SETUP AND ASSEMBLY INSTRUCTIONS

Assembly is required for this daybed. Please follow the step-by-step instructions provided in the separate assembly manual included with your product. The following general steps outline the process:

1. **Unpack all components:** Carefully remove all parts from the packaging and lay them out on a clean, soft surface to prevent scratches.
2. **Identify all parts and hardware:** Compare the contents with the parts list in your assembly manual.
3. **Assemble the main frame:** Connect the side rails, backrest, and armrests using the provided hardware. Do not fully tighten bolts until all parts are aligned.
4. **Attach the legs:** Securely fasten the support legs to the base of the daybed.
5. **Install the wooden slats:** Place the wooden slats across the frame and secure them according to the instructions. These slats provide mattress support, eliminating the need for a box spring.
6. **Final tightening:** Once all components are in place and aligned, fully tighten all bolts and fasteners.

MAINTENANCE

Proper care will extend the life and appearance of your daybed.

- **Fabric Care:** For general cleaning, gently vacuum the corduroy fabric to remove dust and debris. For spills, blot immediately with a clean, dry cloth. For stubborn stains, use a mild fabric cleaner specifically designed for upholstery, testing on an inconspicuous area first. Avoid harsh chemicals.
- **Frame Care:** Periodically check and tighten all bolts and fasteners to ensure stability. Wipe wooden legs with a soft, damp cloth.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause fabric fading.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Daybed feels unstable or wobbly.	Loose bolts or uneven floor.	Ensure all assembly bolts are fully tightened. Check if the daybed is on a level surface; use furniture pads if necessary.
Parts do not align during assembly.	Incorrect part orientation or manufacturing variance.	Review the assembly manual to ensure parts are oriented correctly. Do not force parts. If alignment issues persist, contact customer support.
Missing hardware or damaged parts.	Packaging error or shipping damage.	Do not proceed with assembly. Contact VINGLI customer support immediately for replacement parts.
