4. Assembly Instructions

Follow these steps to assemble your CUBIMANA Flowers Bouquet Building Set:

1. **Step 1: Assemble the Flower Bouquet.**

   Begin by assembling the individual flower and foliage pieces according to the detailed diagrams in the included printed instruction manual. Each flower type has specific construction steps. Ensure all connections are secure.

3. **Step 3: Arrange the Bouquet in the Vase.**

   Once the flowers and vase are assembled, carefully arrange the flower stems into the vase. The stems are designed to fit securely within the vase opening. Adjust the arrangement to achieve your desired display.

4. **Step 4: Integrate the LED Light Strip.**

   Gently place the LED light strip inside the hollowed vase, ensuring the lights are distributed evenly among the flower stems. The light strip is designed to illuminate the flower base and create a warm glow. Refer to the specific instructions for the LED light strip for power source connection (e.g., battery compartment, USB).

5. Operating Instructions

5.1. LED Light Operation

To activate the LED light, ensure the power source (e.g., batteries, USB connection) is correctly installed and connected as per the LED light strip's specific instructions. Locate the power switch, typically on the battery pack or USB connector, and turn it on. The lights will cast a warm glow, enhancing the bouquet's appearance.

5.2. Hollowed Vase Features

The unique hollowed design of the vase allows for additional customization:

- **Fragrance Stone:** You may place a small fragrance stone inside the hollowed section of the vase to diffuse a pleasant scent.

- **Small Plants/Succulents:** The vase can accommodate tiny potted plants or succulents, adding a natural element to the display. Ensure any plant is in a sealed container to prevent moisture damage to the building blocks.

6. Maintenance

To keep your CUBIMANA Flowers Bouquet Building Set in optimal condition:

- **Cleaning:** Dust regularly with a soft, dry cloth or a soft brush. For deeper cleaning, gently wipe with a damp cloth and mild soap, then dry thoroughly. Avoid harsh chemicals or abrasive materials.
- **Storage:** If disassembling for storage, keep all pieces in a secure container to prevent loss.
- **LED Light:** If the LED light dims or stops working, check the power source (e.g., replace batteries).

7. Troubleshooting

7.1. LED Light Not Working

- **Check Power Source:** Ensure batteries are correctly inserted with the correct polarity, or that the USB cable is securely connected to a working power adapter.
- **Replace Batteries:** If using batteries, try replacing them with new ones.
- **Inspect Connections:** Verify that all connections of the LED light strip are secure and undamaged.

7.2. Loose Building Blocks

- Ensure pieces are firmly pressed together during assembly. If a piece consistently comes loose, check for any debris preventing a secure fit.
