[Specifications](#)

1. PRODUCT OVERVIEW

The EPICKA Air 40W Universal Travel Adapter is a compact, all-in-one power solution designed for global travelers. It features 1 AC socket and 4 USB ports (3 USB-C, 1 USB-A) for charging multiple devices simultaneously. Its innovative design supports various plug types for over 200 countries and regions, ensuring connectivity wherever you go.

Figure 1: The EPICKA Air 40W Universal Travel Adapter simultaneously charging a laptop, smartwatch, earbuds, smartphone, and camera.

2. SETUP AND PLUG SELECTION

The adapter integrates multiple plug types to accommodate various international outlets. To select the correct plug for your destination, use the sliders on the side of the adapter.

- **Type C (EU/KR):** For most of Europe (France, Germany, Italy, Spain, Iceland, Greece, etc.). Slide the top lever to extend the European pins.

- **Type G (UK):** For the UK, Ireland, Hong Kong, Malaysia, Singapore. Slide the middle lever to extend the UK pins.
- **Type A (USA/JP):** For the USA, Mexico, Canada, Japan. Slide the bottom lever to extend the US pins.
- **Type I (AUS/CN):** For China, Australia, New Zealand, Argentina. This plug type is often integrated with the Type A mechanism, where the pins can be rotated or adjusted.

Figure 2: Visual guide for extending the appropriate plug type for various regions.

Ensure the selected plug type is fully extended and locked into place before inserting the adapter into a wall outlet. The adapter features a stable "Cookie" design for a tight fit in wall outlets.

Figure 3: The adapter's stable design ensures a secure connection to wall outlets.

3. OPERATING INSTRUCTIONS

3.1 Charging Devices

Once the adapter is securely plugged into a wall outlet, you can connect your electronic devices for charging. The adapter provides 1 AC outlet and 4 USB ports (3 USB-C, 1 USB-A).

- **AC Outlet:** Use for devices requiring a standard wall plug.
- **USB-C Ports:** Three USB-C ports are available. The USB-C3 port delivers up to 40W Power Delivery (PD) fast charging. During multi-port charging, the C3 port maintains 20W PD.
- **USB-A Port:** One standard USB-A port is available for compatible devices.

NOTE: This is NOT a Voltage converter

*To use AC-powered device abroad, you MUST make sure it supports dual voltage (with "100-240V, 50/60HZ" printed on it)

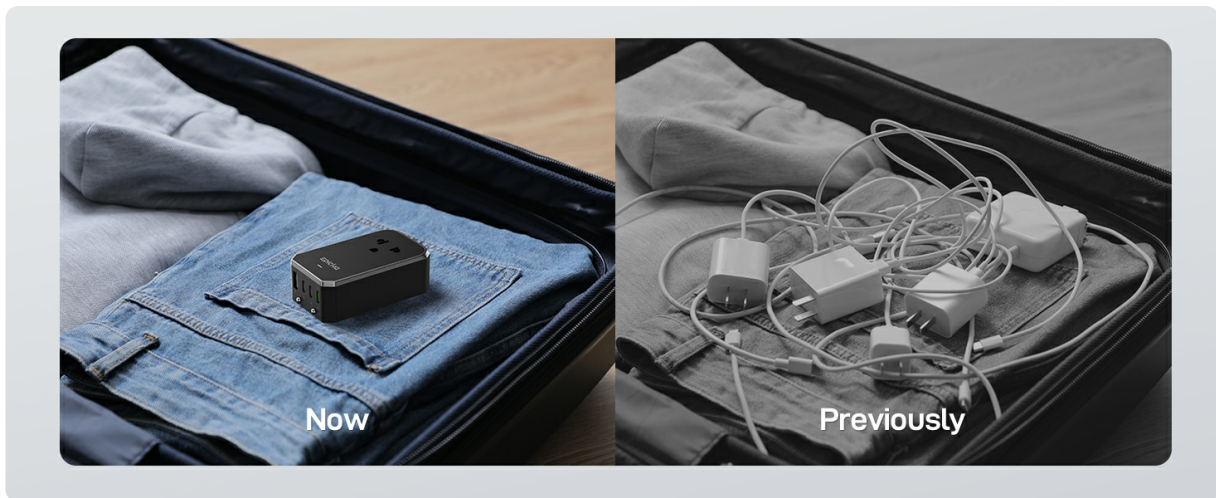

Figure 5: Multi-port output capabilities.

3.2 Fast Charging Capabilities

The 40W PD fast charging via the USB-C3 port is capable of charging an iPhone 17 to 50% in approximately 20 minutes. This feature is ideal for smartphones, tablets, smartwatches, fitness trackers, power banks, cameras, handheld game consoles, and headsets.

3.3 Usage Scenarios

The compact size and versatile plugs make the EPICKA Air 40W adapter suitable for various travel

situations, including in-flight, bedside charging, on-the-go, and work-ready setups.

Power Your Journey — 200+ Regions Covered

The EU plug fits all Type C family sockets

19 mm
Insulated Sleeves
19 mm
Converged for More Secure Fit
Flexible to Cover More Sockets

The Air 40W fits 12 of the 15 socket types worldwide. Please note that it is **not** compatible with Type-D (mainly used in India) and Type-M (mainly used in South Africa) and Type-H (Israel) sockets.

4. IMPORTANT SAFETY INFORMATION

THIS TRAVEL PLUG ADAPTER IS NOT A VOLTAGE CONVERTER. It only supports dual voltage products (100-240V). Using it with appliances that require voltage conversion (e.g., hair dryers, hair straighteners, electric toothbrushes, razors) may damage your device and the adapter, and poses a safety risk. Always check your appliance's voltage requirements before use.

- Smart Shutter Design**
Protects from Accidental Insertion
- 10A Safety Fuse System**
Keeps You and Your Devices Safe
- Powered by GaN Technology**
Smaller Size
Lower Heat
Higher Efficiency
- Worldwide Plug**
Compatible with 200+ Regions

Figure 8: Devices not compatible with the adapter due to voltage requirements.

The adapter includes a 10A Safety Fuse System to protect you and your devices. Spare fuses are typically included for replacement if needed.

5. SPECIFICATIONS

Feature	Detail
---------	--------

Model Number	UTA513N040
Dimensions	3.15 × 1.97 × 1.19 inches (Product) / 4.17 x 2.8 x 1.54 inches (Package)
Item Weight	8.8 ounces (250 Grams)
Input Voltage	100-240V AC, 50/60Hz
AC Output	100-240V AC, 10A Max, 2400W at 240V, 1100W at 110V
USB-C3 Output	40W PD Max (20W PD during multi-port charging)
USB-C1/C2 Output	15W Max (shared)
USB-A Output	15W Max (shared)
Total DC Output	40W Max
Fuse	10A
Color	Black

6. WARRANTY AND SUPPORT

For warranty information, troubleshooting, or customer support, please refer to the contact details provided in your product packaging or visit the official EPICKA website. Keep your purchase receipt for warranty claims.
