

## Homde HS001

# Homde Rolling Clothes Rack with Hooks

MODEL: HS001

Brand: Homde

## Introduction

---

Thank you for choosing the Homde Rolling Clothes Rack with Hooks, Model HS001. This heavy-duty garment rack is designed to provide versatile and efficient storage for your clothing and accessories. Its robust construction, mobile design, and additional features make it an ideal solution for organizing various spaces in your home or business.

Please read this manual carefully before assembly and use to ensure proper setup and long-lasting performance.

## Product Features

---

- **Heavy-Duty Capacity:** Sturdy metal construction supports up to 120 lbs (with wheels). The metal rod can hold 88 lbs for hanging coats and dresses, while the double-bar base supports 100 lbs for shoes, luggage, or storage bins.
- **Versatile Storage:** Features a main hanging rod, two integrated side hooks for bags, hats, or scarves, and a spacious double-bar bottom shelf.
- **Mobile Design:** Equipped with four 360° rotating casters, each with a lockable mechanism, allowing for smooth movement and stable positioning.
- **Durable Construction:** Made from high-quality steel with multi-layer protection, including nano-coating for rustproofing and powder coating for a scratch-resistant finish.
- **Easy Assembly:** Designed for quick, single-person setup in under 15 minutes with all necessary tools included.

## Usage Scenarios

This versatile clothes rack can be utilized in various settings:

- **Bedroom:** As an additional clothing organizer for daily outfits or seasonal items.
- **Laundry Room:** Ideal as a drying rack for delicate garments or items that cannot be tumble-dried.
- **Entryway:** Functions as a coat stand for guests or everyday outerwear.
- **Boutiques/Pop-up Shops:** Perfect for displaying apparel due to its compact size and mobility.
- **Guest Rooms:** Provides convenient hanging and storage space for visitors.

## Care and Maintenance

- **Cleaning:** Wipe down the metal frame with a soft, damp cloth. Avoid abrasive cleaners that may damage the finish.
- **Inspection:** Periodically check all screws and connections to ensure they are tight. Retighten if necessary to maintain stability.
- **Weight Distribution:** Distribute weight evenly across the hanging rod and bottom shelf to prevent tipping or damage. Do not exceed the maximum load capacity of 120 lbs.
- **Wheel Care:** Keep the casters free of dust and debris to ensure smooth rolling. Engage the wheel locks when the rack needs to remain stationary.

## Troubleshooting

---

Problem	Possible Cause	Solution
Rack is wobbly/unstable	Loose connections; uneven weight distribution.	Ensure all screws are tightened. Redistribute items evenly on the rod and shelf.
Wheels not rolling smoothly	Debris in casters; wheel locks engaged.	Clean any debris from the wheels. Disengage wheel locks.
Hangers sliding off ends	Not utilizing anti-slip beads.	Position hangers between the anti-slip beads on the rod.

## Specifications

---

Feature	Detail
