Skechers SR8505

Skechers SR8505 Men's Watch Instruction Manual

Model: SR8505

1. PRODUCT OVERVIEW

The Skechers SR8505 is a men's watch featuring a black polyurethane strap, a polished sandblasted dial, and reflective details. It includes an EL backlight for improved visibility in low light conditions. This watch set also comes with a utilitarian multitool keychain.

2. SETUP

2.1 Setting the Time

1. **Pull the Crown:** Gently pull the crown (the small knob on the side of the watch case) out to the first or second position. The specific position may vary depending on whether your watch has a date function.
2. **Adjust the Time:** Rotate the crown clockwise or counter-clockwise to set the hour and minute hands to the correct time.
3. **Push the Crown Back:** Once the time is set, push the crown back into its original position against the watch case. This will start the watch movement.

Image 2: Side view of the watch, highlighting the crown used for time adjustment.

3. OPERATING INSTRUCTIONS

3.1 EL Backlight Function

The watch is equipped with an EL (Electroluminescent) backlight. To activate the backlight, press the designated button on the side of the watch case. The backlight will illuminate the dial for a short period, allowing you to read the time in dark environments.

3.2 Water Resistance

This watch is water resistant to 50 meters (5 ATM). This rating means the watch can be used during short periods of recreational swimming and showering. It is **not** suitable for diving or snorkeling. Avoid pressing any buttons or operating the crown while the watch is wet or submerged to prevent water ingress.

3.3 Multitool Keychain

The included multitool keychain provides additional utility. It typically features:

- **Opener:** For opening bottles.
- **Hex Key:** For various hexagonal fasteners.
- **Flat Blade Screwdriver:** For flat-head screws.

- **Keychain:** For attaching to keys or other items.

4. MAINTENANCE

4.1 Cleaning Your Watch

To maintain the appearance of your watch, wipe the case and strap regularly with a soft, dry cloth. For more thorough cleaning, a slightly damp cloth with mild soap can be used on the polyurethane strap, followed by drying. Avoid harsh chemicals or abrasive materials.

4.2 Battery Replacement

The watch is powered by a quartz movement, which requires a battery. When the watch stops running, it indicates the battery needs replacement. It is recommended to have the battery replaced by a qualified watch technician to ensure proper sealing and maintain water resistance.

Image 3: Rear view of the watch, showing the case back where battery access is typically located.

5. TROUBLESHOOTING

5.1 Watch Not Running

- **Check the Crown:** Ensure the crown is fully pushed in against the watch case. If it is pulled out, the watch will not run.
- **Battery:** If the crown is correctly positioned and the watch is still not running, the battery may need to be replaced. Refer to section 4.2.

5.2 Water Ingress

- If moisture appears inside the watch crystal, immediately take the watch to a qualified service center.
- Always ensure the crown is fully pushed in before exposing the watch to water.

6. SPECIFICATIONS

Feature	Specification
Model Number	SR8505
Case Diameter	44 Millimetres
Band Width	22 Millimetres
Band Material Type	Polyurethane
Dial Colour	Black
Movement Type	Quartz
Water Resistance Depth	50 Metres (5 ATM)
Crystal Material	Mineral Glass
Item Weight	100 Grams

7. WARRANTY AND SUPPORT

7.1 Warranty Information

This Skechers SR8505 watch comes with a Limited Warranty. Please refer to the warranty card included with your purchase for specific terms, conditions, and duration of coverage. The warranty typically covers manufacturing defects but may not cover damage resulting from improper use, accidents, or unauthorized repairs.

7.2 Customer Support

For any questions, service, or support regarding your Skechers SR8505 watch, please contact the official Skechers customer service or an authorized service center. Contact information can usually be found on the product packaging or the official Skechers website.
