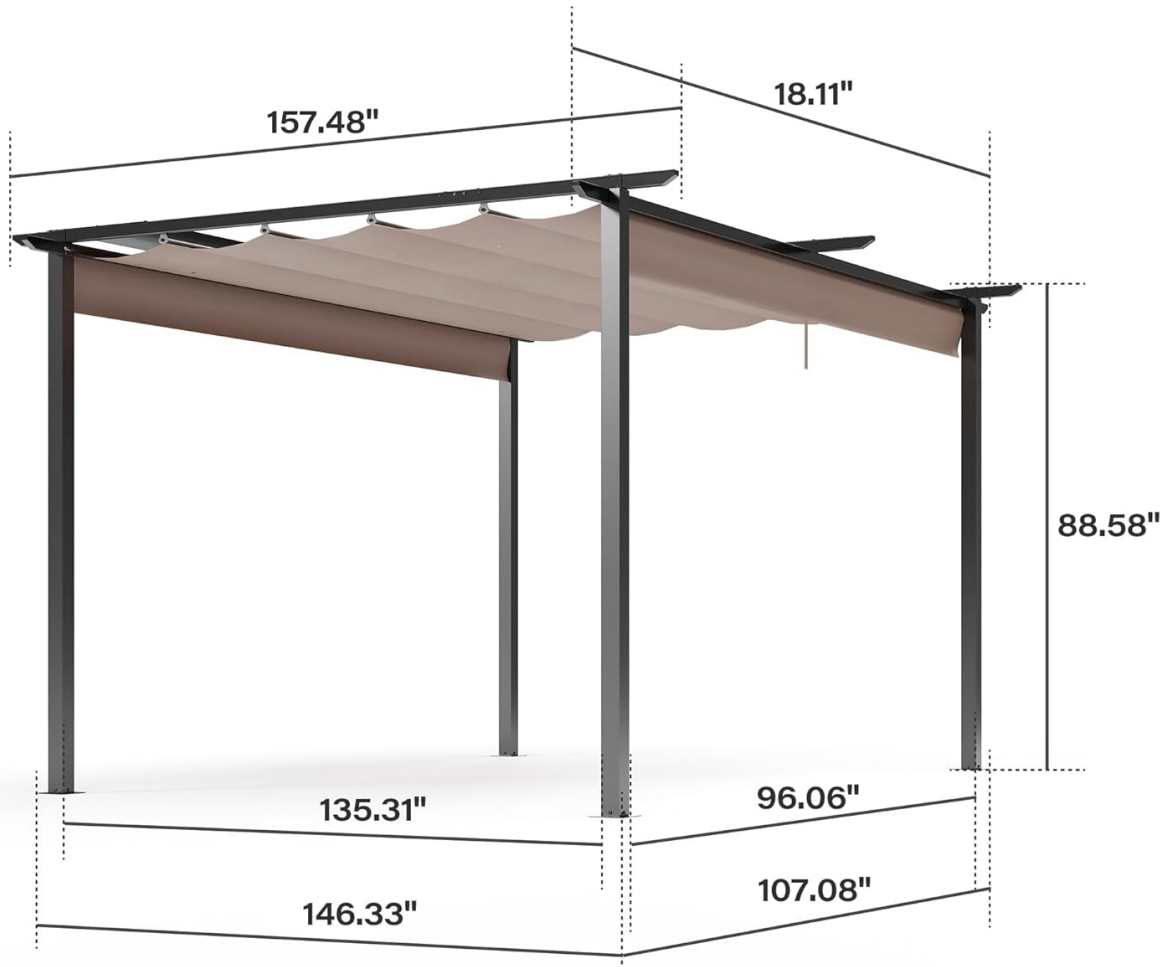

A detailed view of the premium-grade aluminum frame, showcasing its powder-coated finish which provides high resistance to rust and corrosion.

This image focuses on the reinforced base of a pergola post, featuring four pre-drilled holes designed for secure and stable installation on various surfaces.

### 3.2 Dimensions

# Product Dimensions

This diagram provides detailed measurements of the pergola, including its length, width, and height, to assist with planning and installation.

