LEKATO 3386US

LEKATO 61-Key Electric Piano User Manual

Model: 3386US

1. Introduction

Thank you for choosing the LEKATO 61-Key Electric Piano. This instrument is designed for both beginners and experienced musicians, offering a wide range of features including lighted keys, multiple teaching modes, and versatile sound options. This manual provides essential information for setting up, operating, and maintaining your electric piano to ensure optimal performance and longevity.

2. Package Contents

Please check the package carefully to ensure all items are present:

- LEKATO 61-Key Electric Piano
- Power Adapter (DC 9V)
- Music Rest
- User Manual (this document)
- Screwdriver (for assembly of music rest, if applicable)

3. Product Overview

The LEKATO 61-Key Electric Piano features a user-friendly design with a clear LED display and intuitive controls. It includes 61 full-size, lighted keys, dual 3W stereo speakers, and various ports for external connectivity.

3.1 Key Features

- **61 Lighted Keys:** Full-size keys with an integrated lighting system to guide learning.
- **Dual Stereo Speakers:** Built-in 3W stereo speakers for rich, clear sound.
- **LED Display:** Provides visual feedback for settings and modes.
- **Music Rest:** Detachable rest for holding sheet music or a tablet.
- **Versatile Connectivity:** Includes headphone, sustain pedal, audio-in, and microphone ports.

3.2 Control Panel and Ports

Familiarize yourself with the control panel buttons and rear panel ports for full functionality.

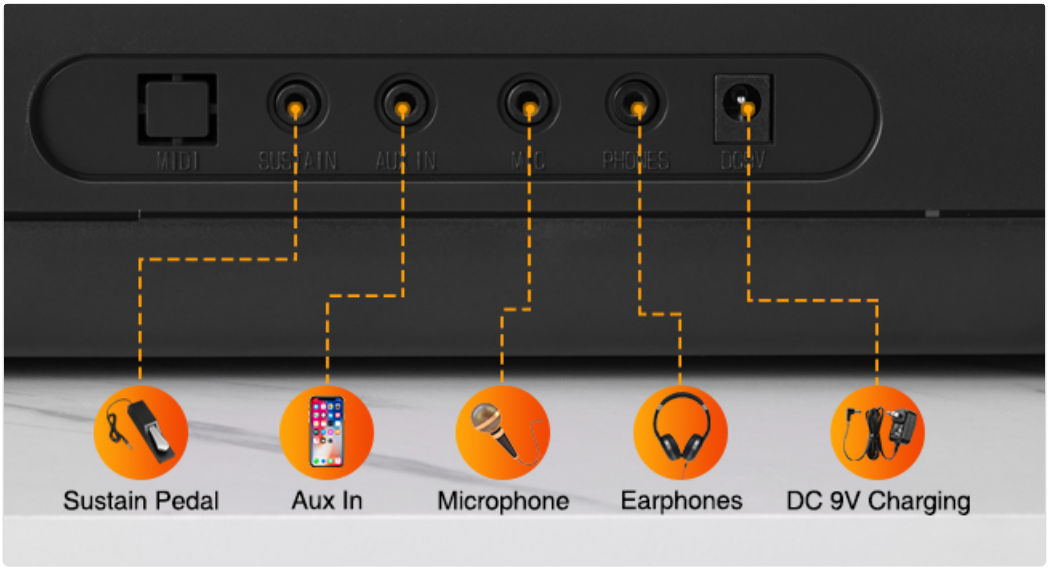

Image: Rear panel ports for connectivity.

- **MIDI Out:** Connect to external MIDI devices.
- **SUSTAIN:** Input for a sustain pedal (not included).
- **AUX IN:** Audio input for connecting external audio sources.
- **MIC:** Microphone input.
- **PHONES:** Headphone output (3.5mm jack).
- **DC 9V:** Power input for the included AC adapter.

4. Setup

4.1 Powering On

The LEKATO electric piano can be powered by either the included AC adapter or 6 AA batteries (not included).

1. **Using AC Adapter:** Connect the DC 9V power adapter to the 'DC 9V' port on the rear panel of the keyboard and plug the adapter into a standard wall outlet.
2. **Using Batteries:** Open the battery compartment on the underside of the keyboard and insert 6 AA batteries, ensuring correct polarity. Close the compartment securely.

Press the 'Power' button on the control panel to turn the instrument on or off.

