The G-Lab KEYZ Elite 400 Wireless Mechanical Gaming Keyboard User Manual

Model: KEYZELITE400WB

INTRODUCTION

The G-Lab KEYZ Elite 400 is a high-performance 96% compact mechanical gaming keyboard designed for versatility and durability. It offers tri-mode connectivity (2.4 GHz wireless, Bluetooth, and wired USB-C), hot-swappable pre-lubricated linear switches, a 5-layer gasket structure for enhanced typing feel, and fully customizable RGB backlighting and macros. This manual provides essential information for setting up, operating, and maintaining your keyboard.

PACKAGE CONTENTS

- The G-Lab KEYZ Elite 400 Keyboard
- USB-A to USB-C Charging Cable
- Keycap Puller
- 4 Spare Switches

SETUP

Physical Setup

Place the keyboard on a stable surface. The keyboard features adjustable double feet to customize the typing angle for ergonomic comfort.

Adjustable double feet for ergonomic positioning.

Connectivity Modes

The KEYZ Elite 400 supports three connection modes: 2.4 GHz wireless, Bluetooth, and wired USB-C. Use the switch located on the side of the keyboard to select your desired mode.

Mode selection switch for Windows/iOS and 2.4G/Bluetooth.

2.4 GHz Wireless Mode

For optimal gaming performance, use the 2.4 GHz wireless mode. Insert the USB dongle into an available USB port on your computer. Switch the keyboard to 2.4G mode. The keyboard should connect automatically.

Bluetooth Mode

To connect via Bluetooth, switch the keyboard to BT mode. The keyboard can store up to three Bluetooth profiles. To pair, press **Fn + 1&**, **Fn + 2é**, or **Fn + 3"** for 3 seconds until the indicator light flashes, then pair with your device. Select the corresponding profile on your device's Bluetooth settings.

Interchangeable switches and included tools.

MAINTENANCE

Cleaning

To clean your keyboard, disconnect it from power. Use a soft, dry cloth to wipe the surface. For deeper cleaning, remove keycaps using the provided puller and use compressed air to clear debris from between switches. Avoid using harsh chemicals or abrasive materials.

Battery Care

The keyboard is equipped with a 4000 mAh battery. To maximize battery life, avoid fully discharging the battery frequently. Charge the keyboard using the provided USB-C cable. Battery life is approximately 20 hours with RGB active and up to 80 hours with RGB deactivated.

Battery life with and without RGB backlighting.

TROUBLESHOOTING

- **Keyboard not responding:** Ensure the keyboard is charged and correctly connected (wired, 2.4 GHz dongle, or Bluetooth paired). Try switching between modes.
- **RGB lights not working:** Check if RGB is enabled using **Fn + Sup**. Adjust brightness with **Fn + Up/Down Arrow**.
- **Keys not registering:** If a specific key is not working, try hot-swapping the switch with one of the spare switches provided.
- **Bluetooth connection issues:** Ensure the keyboard is in Bluetooth mode and your device's Bluetooth is on. Try re-pairing the keyboard by holding **Fn + 1&2/3** for 3 seconds.

SPECIFICATIONS
