## 4. SETUP AND ASSEMBLY

---

Assembly is required for this product. It is recommended that two people assemble the desk to ensure stability and ease of construction. All necessary tools for assembly are included.

### General Assembly Steps:

1. **Unpack and Identify Parts:** Carefully unpack all components and lay them out. Refer to the included parts list to identify each piece.
2. **Assemble the Frame:** Begin by connecting the metal frame components according to the diagrams in the separate assembly manual. Ensure all screws are tightened securely but do not overtighten until the entire frame is assembled.
3. **Attach Desk Panels:** Secure the main desktop and hutch panels to the assembled frame.
4. **Install Drawers:** Assemble the drawer boxes and install the drawer slides onto both the drawers and the desk frame. Ensure the slides are aligned correctly for smooth operation.
5. **Integrate Power Outlets and LED Lights:** Install the power outlet strip into its designated slot. Attach the LED light strip to the underside of the hutch or monitor stand as indicated in the assembly manual.
6. **Final Adjustments:** Once fully assembled, tighten all screws. Adjust the foot pads to level the desk on uneven surfaces.
7. **Install Anti-Tip Kit:** Secure the desk to a wall using the provided anti-tip kit to prevent accidental tipping.

For detailed, step-by-step instructions and diagrams, please refer to the separate assembly manual included in your package.

## 6. MAINTENANCE

Regular maintenance ensures the longevity and optimal performance of your desk.

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that may damage the finish.
- **Hardware Check:** Periodically check all screws and fasteners to ensure they remain tight. Retighten as necessary to maintain stability.
- **LED Strip Adhesion:** If the LED light strip begins to detach, re-secure it using additional adhesive tape or a suitable wood glue for a more permanent fix.
- **Drawer Slides:** Keep drawer slides free of dust and debris for smooth operation. Lubricate with a silicone-based spray if needed.

## 7. TROUBLESHOOTING

This section addresses common issues you might encounter.

Problem	Possible Cause	Solution
LED light strip does not stick or falls down.	Original adhesive may be insufficient or surface not clean.	Clean the surface thoroughly. Apply additional strong adhesive tape or a small amount of wood glue to secure the strip.
Drawers do not align or close completely.	Screws on drawer tracks are not flush, or tracks are misaligned.	Ensure all screws securing the drawer tracks are tightened completely and are flush with the surface. Recheck track alignment according to the assembly manual.
Missing or mismatched parts during assembly.	Packaging error or manufacturing defect.	Double-check all packaging for small parts. Contact DWVO customer service with your model number and a description of the missing/mismatched parts.
Desk feels unstable or wobbly.	Loose fasteners or uneven floor.	Tighten all assembly screws. Adjust the leveling foot pads at the bottom of the desk legs to compensate for uneven flooring.
