

ZARIMI A02-Ultra

ZARIMI A02-Ultra Cordless Handheld Car Vacuum Cleaner User Manual

Model: A02-Ultra | Brand: ZARIMI

INTRODUCTION

Thank you for choosing the ZARIMI A02-Ultra Cordless Handheld Car Vacuum Cleaner. This manual provides essential information for the safe and efficient operation, maintenance, and troubleshooting of your device. Please read it thoroughly before first use and keep it for future reference.

SAFETY INSTRUCTIONS

- Ensure the vacuum is fully charged before initial use to maximize battery life.
- Do not use the vacuum to clean large quantities of liquid or very large debris, as this may damage the motor or clog the dustbin quickly.
- Always ensure the HEPA filter is clean and dry before reinserting it into the vacuum.
- Keep the device away from water and high humidity to prevent electrical hazards.
- Store the vacuum and its accessories in the provided carrying case to prevent loss or damage.
- Do not operate the vacuum if any part is damaged. Contact support for assistance.
- Keep out of reach of children.

PACKAGE CONTENTS

Your ZARIMI A02-Ultra Cordless Handheld Car Vacuum Cleaner package includes the following items:

- 1 x ZARIMI A02-Ultra Cordless Handheld Car Vacuum Cleaner
- 2 x 21V Lithium Batteries
- 1 x Battery Charger
- 1 x Storage Bag
- 2 x Reusable HEPA Filters (one pre-installed)
- 7 x Accessory Nozzles/Brushes (Flat Brush, Flat Suction Nozzle, Multi-Surface Nozzle, Air Suction

Nozzle, Short Blow Nozzle, Long Blow Nozzle, Blow Nozzle Brush)

- 1 x User Manual

PRODUCT OVERVIEW

The ZARIMI A02-Ultra is a versatile 6-in-1 cordless handheld vacuum cleaner designed for efficient cleaning in various environments, including cars, homes, and outdoor spaces. It features a powerful brushless motor and offers multiple functionalities beyond just vacuuming.

Figure 2: Highlighting the powerful 50,000Pa suction and brushless motor.

Key features include:

- **Powerful Suction:** Equipped with a 50,000Pa brushless motor for effective cleaning.
- **Cordless and Portable:** Lightweight design (1.96 lbs) for easy handling and maneuverability.
- **Multi-functional:** Combines vacuuming, blowing, and inflating capabilities.
- **Dual Batteries:** Two rechargeable batteries provide extended runtime.

SETUP

Battery Installation and Charging

The ZARIMI A02-Ultra operates on 21V lithium batteries. It comes with two batteries to ensure continuous operation.

1. To install a battery, align the battery pack with the base of the vacuum handle and slide it in until it clicks securely into place.
2. To remove the battery, press the release button located on the front of the battery pack and slide it out.
3. To charge a battery, connect the charger to a power outlet and then plug the charger into the charging port on the battery. The indicator light on the charger will turn red while charging and green when fully charged.
4. Each fully charged battery provides approximately 60 minutes of runtime on high mode, and up to 150 minutes on low mode.

Figure 3: Illustration of the dual battery system and approximate runtimes.

Attaching Accessories

The vacuum comes with various attachments for different cleaning tasks. These can be attached to either the front (suction) or rear (blowing) port of the vacuum.

- **For Vacuuming:** Attach the desired nozzle (Flat Suction Nozzle, Multi-Surface Nozzle, Flat Brush, or Blow Nozzle Brush) to the front transparent dustbin port. Ensure it is firmly seated.
- **For Blowing/Inflating:** Attach the appropriate nozzle (Short Blow Nozzle, Long Blow Nozzle, or Air Suction Nozzle) to the rear air outlet port of the vacuum. Twist slightly to secure.

Figure 4: Overview of the 6-in-1 multi-functional design and attachments.