Refer to the included assembly manual for step-by-step instructions and a complete list of parts. Ensure all components are present before starting assembly.

## 4. OPERATING INSTRUCTIONS

The retractable canopy allows for flexible shade control, adapting to your needs throughout the day.

### 4.1 Retracting and Extending the Canopy

The canopy glides smoothly along the frame, allowing you to effortlessly switch between full sun and cool shade. Use the integrated drawstring mechanism to adjust the canopy.

This diagram illustrates the simple drawstring mechanism that allows users to easily adjust the shade area by opening or closing the retractable canopy.

This detailed view demonstrates the pulley system that allows for smooth and effortless retraction and extension of the canopy, ensuring ease of use.

#### 4.2 Securing the Canopy

When fully extended, magnets and hooks prevent the canopy from swinging in the wind, ensuring it remains firmly in place.

# HIGH QUALITY POLYESTER FABRIC

Waterproof

UV-resistant

Anti-fade

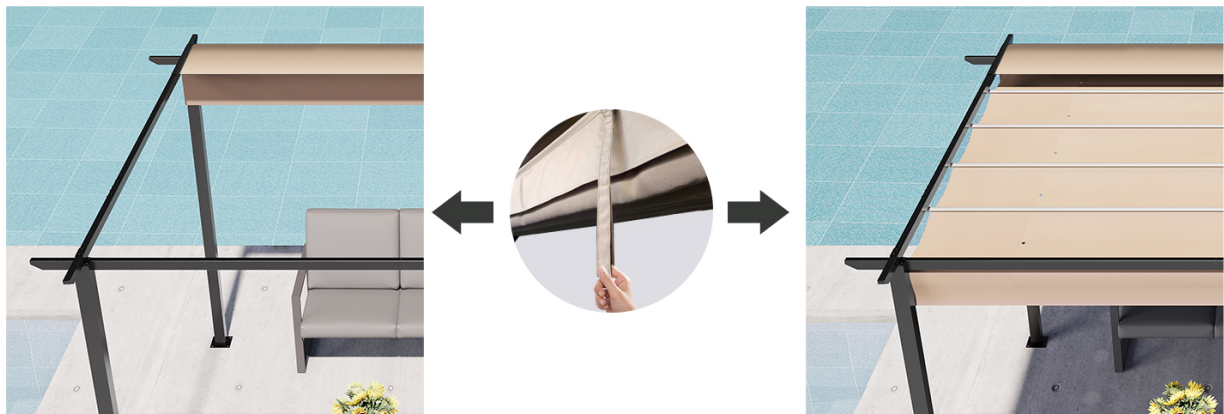

Wear-resistant

Magnets and hooks are integrated into the design to securely hold the canopy in place, preventing it from swinging or being displaced by wind when fully extended.

## EASY OPEN & CLOSE

Using a drawstring makes it easy to adjust shade area at will

An illustration showing how the canopy is firmly locked into position using magnets and hooks, preventing movement from wind.

## 5. MAINTENANCE

Proper maintenance will extend the life and appearance of your pergola.

- **Canopy Care:** The canopy is made from thick 180g/m<sup>2</sup> polyester fabric, which is UV-resistant, waterproof, anti-fade, and wear-resistant. Clean the canopy with mild soap and water. Rinse thoroughly and allow to air dry completely before retracting for storage.
- **Weather Protection:** We recommend retracting the canopy during heavy rain, strong winds, or snow to extend its lifespan and prevent damage.
- **Frame Cleaning:** Clean the aluminum frame with a soft cloth and mild detergent. Avoid abrasive cleaners or tools that could scratch the powder-coated finish.
- **Hardware Check:** Periodically inspect all nuts, bolts, and connections. Tighten any loose hardware to maintain structural integrity.

## Firmly Locked

Magnets and hooks prevent the canopy from swinging in the wind

The canopy is made from thick 180g/m<sup>2</sup> polyester fabric, offering excellent waterproof, UV-resistant, anti-fade, and wear-resistant qualities for long-lasting outdoor use.

