KOPIDOE X8

KOPIDOE Swimming Headphones X8: User Instruction Manual

Model: X8 | Brand: KOPIDOE

Introduction

The KOPIDOE Swimming Headphones X8 are designed for active lifestyles, offering a unique open-ear listening experience with advanced features. These headphones are IP68 waterproof, making them suitable for swimming and various water sports. They feature a built-in 32GB MP3 player for phone-free music enjoyment and Bluetooth 5.4 for stable wireless connectivity during land-based activities. The bone conduction technology delivers clear HiFi stereo sound while keeping your ears open to ambient surroundings, enhancing safety and awareness.

What's in the Box

- 1x IP68 Bone Conduction Swimming Headphones (KOPIDOE X8)
- 1x Magnetic Charging Cable
- 1x Headband Adjustment Strap
- 1x User Manual
- 1x Pair of Earbuds

Setup

1. Charging the Headphones

Before first use, fully charge your KOPIDOE X8 headphones. Connect the magnetic charging cable to the charging port on the headphones and plug the USB end into a compatible power source (e.g., computer USB port, USB wall adapter).

A full charge typically takes approximately 2 hours and provides up to 8 hours of continuous playtime.

2. Power On/Off & Bluetooth Pairing

To power on, long press the Power/Multi-function button for 3 seconds until you hear a voice prompt. For first-time pairing, the headphones will automatically enter Bluetooth pairing mode. On your device (smartphone, tablet), enable Bluetooth and select "KOPIDOE X8" from the list of available devices. Once connected, you will hear a confirmation voice prompt. To power off, long press the Power/Multi-function button for 3 seconds.

Image: A close-up of the KOPIDOE X8 headphones highlighting the 32GB MP3 storage capacity and the integrated Bluetooth 5.4 chip for wireless connectivity.

3. Switching Between MP3 and Bluetooth Modes

The KOPIDOE X8 headphones support both MP3 and Bluetooth modes. To switch between modes, double-click the Power/Multi-function button. When swimming, it is essential to switch to MP3 mode as Bluetooth signals do not transmit effectively underwater. The built-in 32GB memory allows you to store up to 8,000 songs for offline listening.

Operating Instructions

1. Controls Overview

The headphones feature intuitive controls located on the side for easy access:

- **Power On/Off/Reject Calls:** Long press the Power/Multi-function button (3 seconds).
- **Pause/Play Music/Answer/Hang Up Calls:** Click the Power/Multi-function button once.
- **Switch Bluetooth/MP3 Mode:** Double-click the Power/Multi-function button.
- **Wake Up Siri (iPhone):** Click the Power/Multi-function button three times.
- **Volume Down/Previous Song:** Click the '-' button once for volume down, long press for previous song.
- **Volume Up/Next Song:** Click the '+' button once for volume up, long press for next song.

2. Wearing the Headphones

Place the headphones over your ears with the transducers resting on your cheekbones, just in front of your ears. The flexible band should wrap comfortably around the back of your head. The open-ear design ensures comfort and allows you to remain aware of your surroundings.

Image: A man is shown cycling on a road, wearing the KOPIDOE X8 open-ear headphones. This illustrates how the design allows him to listen to music while remaining aware of traffic and his environment.

3. Using in Water (Swimming)

For optimal performance and to prevent signal loss, always switch to MP3 mode before entering the water. The IP68 waterproof rating allows submersion up to 2 meters. Ensure the headphones are securely fitted. The included earplugs can be used to enhance sound clarity underwater by blocking out water noise.

Maintenance

1. Cleaning

After each use, especially after swimming or heavy sweating, rinse the headphones with fresh water. Gently wipe them dry with a soft, clean cloth. Avoid using harsh chemicals or abrasive materials, as this may damage the liquid silicone coating and waterproof seals.

Image: A detailed view of the KOPIDOE X8 headphones, emphasizing the premium liquid silicone material which is resistant to corrosion and easy to clean, ensuring durability and hygiene.

2. Storage

Store the headphones in a cool, dry place away from direct sunlight and extreme temperatures. Avoid placing heavy objects on top of them. The flexible design allows for easy storage without damage.

Troubleshooting

- **No Sound:** Ensure the headphones are powered on, charged, and correctly paired (Bluetooth mode) or have music loaded (MP3 mode). Check volume levels on both the headphones and your connected device.
- **Cannot Pair:** Make sure the headphones are in pairing mode (blinking indicator light). Turn off and on Bluetooth on your device, and try pairing again. Ensure no other devices are actively connected to the headphones.
- **Not Charging:** Verify the magnetic charging cable is securely connected to both the headphones and the power source. Try a different USB port or power adapter.
- **Poor Sound Quality Underwater:** Ensure you are in MP3 mode. Bluetooth does not work underwater. Using the

included earplugs can significantly improve sound clarity by reducing water interference.

Specifications

Feature	Detail
