

Dreo DR-HHM006

Dreo HM-306 3L Top-Fill Cool Mist Ultrasonic Humidifier User Manual

Model: DR-HHM006

1. PRODUCT OVERVIEW

The Dreo HM-306 is a 3-liter top-fill cool mist ultrasonic humidifier designed for efficient and quiet humidification in various room types. It features adjustable humidity control, an aroma diffuser, a digital display, and a night light function.

Figure 1: Main view of the Drezo HM-306 3L Top-Fill Cool Mist Ultrasonic Humidifier.

2. SAFETY INSTRUCTIONS

- Always place the humidifier on a flat, level surface, at least 30 cm (12 inches) away from walls or any major obstacles.
- Do not add water into the mist tube.
- Ensure the water cartridge is installed correctly and any protective wrap is removed before first use.
- Do not add essential oils directly into the water tank. Use the designated aroma pad tray.
- Unplug the humidifier before cleaning or refilling.

- Keep out of reach of children and pets.

3. SETUP

1. **Unpack:** Carefully remove the humidifier from its packaging.
2. **Remove Wraps:** For first-time use, ensure the water cartridge is correctly installed and any protective wrap is removed before initial use.
3. **Detach and Clean:** Detach the top cover and water tank from the humidifier base. Clean all components thoroughly before initial use.
4. **Fill Water Tank:** Fill the water tank with clean water. Do not exceed the MAX fill line indicated on the mist tube. **IMPORTANT: Do NOT add water into the mist tube.**
5. **Replace Tank and Cover:** Place the filled water tank back onto the base, aligning the arrows. Securely close the top cover.
6. **Add Essential Oils (Optional):** Locate the aroma pad tray on the back of the unit. Pull it out, add a few drops of essential oil to the aroma pad, and reinsert the tray.
7. **Position:** Place the humidifier on a flat, stable surface, ensuring it is at least 30 cm (12 inches) away from walls or other objects to allow for proper mist dispersion.

Figure 2: Illustrates the top-fill design and the aroma pad tray for essential oils.

4. OPERATING INSTRUCTIONS

The Dreo HM-306 features a user-friendly touch control panel with a digital display.

Figure 3: Control panel and ambient light indicator for humidity levels.

- **Power On/Off:** Press the power button () to turn the humidifier on or off.
- **Mist Intensity:** Press the mist button () to cycle through different mist output levels (Low, Medium, High).
- **Auto Mode:** Press the auto mode button () to activate intelligent humidity control. The humidifier will automatically adjust mist output to maintain a comfortable humidity level.
- **Night Light:** Press the light button () to turn the ambient night light on or off.
- **Humidity Display:** The digital display shows the current humidity percentage in the room.
- **Adjustable Nozzle:** The 360° rotating nozzle on top allows you to direct the mist in any desired direction.

All-night Freshness Ultimate Quietness

Figure 4: The humidifier operates quietly, making it suitable for bedrooms and nurseries.

Figure 5: The humidifier projects mist up to 40 inches high for wide coverage.

5. MAINTENANCE

Regular cleaning is essential to ensure optimal performance and longevity of your humidifier.

- **Daily Maintenance:**

- Unplug the humidifier.
- Empty any remaining water from the tank and base.
- Rinse the water tank and base with clean water.
- Wipe dry with a soft cloth.

- **Weekly Cleaning:**

- Unplug the humidifier.
- Remove the top cover and water tank.
- Pour 1 cup (250ml) of white vinegar into the base and let it soak for 30 minutes to loosen mineral buildup.
- Use the provided cleaning brush to gently scrub the nebulizer and other components in the base.

- Rinse all parts thoroughly with clean water until the vinegar smell is gone.
- Wipe all surfaces dry with a soft cloth.
- **Water Cartridge:** The humidifier uses a water cartridge (sold separately) for demineralization or clean-mist. Refer to the cartridge's instructions for replacement frequency.

6. TROUBLESHOOTING

Problem	Possible Cause	Solution
No mist or low mist output	Insufficient water in tank. Mineral buildup on nebulizer. Mist nozzle blocked.	Refill water tank to MAX line. Clean the nebulizer with vinegar and brush. Ensure mist nozzle is clear.
Humidifier not turning on	Not plugged in. Power outage. Water tank not properly seated.	Check power connection. Verify power supply. Re-seat the water tank correctly.
Unusual noise	Water level too low. Unit not on a flat surface.	Refill water tank. Place on a stable, flat surface.

7. SPECIFICATIONS

Brand: Dreo

Model Name: DR-HHM006

Capacity: 3 Liters

Operation Mode: Ultrasonic

Special Features: Adjustable Humidity Control, Aroma Diffuser, Digital Display, Humidistat, Timer

Color: White

Floor Area Coverage: Up to 300 Square Feet

Product Dimensions: 7.68"D x 7.68"W x 10.24"H
