Overview of the OICIIDO AI Smart Glasses, highlighting their AI, audio, and visual features.

Key features include:

- **Smart Translation:** Supports over 164 languages for real-time, accurate communication.
- **AI Assistant:** Integrates with ChatGPT and Gemini for information retrieval, writing assistance, and instant answers.
- **Open Ear Audio:** Dual speakers provide 360° surround sound for music and calls.
- **Hands-Free Calling:** Crystal-clear call quality for convenient communication.
- **Photochromic Lenses:** Lenses automatically adjust to light conditions, offering UV and blue light protection.
- **Voice Record Note:** Record meetings, transcribe text, and create summaries.

WHAT'S IN THE BOX

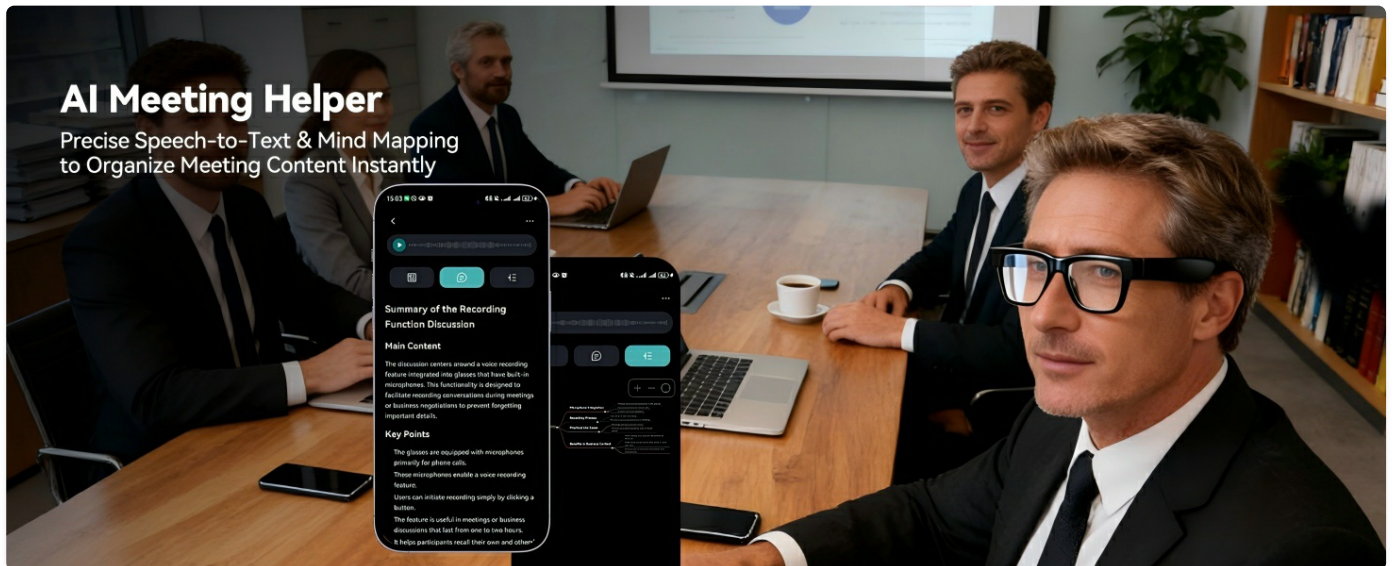

Upon unboxing your OICIIDO AI Smart Glasses, you should find the following items:

- 1x Language Translator Smart Glasses
- 1x Charging Cable
- 1x User Manual
- 1x Translation Manual
- 1x After-sales Warranty Card

SETUP

1. Charging the Glasses

Before initial use, fully charge your smart glasses. Connect the provided charging cable to the Type-C port on the glasses and a compatible USB power source. A full charge takes approximately 1.5 hours.