OPERATING INSTRUCTIONS

Powering On/Off and Mode Selection

The vacuum features three adjustable modes for varying suction/blowing intensity:

1. Press the power button once for Low mode (20,000 Pa).
2. Press the power button a second time for Medium mode (35,000 Pa).
3. Press the power button a third time for High mode (50,000 Pa).
4. Press the power button a fourth time to turn the vacuum off.

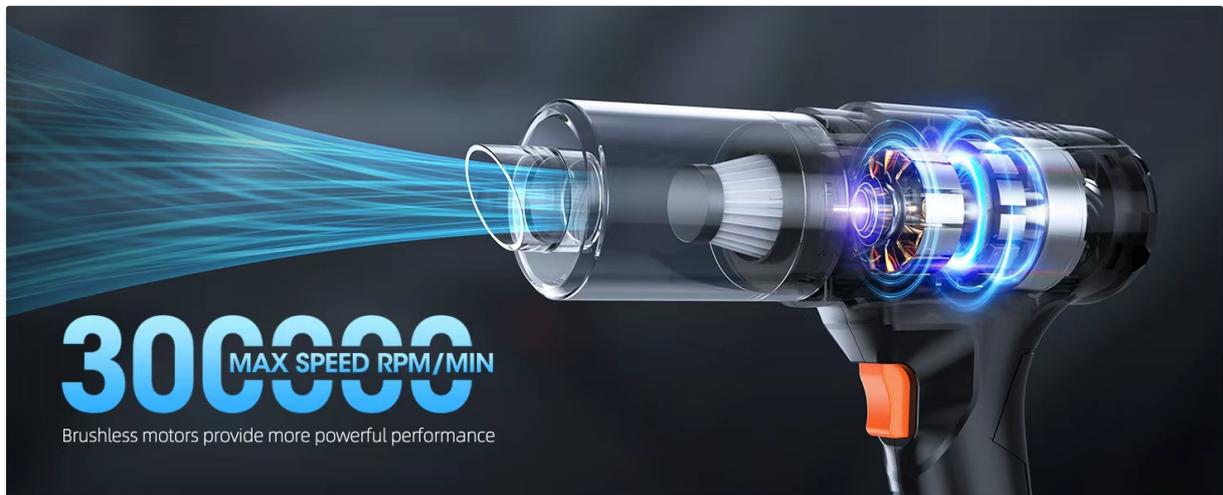

Figure 5: Visual representation of the 3-speed adjustment modes.

Vacuumping

Attach the appropriate vacuuming nozzle to the front of the device. Select the desired power mode and move the nozzle over the surface to be cleaned. The compact design and various nozzles allow for effective cleaning of tight spaces, car interiors, and household surfaces.

Figure 6: Using the handheld vacuum to clean a car interior.

Blowing Function

To use the blowing function, attach a blow nozzle to the rear air outlet port. This function is ideal for dusting keyboards, clearing debris from tight crevices, or blowing away light leaves.

