## 5. MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the surface of the power bank. Avoid using harsh chemicals or abrasive materials.
- **Storage:** Store the power bank in a cool, dry place away from direct sunlight and extreme temperatures.
- **Battery Care:** To prolong battery life, fully charge the power bank at least once every three months if not in regular use.

## 6. TROUBLESHOOTING

- **Device not charging:**
  - Ensure the power bank is sufficiently charged.
  - Check that the charging cable is securely connected to both the power bank and your device.
  - For wireless charging, verify your phone is MagSafe compatible or has a MagSafe case, and is correctly aligned.
- **Weak magnetic connection:**
  - Ensure your phone does not have a thick or non-magnetic case that interferes with the magnetic connection.
  - Clean the magnetic surface of both the power bank and your phone/case to remove any debris.
- **Global tracking not working:**
  - Confirm the power bank is paired correctly with your Apple Find My account.
  - Ensure the power bank has some charge, as tracking features may require power.