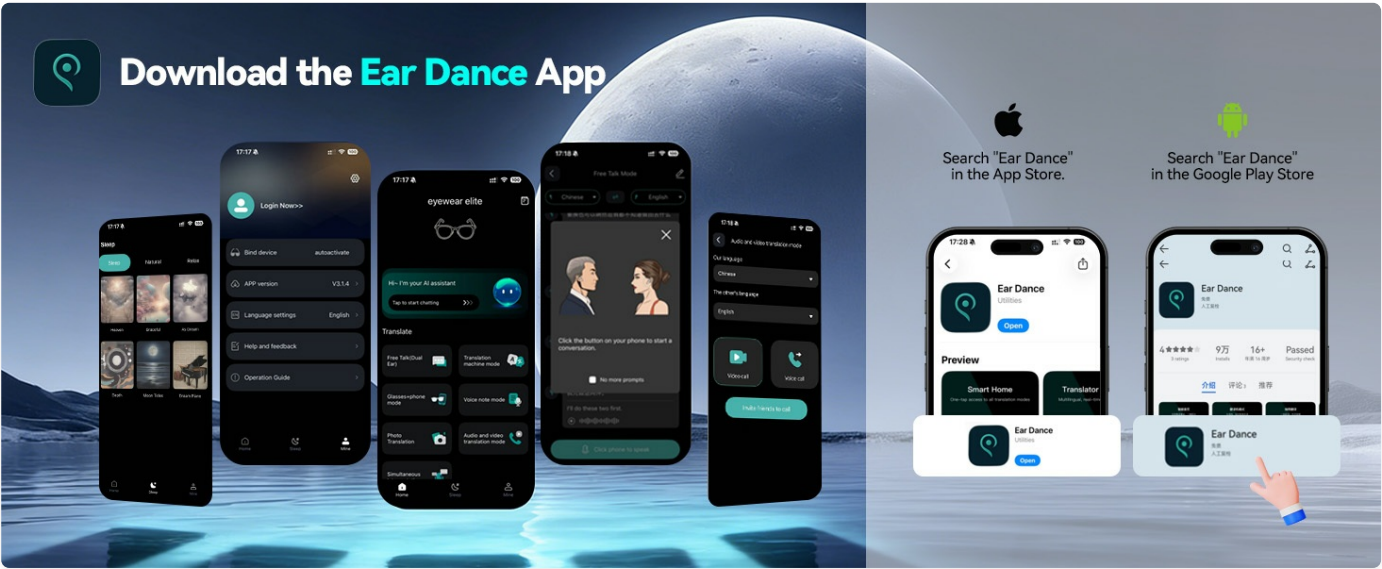

The smart glasses offer up to 10 hours of music playback or 8 hours of talk time on a single charge.

2. Downloading the App

To unlock the full potential of your smart glasses, download the companion application. Search for "Ear Dance" in your device's app store:

[Search "Ear Dance" in the App Store \(iOS\)](#)

[Search "Ear Dance" in the Google Play Store \(Android\)](#)

Download the 'Ear Dance' app for full functionality and control.

3. Bluetooth Pairing

- 1. Ensure your smart glasses are charged and powered on.
- 2. Enable Bluetooth on your smartphone (Android or iOS).
- 3. Open the "Ear Dance" app and follow the on-screen instructions to connect your glasses.
- 4. Alternatively, go to your phone's Bluetooth settings and select the OICIIDO Smart Glasses from the list of available devices.

OPERATING INSTRUCTIONS

Basic Controls

The smart glasses feature touch-sensitive areas on the temples for easy control:

Touch control functions on the right temple of the smart glasses.

Action	Function
Long press right temple touch area for 5 seconds	Power On/Off

Action	Function
One tap on the touch control bar	Answer Call / Pause/Play Music / Hang Up Call
Double tap the touch control bar	Next Song
Long press the touch control bar	Volume +
Triple tap the touch control bar	Wake Up Voice Assistant

Real-time Translation

Utilize the "Ear Dance" app to access the real-time translation feature. The glasses support over 164 languages, providing instant speech recognition and accurate translation for conversations, travel, and business.

