KZF 15L Humidifier (Model KZF-563) Instruction Manual

Brand: KZF | Model: KZF-563

1. INTRODUCTION AND OVERVIEW

The KZF 15L Humidifier is designed to efficiently humidify large spaces, providing a comfortable and healthy environment. With its generous 15-liter (3.9-gallon) water tank, it can operate for up to 72 hours on a low mist setting, reducing the frequency of refills. This humidifier features multiple mist modes, aromatherapy capabilities, and a quiet operation suitable for various rooms including bedrooms, living rooms, offices, nurseries, and plant areas.

2. PRODUCT FEATURES

- **Wide Coverage & Extended Runtime:** Humidifies up to 2000 sq.ft for up to 72 hours on low mode with a 15L (3.9-gallon) water tank.
- **Adjustable Mist Modes & Aromatherapy:** Offers 3 mist levels (300-500ml/h ultra-fine cool mist) and allows direct essential oil diffusion into the water tank.

- **Convenient Top-Fill Design:** Easy water refilling from the top without moving the tank, featuring a leak-proof structure.
- **Easy Maintenance:** Detachable wide-opening tank simplifies deep cleaning. Recommended cleaning every 2-3 weeks and filter replacement every 2-3 months.
- **Quiet Operation & Auto Shut-Off:** Operates at a library-quiet 26dB on low mode. Includes an 8-hour timer function and automatically stops when water is low.
- **Multiple Control Options:** Can be controlled via remote control or touch screen.

3. PACKAGE CONTENTS

Upon unboxing, please ensure all the following items are present:

- Main Humidifier Body
- Water Tank
- User Manual
- Remote Control
- Cleaning Cloth

For a visual guide on package contents and initial assembly, please refer to the 'J18 Usage Instructions' video in the Setup section.

4. SETUP

1. **Unpack:** Carefully remove all components from the packaging.
2. **Remove Accessories:** Take out any accessories or packaging material from inside the water tank.
3. **Connect Water Pump (if detached):** Ensure the hose is properly connected to both ends of the water pump and the main body's connection points.
4. **Assemble Body:** Properly attach the main body to the water tank, ensuring a secure fit.
5. **Fill Water:** Water can be filled from the top opening or by removing the main body and filling the tank directly. Do not exceed the maximum water line (15L/3.9Gal). Use tap water below 104°F. Avoid pouring water into the mist outlet.
6. **Plug In:** Connect the humidifier to a power supply. Ensure the rated voltage matches the product voltage before switching on.

Video: 'J18 Usage Instructions' - This video provides a visual guide on how to set up and operate the KZF 15L Humidifier, covering initial assembly, water filling, and basic control functions.

5. OPERATING INSTRUCTIONS

1. **Power On/Off:** Press the power button on the touch screen or remote control to turn the humidifier on or off.
2. **Adjust Mist Level:** Cycle through the 3 adjustable mist levels (low, medium, high) using the mist button on the control panel or remote.
3. **Set Humidity Level:** Use the humidity setting to maintain a desired humidity between 40%-90%. The humidifier will automatically adjust output to reach this level.

4. **Timer Function:** Set the operating time from 1-24 hours using the timer button. The unit will automatically shut off after the set duration.
5. **Sleep Mode:** Activate sleep mode for quiet operation and dimmed display, ensuring undisturbed rest.
6. **Warm Mist Function:** Press and hold the warm mist button for 3-5 seconds to activate or deactivate the warm mist feature.
7. **Aromatherapy:** Add 3-5 drops of your favorite essential oil directly into the water tank to diffuse fragrance.

Note: Mist may take 15-30 seconds to appear at first use as the humidifier pumps water from the bottom to the top.

6. MAINTENANCE

Regular cleaning is crucial for optimal performance and to prevent mineral buildup, mold, or impurities. Always unplug the humidifier before cleaning or maintenance.

1. **Drain Water:** If not in use for more than 24 hours, pour out any remaining water from the tank and sink.
2. **Disassemble:** Remove the upper part of the humidifier. Carefully tilt the water sink in the outlet direction for drainage.
3. **Clean Tank & Sink:** Pour distilled white vinegar or citric acid solution into the sink and soak for 15 minutes. Use the included cleaning brush to remove scale from all parts.
4. **Clean Atomizer:** If the atomizer becomes dirty or mist weakens, gently wipe it with a cotton swab.
5. **Rinse:** Rinse all components repeatedly with clean water to ensure they are odor-free. Ensure not to let water enter the air outlet.
6. **Dry:** Allow all parts to dry completely before reassembly.
7. **Essential Oil Residue:** After adding essential oils, clean the tank weekly with mild soap to prevent residue buildup.

Pump Replacement:

If the water pipe is dirty, it may need to be changed.

1. Unscrew the knob to remove the head.
2. Pull out the two side hoses.
3. Install the new water pump. Be sure to align the contacts and slots correctly.

Video: 'How to Clean the Humidifier LCD-MH-J18' - This video demonstrates the step-by-step process for cleaning the KZF 15L Humidifier, including unplugging, disassembling, using cleaning tools, and rinsing the components.

7. TROUBLESHOOTING

- **No Mist/Weak Mist:** Check if the water tank is full. Ensure the atomizer is clean (refer to Maintenance

section). If the humidifier is new, allow 15-30 seconds for water to pump.

- **Leaking:** If leaking occurs during initial use, empty the tank and base, then reassemble carefully, ensuring all parts are properly seated.
- **Unit Stops Unexpectedly:** Check water level; the unit has an auto shut-off feature when water is low.
- **PM2.5 Detector Misinterpretation:** Note that PM2.5 detectors may misinterpret mist as particles; this does not indicate air pollution.

8. SPECIFICATIONS

Brand	KZF
Model Name	KZF-563-B
Item Model Number	KZF-563
Special Feature	Remote Control, Timer
Color	White with a spray can
Operation Mode	Ultrasonic
Product Dimensions	9.45"D x 9.45"W x 21.2"H
Item Weight	5.7 Pounds
Room Type	Bathroom, Bedroom, Living Room, Office, Yoga Room
Included Components	Remote Control
Voltage	120 Volts
Wattage	45 watts
Shape	Square
Capacity	15 Liters
