2. Important Safety Information

- Always follow assembly instructions carefully.
- Ensure all bolts and screws are securely tightened before use. Periodically check and re-tighten as necessary.
- Do not exceed the maximum weight limit of 800 pounds.
- Keep small parts away from children during assembly to prevent choking hazards.
- Use only the provided power adapter for the LED lights and charging station.
- Avoid placing liquids directly on the charging station to prevent electrical hazards.
- Do not stand or jump on the bed frame.

3. Package Contents

Verify that all components are present before beginning assembly:

- Headboard and Footboard
- Drawer
- Steel Frame components
- Wood Slats
- Light Kit (LED strips and controller)

6. Maintenance and Care

- **Cleaning:** Wipe the bed frame with a dry cloth to remove dust and debris. For upholstered areas, use a soft, damp cloth with mild soap if necessary, and blot dry immediately. Avoid harsh chemicals or abrasive cleaners.
- **Hardware:** Periodically check all bolts and screws to ensure they remain tight. Re-tighten as needed to maintain stability.
- **Electrical Components:** Ensure the LED light strips and charging station are kept dry and free from dust. Do not attempt to repair electrical components yourself.

7. Troubleshooting

7.1. LED Lights Not Working

- Check if the power adapter is securely plugged into a working outlet.
- Ensure all connections between the LED strips and the controller are firm.
- Verify that the remote control has working batteries and is pointed directly at the receiver.
- If using the app, ensure your device is properly paired and within range.

7.2. Charging Station Not Functioning

- Confirm the power strip is correctly connected to a live power source.
- Test the outlets and USB ports with different devices to isolate the issue.
- Check for any tripped circuit breakers in your home.

7.3. Bed Frame Feels Unstable

- Re-check all assembly bolts and screws to ensure they are fully tightened.
- Ensure the bed frame is on a flat, level surface.
- Verify that all support legs are making firm contact with the floor.