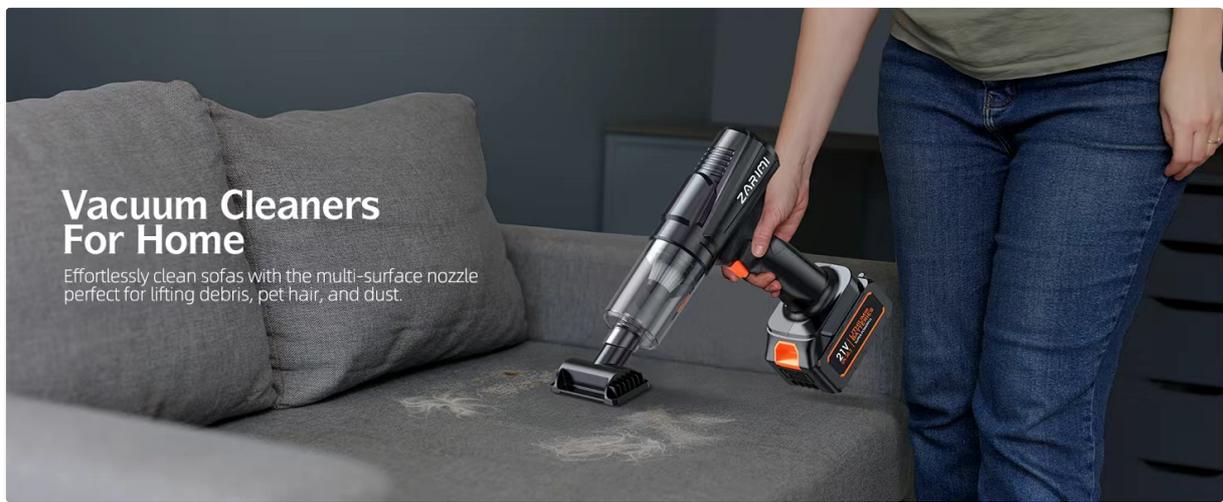

Figure 7: Demonstrating the air pump function for inflation.

Inflating/Deflating

Utilize the specialized air suction nozzle on the rear port for inflating items like balloons or air mattresses, or for deflating vacuum storage bags to save space.

Figure 8: Using the vacuum pump function for compressing storage bags.

MAINTENANCE

Emptying the Dustbin

For optimal performance, empty the dustbin regularly, especially after cleaning significant messes.

1. Twist the transparent dustbin counter-clockwise to detach it from the main unit.
2. Carefully remove the HEPA filter from inside the dustbin.
3. Empty the collected dust and debris into a waste bin.

Cleaning the HEPA Filter

The reusable HEPA filter should be cleaned periodically to maintain suction power.

1. After emptying the dustbin, gently tap the HEPA filter to dislodge any remaining dust.
2. For a more thorough cleaning, rinse the filter under running water.
3. **Important:** Allow the HEPA filter to air dry completely before reinserting it into the dustbin and reattaching it to the vacuum. Using a wet filter can damage the device.

Vacuum Pump

Use the air suction nozzle to quickly compress storage bags

Figure 9: Detailed steps for cleaning the HEPA filter.

TROUBLESHOOTING

If you encounter any issues with your ZARIMI A02-Ultra, please refer to the following table for common problems and solutions:

Problem	Possible Cause	Solution
Low or no suction.	Dustbin is full; Filter is clogged; Nozzle is blocked.	Empty the dustbin; Clean or replace the HEPA filter; Check and clear any blockages in the nozzle.
Vacuum does not turn on.	Battery is not charged; Battery is not properly installed.	Charge the battery fully; Ensure the battery is securely clicked into place.
Short operating time.	Battery not fully charged; Using high power mode continuously.	Fully charge both batteries; Use lower power modes for longer runtime.

If the problem persists after trying these solutions, please contact ZARIMI customer support.

SPECIFICATIONS

Feature	Detail
Brand	ZARIMI
Model Name	A02-Ultra
Special Feature	Cordless, Detachable Battery, High Power, Lightweight, Portable
Filter Type	HEPA Filter
Capacity	240 Milliliters
Recommended Uses	Car, Home, Pet Hair, Inflating/Deflating
Form Factor	Handheld

Feature	Detail
Color	Bright Black
Product Dimensions	9"L x 2.9"W x 9.8"H
Battery Life (High Mode)	60 minutes (per battery)
Number of Speeds/Power Levels	3
Item Weight	1.96 lbs (without battery) / 4.58 pounds (package weight)
Power Source	Battery Powered

WARRANTY AND SUPPORT

ZARIMI offers a **12-month quality guarantee** on your A02-Ultra Cordless Handheld Car Vacuum Cleaner. This covers protection against any manufacturing defects and includes instant support for no-return replacements for your convenience.

For any questions, concerns, or support needs, please contact ZARIMI customer service via the Amazon platform for prompt assistance. Your feedback helps us continuously improve our products.