AI

AI Chat, AI Translation, AI Q&A

Earbuds

A pair of Noise-Canceling Headphones

Glasses

A pair of Photochromic Lenses

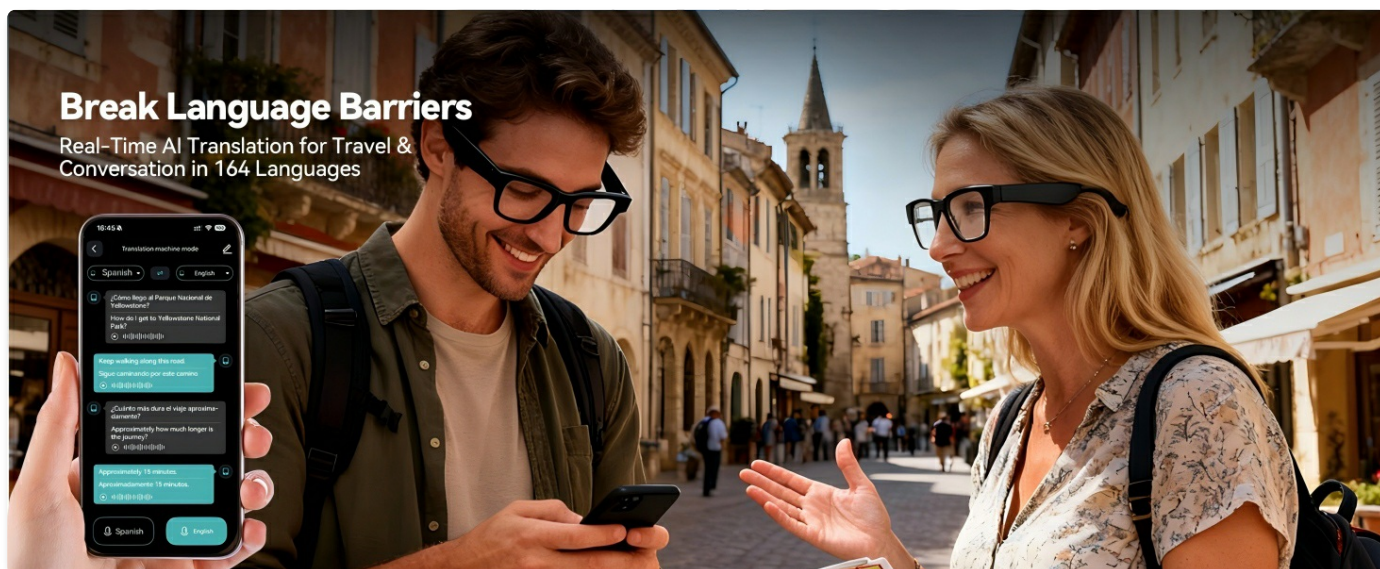

Experience seamless communication with real-time translation across 164 languages.

The app supports multiple online translation modes, allowing you to choose the best setting for your needs, whether it's for direct conversation or translating text from signs.

AI Assistant & Voice Record Note

Your OICIIDO Smart Glasses integrate with advanced AI models like ChatGPT and Gemini. Triple-tap the touch control bar to activate the voice assistant. You can ask questions, search for information, get writing assistance, and receive instant answers.

Break Language Barriers

Real-Time AI Translation for Travel & Conversation in 164 Languages

Access your personal AI assistant powered by ChatGPT and Gemini.

The voice record note feature allows you to record meetings, transcribe spoken words into text, and generate summaries or mind maps directly through the app. This is ideal for work, study, and business travel.

Hands-Free Calls & Music Playback

The dual-speaker configuration delivers 360° surround sound directly to your ears, ensuring a rich audio experience for music and clear hands-free calls. Use the touch controls to answer, hang up calls, and control music playback.

Your Intelligent AI Partner

Just ask your AI glasses

Hi GPT, Any good restaurants nearby?

