Samsung EP-P2900TBEGUS

Samsung Galaxy Magnet Wireless Charger with 45W Power Adapter User Manual

MODEL: EP-P2900TBEGUS

1. Introduction and Overview

The Samsung Galaxy Magnet Wireless Charger with 45W Power Adapter provides a convenient and efficient way to charge your compatible devices. Featuring precision magnets for easy alignment and Qi2-certified super-fast charging capabilities, this charger is designed for optimal performance. It includes a 45W Power Adapter to ensure the quickest charging speeds for supported devices like the Galaxy S26 Ultra.

For best results, especially when using a case, ensure it is a compatible Qi 2.0 case. Products are sold separately unless specified in the 'What's in the Box' section.

2. What's in the Box

Please verify that all items are present in your package:

- Magnet Wireless Charger (Dark Gray)
- 45W Power Adapter

Image 1: Samsung Galaxy Magnet Wireless Charger pad with attached fabric cable and USB-C connector.

Image 2: The included 45W Power Adapter, black in color, with 'Super Fast Charging' text.

3. Setup

1. **Connect the Power Adapter:** Plug the 45W Power Adapter into a standard 110-volt wall outlet.
2. **Connect the Wireless Charger:** Insert the USB Type-C connector of the Magnet Wireless Charger's fabric cable into the 45W Power Adapter.
3. **Placement:** Place the wireless charging pad on a flat, stable surface. Ensure there are no metallic objects or foreign materials between the charging pad and your device.

Set it down. Charge it up.

Snap your device into place easily thanks to the precision magnets on the Galaxy Magnet Wireless Charger, our quickest yet.¹ This charger powers your device fast, bringing your Galaxy S26 Ultra up to 50% in less than an hour.²

¹Fastest speed available only with Galaxy S26 Ultra. If using a case, for best results, use compatible Qi 2.0 case. Products sold separately.

²Fastest speed requires 45W travel adapter and is available only with Galaxy S26 Ultra. If using a case, for best results, use compatible Qi 2.0 case. Products sold separately.

4. Operating Instructions

1. **Initiate Charging:** Place your compatible cellular phone (e.g., Samsung Galaxy series) onto the Magnet Wireless Charger. The built-in precision magnets will help align your device correctly for optimal charging.
2. **Super Fast Charging:** For devices like the Galaxy S26 Ultra, this charger can provide up to 50% charge in less than an hour when paired with the included 45W Power Adapter. Ensure your device supports these fast charging speeds.
3. **Charging Indicator:** Your device's screen or notification panel will indicate when wireless charging has begun.
4. **Non-Slip Surface:** The charger features a non-slip surface to keep your device stable during charging.

5. Features

- **Qi2-Certified:** Ensures efficient and reliable wireless charging.
- **Built-in Magnets:** Precision magnets facilitate perfect alignment for consistent charging.
- **Super Fast Charging:** Capable of charging compatible devices like the Galaxy S26 Ultra to 50% in under an hour with the 45W Power Adapter.
- **Non-Slip Surface:** Keeps your device securely in place while charging.
- **Durable Fabric Cable:** Designed to prevent tangles and enhance longevity.

6. Maintenance

- **Cleaning:** Disconnect the charger from the power source before cleaning. Use a soft, dry cloth to wipe the surface of the charging pad and power adapter. Avoid using harsh chemicals or abrasive materials.
- **Storage:** When not in use, store the charger in a cool, dry place away from direct sunlight and extreme temperatures.
- **Cable Care:** Avoid bending or twisting the fabric cable excessively to prevent damage.

7. Troubleshooting

- **Device Not Charging:**
 - Ensure the 45W Power Adapter is securely plugged into a working wall outlet.
 - Verify the USB Type-C cable is firmly connected to both the charger pad and the power adapter.
 - Reposition your device on the charging pad to ensure proper magnetic alignment.
 - Remove any foreign objects or metallic materials between your device and the charging pad.
 - If using a phone case, ensure it is Qi 2.0 compatible and not too thick to interfere with wireless charging.
- **Slow Charging:**

- Confirm that your device supports Super Fast Charging and that the 45W Power Adapter is being used.
 - Ensure your device is correctly aligned on the charging pad.
 - Close any unnecessary background applications on your device that might be consuming power.
 - Avoid using your device extensively while it is wirelessly charging, as this can slow down the process.
- **Overheating:**
 - It is normal for the charger and device to become slightly warm during charging. However, if it becomes excessively hot, discontinue use and contact customer support.
 - Ensure the charger is placed in a well-ventilated area.

8. Specifications

Specification	Detail
Brand	Samsung
Model Number	EP-P2900TBEGUS
Product Dimensions	2.19 x 1.39 x 0.17 inches
Item Weight	1.84 ounces
Color	Dark Gray
Special Features	Magnetic, Wireless Charging
Connector Type	USB Type C
Compatible Devices	Cellular Phones (Samsung Galaxy series)
Input Voltage	110 Volts
Output Current	3 Amps

9. Warranty and Support

This product is manufactured by Samsung. For specific warranty information, terms, and conditions, please refer to the official Samsung website or the warranty card included with your purchase. For technical support or service inquiries, please contact Samsung customer service directly.
