Maintenance and Cleaning

Proper cleaning and maintenance ensure hygiene and prolong the lifespan of your device.

The soft silicone sleeve features dynamic licking textures and raised sensory nodes.

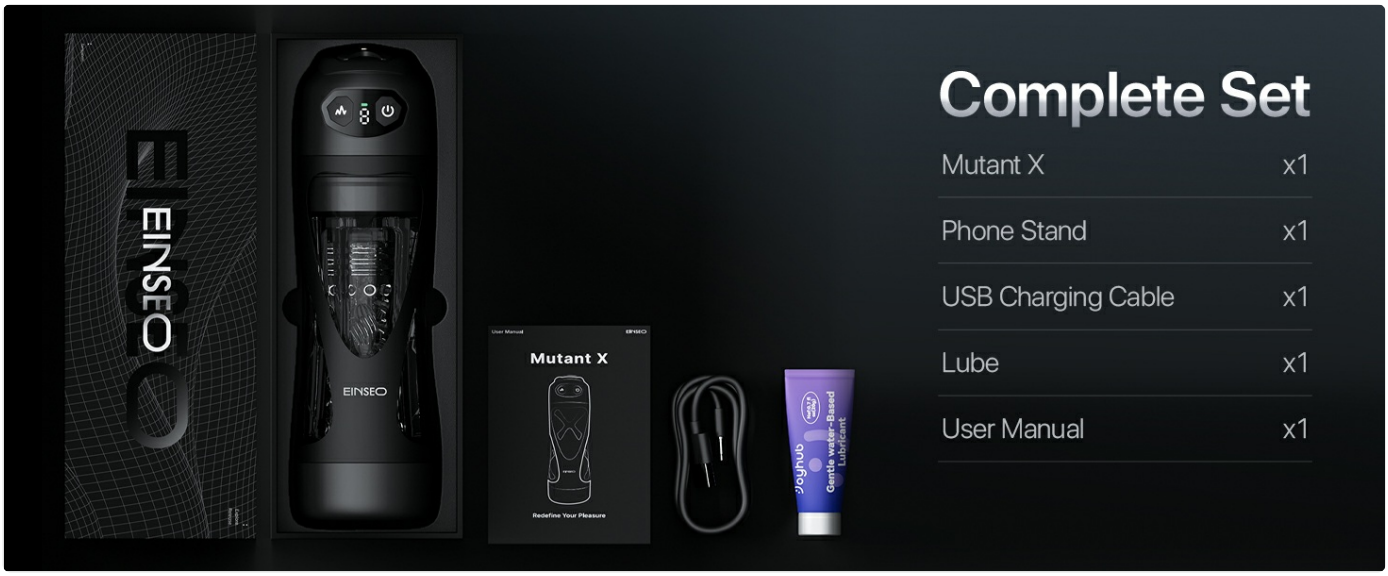

1. **Disassembly:** Gently twist and pull the sleeve assembly out from the main casing. The silicone sleeve can be removed from its hard plastic basket for thorough cleaning.
2. **Cleaning the Sleeve:** Wash the silicone sleeve with warm water and a mild, toy-safe soap. Rinse thoroughly. You

can flip the sleeve inside out for complete cleaning.

3. **Cleaning the Casing:** Wipe the exterior of the main casing with a damp cloth. Do not submerge the main casing in water.
4. **Drying:** Allow all components to air dry completely before reassembly. Ensure no moisture remains, especially in the electronic parts.
5. **Reassembly:** Once dry, reinsert the silicone sleeve into its plastic basket, then slide the entire assembly back into the main casing until it clicks securely.

Charging

To charge your EINSEO AI Sync Male Masturbator:

Connect the USB charging cable to the device's charging port.

- Connect the provided USB charging cable to the charging port on the device.
- Plug the other end into a standard USB power adapter (not included) or a computer USB port.
- The indicator lights on the device will blink during charging and remain solid when fully charged.
- A full charge typically takes approximately 2 hours and provides up to 60 minutes of continuous use.

Troubleshooting
