SAFETY INFORMATION

Always adhere to the following safety precautions to prevent damage to the TV and ensure personal safety:

- Do not expose the TV to rain or moisture.
- Ensure proper ventilation around the TV.
- Do not block ventilation openings with items like newspapers, tablecloths, or curtains.
- Avoid placing the TV near heat sources such as radiators, heat registers, stoves, or other apparatus (including amplifiers) that produce heat.
- Protect the power cord from being walked on or pinched, particularly at plugs, convenience receptacles, and the point where they exit from the apparatus.
- Only use attachments/accessories specified by the manufacturer.
- Unplug this apparatus during lightning storms or when unused for long periods.
- Refer all servicing to qualified service personnel.

- **Cleaning the Frame:** Use a soft, dry cloth to wipe the TV frame and stand.
- **Ventilation:** Ensure the ventilation openings on the back of the TV are not blocked to prevent overheating.
- **Power Cord:** Regularly check the power cord for any damage. If damaged, contact service personnel.

TROUBLESHOOTING

If you encounter issues with your TV, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
No power	Power cord disconnected; power outlet issue.	Ensure power cord is securely connected. Check if the power outlet is working.
No picture, but sound is present	Incorrect input source; display settings issue.	Verify the correct input source is selected. Check picture settings.
No sound, but picture is present	Volume muted or too low; audio output settings.	Increase volume. Check if TV is muted. Verify audio output settings (e.g., internal speakers vs. external).
Remote control not working	Batteries depleted; obstruction; remote not paired.	Replace batteries. Remove obstructions. Re-pair the remote control if it's a Bluetooth remote.
Wi-Fi connection issues	Incorrect password; router issues; signal interference.	Re-enter Wi-Fi password. Restart your router. Move TV closer to router or reduce interference.
Smart TV apps are slow or unresponsive	Insufficient memory; network issues; app malfunction.	Close unused apps. Check internet speed. Clear app cache or reinstall the app. Restart the TV.

If the problem persists after trying these solutions, please contact Xiaomi customer support.
