

Ball & Cast L-Shaped Double Twin Daybed with Trundle and Storage

User Manual

Ball & Cast Double Twin L-Shaped Daybed with Trundle and Storage Headboard
Model: L-Shaped Double Twin Daybed with Trundle and Storage

INTRODUCTION

Thank you for purchasing the Ball & Cast Double Twin L-Shaped Daybed with Trundle and Storage Headboard. This manual provides essential information for the safe assembly, operation, and maintenance of your new daybed. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

SETUP AND ASSEMBLY

Before You Begin

- Ensure all parts and hardware are present before assembly. Refer to the parts list (not provided in this manual, typically included in packaging).
- Clear a spacious area for assembly.
- Assembly requires two adults.
- Tools are not included. You may need a Phillips head screwdriver and a hammer.

Dimensions

Refer to the diagram below for overall product dimensions and key measurements.

Image: Overall dimensions of the Ball & Cast L-Shaped Daybed. The diagram shows the total length of 125.6 inches, total width of 84.8 inches, and height of 35.2 inches. Individual bed sections, trundle, and storage compartments are also detailed with their respective measurements.

Assembly Steps (General Guidelines)

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a soft, clean surface to prevent scratches.
2. **Assemble Bed Frames:** Follow the manufacturer's specific instructions to assemble the two twin bed frames, ensuring all connections are secure.
3. **Attach Headboards and Footboards:** Secure the headboards and footboards to the assembled bed frames.
4. **Install Slats:** Place and secure the wooden slats onto the bed frames. Ensure they are evenly spaced and firmly attached to provide adequate mattress support.
5. **Assemble Storage Headboard:** Construct the L-shaped storage headboard and attach it to the bed frames as per the instructions.
6. **Assemble Trundle:** Assemble the trundle bed frame and install its wheels.
7. **Install Drawers:** Assemble the storage drawers and install them into their designated slots beneath the main bed frame.
8. **Final Checks:** Once fully assembled, gently shake the daybed to ensure all connections are tight and stable.

Note: Full assembly is required. Detailed step-by-step instructions with diagrams are typically provided in the product's packaging.

OPERATING INSTRUCTIONS

Using the Trundle Bed

- To extend the trundle, gently pull the handle located on the front panel of the trundle unit. The wheels will allow it to slide out smoothly.
- To retract the trundle, push it back into the main bed frame until it is fully nested.
- The trundle is designed for a twin-size mattress with a recommended thickness of 6-8 inches.

Utilizing Storage Drawers and Shelves

- The built-in drawers beneath the main bed frame provide convenient storage for bedding, clothes, or other items. Pull them out gently to access contents.
- The L-shaped headboard features open shelves and enclosed compartments for books, decorative items, or personal belongings.
- Ensure drawers are pushed in completely when not in use to prevent tripping hazards.

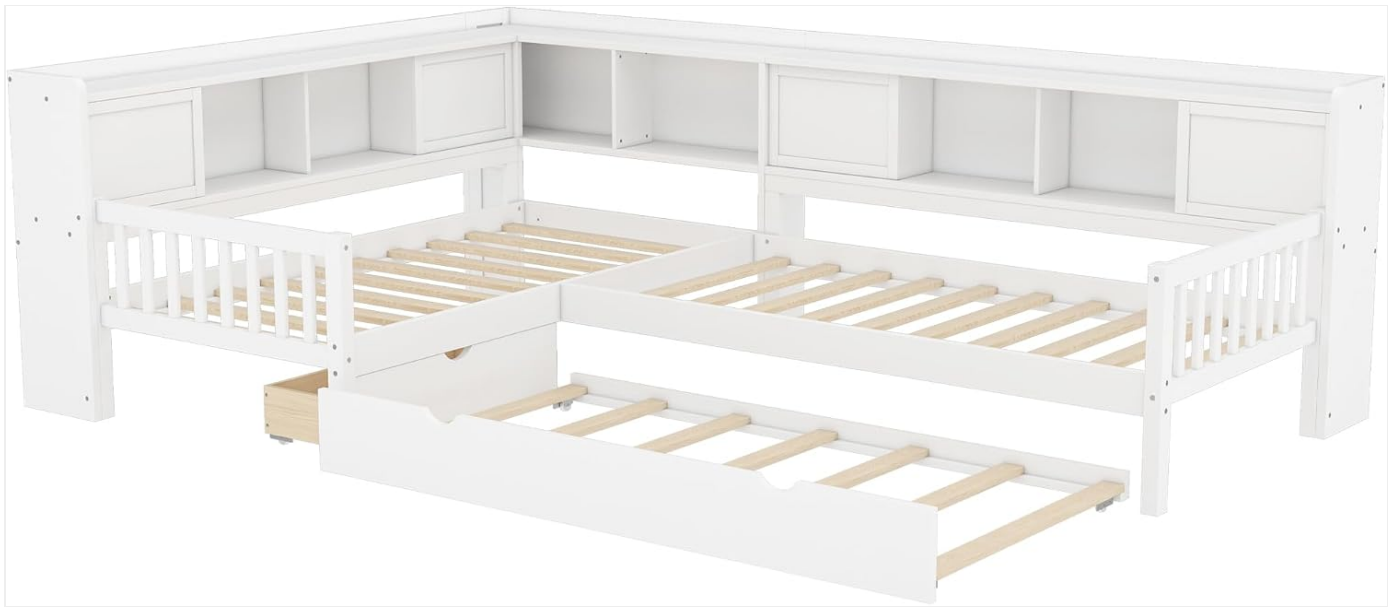

Image: A close-up of one of the daybed's storage drawers, showing its capacity for storing various items.

Mattress Information

- This daybed is designed for twin-size mattresses.
- No box spring is required; mattresses can be placed directly on the wooden slats.
- Recommended mattress thickness for both upper and trundle beds is 6-8 inches.

MAINTENANCE

Cleaning

- Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners, which can damage the finish.
- For spills, blot immediately with a clean, dry cloth.

Care and Inspection

- Periodically check all bolts and screws to ensure they remain tight. Retighten as necessary to maintain stability.
- Avoid dragging the daybed when moving it; always lift to prevent damage to the frame and flooring.
- Do not exceed the recommended weight capacities for the beds and shelves.

TROUBLESHOOTING

Common Issues and Solutions

- **Squeaking Noises:**
 - Check all bolts and screws. Tighten any loose connections.
 - Ensure slats are properly seated and not rubbing against the frame.
- **Trundle Not Sliding Smoothly:**
 - Inspect the wheels for any obstructions or damage.
 - Ensure the floor surface is clean and free of debris.
 - Check that the trundle frame is not warped or misaligned.
- **Drawers Sticking:**

- Verify that the drawer slides are clean and free of dust or debris.
- Ensure the drawers are correctly aligned within their tracks.
- Do not overload the drawers beyond their capacity.

• **Instability:**

- Re-check all assembly connections. Ensure every bolt and screw is fully tightened.
- Confirm the daybed is on a level surface.