## Smooth Slide

The pulley design supports the smooth sliding of the canopy. And the materials used are highly wear-resistant.

A magnified view of the canopy fabric, emphasizing its UV-resistant, waterproof, fade-resistant, abrasion-resistant, durable, and long-lasting properties.

## 6. TROUBLESHOOTING

---

This section addresses common issues you might encounter with your pergola.

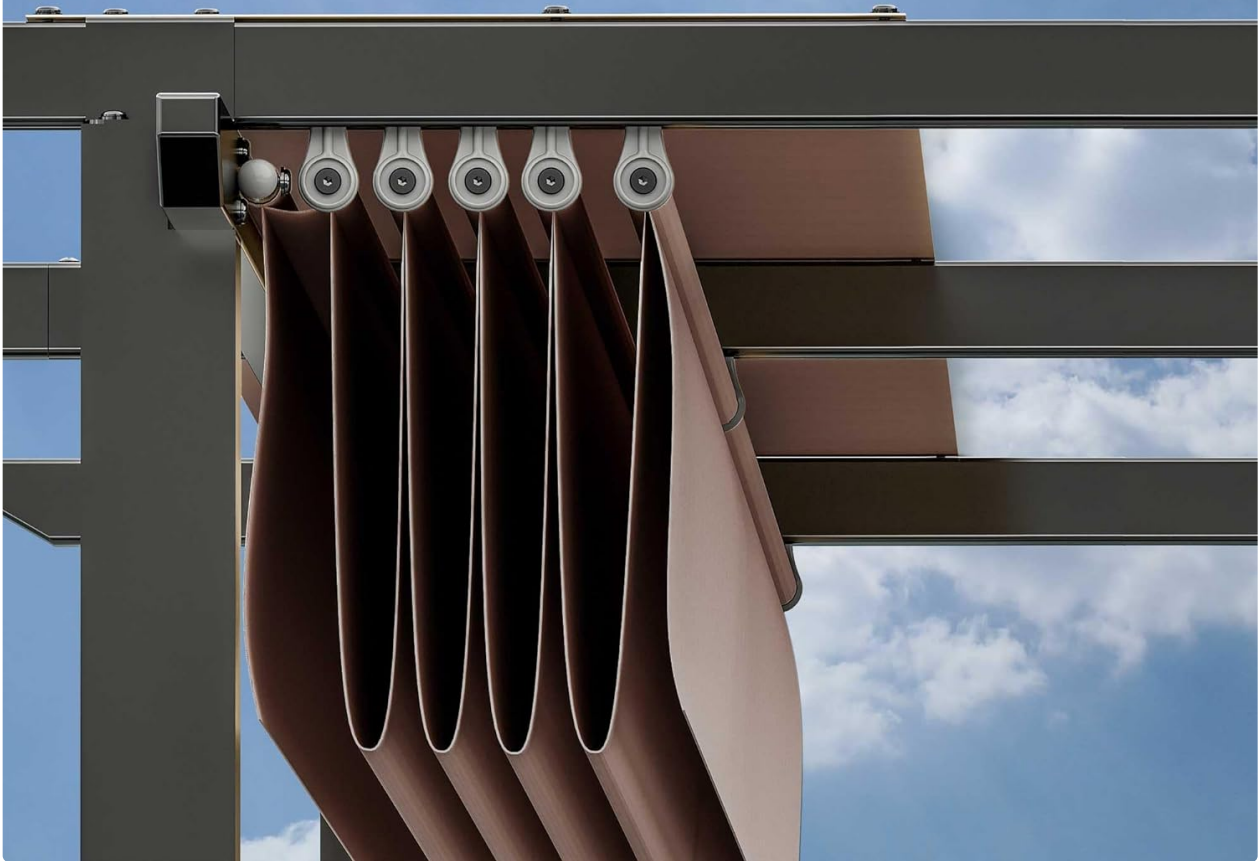

### 6.1 Water Accumulation on Canopy

If water accumulates on the canopy, it may lead to sagging or potential material damage.

