## Reobrix 55013

# Reobrix St. Mark's Campanile Building Block Set

Model: 55013

## 1. INTRODUCTION

---

This manual provides instructions for assembling the Reobrix St. Mark's Campanile Building Block Set, model 55013. This set allows for the construction of a detailed 1:100 scale replica of the iconic St. Mark's Bell Tower in Venice, Italy. The completed model stands approximately 98 cm (38 inches) tall and consists of 3903 pieces. Please read all instructions carefully before beginning assembly.

## 2. SAFETY INFORMATION

- **Choking Hazard:** This product contains small parts and is not suitable for children under 3 years of age.
- **Recommended Age:** This building set is recommended for individuals 14 years and up.
- **Material:** The blocks are made from Acrylonitrile Butadiene Styrene (ABS) material.
- **Supervision:** Adult supervision is recommended during assembly, especially for younger builders.

## 3. PACKAGE CONTENTS

Verify that all components are present before starting assembly. The package should contain:

- 3903 building block pieces, sorted into numbered bags.
- One detailed instruction manual (paper format).
- Any additional decorative elements or accessories as depicted on the packaging.

If any pieces are missing or damaged, please refer to the 'Support and Contact' section for assistance.

## 4. ASSEMBLY INSTRUCTIONS

Follow the step-by-step instructions provided in the included paper manual. The assembly process is designed to be intuitive, but attention to detail is crucial for a successful build.

1. **Preparation:** Find a clean, well-lit, and spacious work area. Open the numbered bags one at a time as indicated in the manual to avoid mixing pieces.
2. **Follow Steps:** Proceed through the instruction manual page by page, carefully identifying and connecting the correct blocks.
3. **Check Connections:** Ensure all blocks are firmly pressed together to create a stable structure.
4. **Detailing:** Pay close attention to the architectural details, such as the arches, clock face, and decorative elements, as shown in the manual.

# CAMPANILE DI SAN MARCO

The structure of St. Mark's Campanile is simple, the lower part is a huge columnar building made of bricks, and the upper part is an arched bell tower, total 5 bells, above the arched bell tower is a square building, and the outer walls are decorated with lion and allegorical figures of Venice.

Image 4.2: Detailed view of the upper structure of the St. Mark's Campanile model, including the bell tower and square building section.

Image 4.3: Close-up details of the model, including the golden angel statue, roof, bell tower windows, and surrounding landscape elements like fountains and trees.

## 5. DISPLAY AND CARE

Once assembled, the Reobrix St. Mark's Campanile model serves as a decorative display piece.

- **Placement:** Place the model on a stable, flat surface away from direct sunlight, excessive heat, or humidity to prevent material degradation or discoloration.
- **Cleaning:** To clean, gently dust the model with a soft, dry cloth or a soft brush. Avoid using harsh chemicals or abrasive materials.
- **Handling:** Handle the model with care to prevent accidental disassembly or damage to delicate parts.

Large size, high restoration  
exciting collection for architecture fans