Supported AI Models

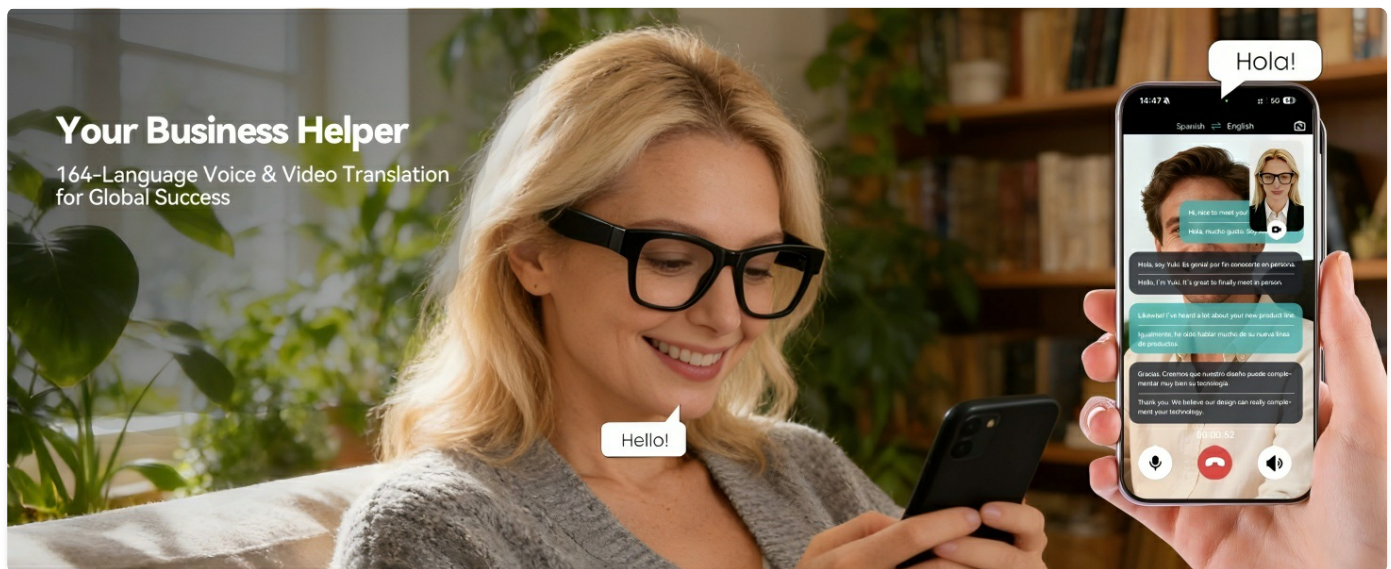

Casual Gems: Hog Island Oyster Co.
El Farolito (Mission District);
Zachary's Chicago Pizza

Enjoy clear hands-free calls and video call translation.

Photochromic Lenses

The advanced photochromic lenses automatically darken when exposed to sunlight outdoors and return to a clear state indoors. This provides continuous comfort and protection from harmful UV and blue light throughout the day.

Your Business Helper

164-Language Voice & Video Translation
for Global Success

Photochromic lenses adapt to light conditions for optimal eye protection.

MAINTENANCE

- **Cleaning Lenses:** Use a soft, clean microfiber cloth specifically designed for eyewear to clean the lenses. Avoid abrasive materials or harsh chemicals that can scratch or damage the lens coating.
- **Cleaning Frame:** Wipe the frame with a soft, damp cloth. Do not submerge the glasses in water.
- **Storage:** When not in use, store the glasses in their protective case to prevent scratches and damage.
- **Battery Care:** To prolong battery life, avoid fully discharging the battery frequently. Charge the glasses regularly, even if not in constant use.
- **Avoid Extreme Temperatures:** Do not expose the glasses to extreme heat or cold, as this can affect battery performance and electronic components.

TROUBLESHOOTING

- **Glasses not powering on:** Ensure the glasses are fully charged. Long press the right temple touch area for 5 seconds.
- **Cannot connect via Bluetooth:** Make sure Bluetooth is enabled on your phone and the glasses are in pairing mode. Try restarting both the glasses and your phone. Ensure the "Ear Dance" app is open and guiding the connection.
- **Poor audio quality or sound from only one side:** Check the volume settings on both the glasses (long press touch bar) and your connected phone. Ensure the glasses are positioned correctly on your face. If issues persist, try disconnecting and re-pairing the Bluetooth connection.
- **Translation not working:** Ensure the glasses are properly connected to the "Ear Dance" app and you have an active internet connection. Verify that the correct source and target languages are selected in the app.
- **AI Assistant unresponsive:** Confirm the glasses are connected to the app and have an internet connection. Triple-tap the touch control bar firmly to activate the assistant.
- **Lenses not darkening/clearing:** Ensure the glasses are exposed to sufficient UV light for darkening. The photochromic effect may vary with temperature and UV intensity.

SPECIFICATIONS

Crystal-Clear Audio with Advanced Noise-Canceling Chip