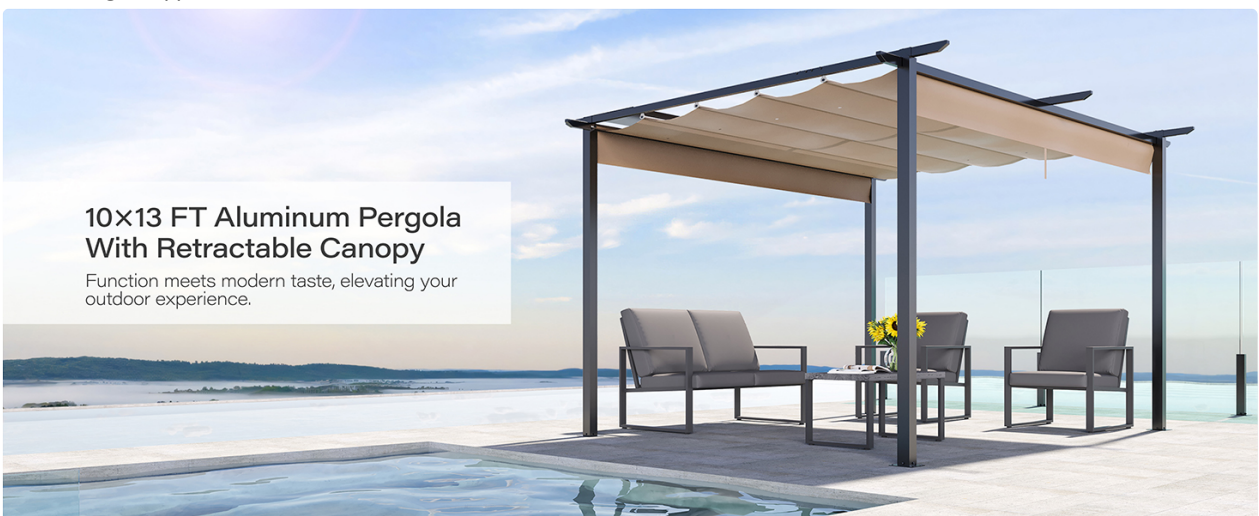

- **Cause:** Insufficient slope or failure to retract the canopy during heavy rainfall.
- **Solution:** Ensure the canopy is properly tensioned and that the sloped top roof design is correctly installed to channel water away. Always retract the canopy during heavy rain to prevent water pooling.

# Extra Sloped Top Roof

Protect folded canopy from sunshine and rain

The sloped top roof design ensures that the folded canopy is protected from sun and rain, extending its lifespan and maintaining its appearance.

## 10x13 FT Aluminum Pergola With Retractable Canopy

Function meets modern taste, elevating your outdoor experience.

This comparison highlights the benefit of the extra sloped top roof, which protects the canopy and prevents water accumulation, unlike flat designs.

### 6.2 Canopy Not Sliding Smoothly

- **Cause:** Debris in the tracks or worn pulleys.

- **Solution:** Inspect the tracks for any obstructions and clean them. Check the pulleys for wear and tear.

### 6.3 Pergola Instability

- **Cause:** Loose connections or improper anchoring.
- **Solution:** Re-tighten all bolts and ensure the base is securely anchored to the ground. Verify the installation surface is level.

## 7. SPECIFICATIONS

Feature	Detail
Brand	LAUSAINT HOME
Model Number	GZPC010-003-BR1-YIZE
Product Dimensions (L x W x H)	157"L x 118"W x 88"H
Material	Aluminum (Frame), Polyester (Canopy)
Frame Material	Aluminum
Item Weight	83 Pounds
Color	Brown
Water Resistance Level	Waterproof
Ultraviolet Light Protection	Yes
Assembly Required	Yes
Floor Area	130 Square Feet

## 8. WARRANTY AND SUPPORT

### 8.1 Return Policy

This product is eligible for a 30-day easy return policy. Please refer to the retailer's return guidelines for detailed information.

### 8.2 Customer Support

For any questions, concerns, or assistance with your LAUSAINT HOME pergola, please contact the seller, YIZE-US, through the platform where you made your purchase. They can provide support and guidance regarding your product.