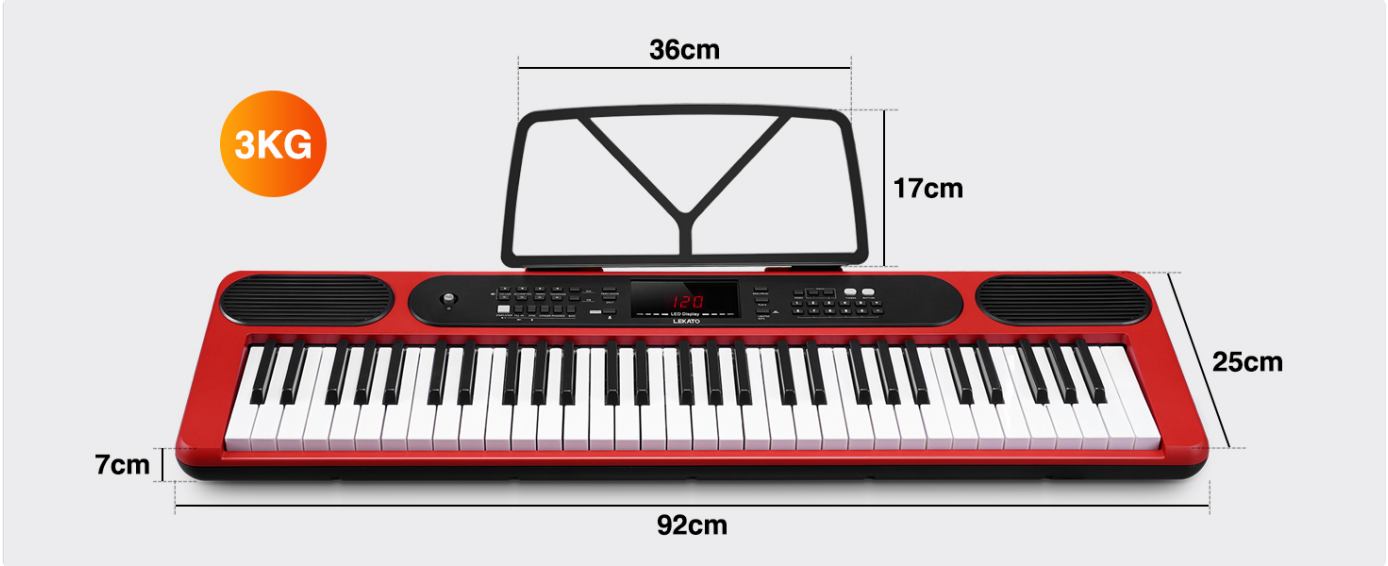

Image: Dual power options: AC adapter and AA batteries.

4.2 Connecting Accessories

- **Headphones:** For private practice, connect 3.5mm headphones to the 'PHONES' jack. The internal speakers will automatically mute.
- **Sustain Pedal:** Enhance your playing with a sustain effect by connecting a sustain pedal (not included) to the 'SUSTAIN' port.
- **Microphone:** Connect a microphone to the 'MIC' port for vocal accompaniment.
- **External Audio:** Use the 'AUX IN' port to connect an external audio player (e.g., smartphone, MP3 player) and play along with your favorite tracks.

5. Operating Instructions

This section details the various functions and modes of your LEKATO electric piano.

5.1 Basic Functions

- **Tones (Timbres):** Select from 300 different instrument sounds. Use the 'TIMBRE' button and number keys to choose.
- **Rhythms:** Choose from 300 accompaniment rhythms. Use the 'RHYTHM' button and number keys.
- **Demo Songs:** Play along with 50 built-in demo songs. Press the 'DEMO' button to cycle through them.
- **Volume Control:** Adjust the overall volume using the 'VOLUME' buttons.

5.2 Smart Teaching Modes

The keyboard offers two teaching modes to assist with learning:

1. **Single-Key Mode:** Focuses on rhythm practice. The lighted keys will guide you to play the correct notes in time.
2. **Follow Mode:** Provides intuitive light-up guidance, allowing you to follow the melody at your own pace.

To activate teaching modes, press the 'TEACH' button and select the desired mode (1 or 2) using the corresponding number keys.

5.3 Performance Features

Enhance your musical expression with these advanced functions:

- **Chords:** Engage single-finger or multi-finger chord modes for automatic accompaniment.
- **Tempo Control:** Adjust the speed of rhythms and demo songs.
- **Sustain (SUS):** Adds a lingering effect to notes.
- **Vibrato (VIB):** Adds a slight pitch modulation to notes.
- **Transpose:** Shift the pitch of the entire keyboard up or down.
- **Split Mode (SPLIT):** Divides the keyboard into two sections, allowing two different instrument sounds or for piano duets.
- **Metronome (METRO):** Provides a steady beat for practice.

5.4 Recording and Playback

The keyboard allows you to record your performances and play them back.

- **Record:** Press the 'REC/PROG' button to start recording your playing.
- **Playback:** Press the 'PLAY' button to listen to your recorded performance.

Video: This video demonstrates the LEKATO 61-key electric piano's features, including lighted keys, teaching modes (Single Keyboard and Follow), the Split Function for duets, powerful speakers, and versatile connectivity ports. It showcases the instrument's capabilities for learning and performance.

6. Maintenance

Proper care will extend the life of your electric piano.

- **Cleaning:** Use a soft, dry cloth to wipe the surface of the keyboard. Do not use liquid cleaners, waxes, or solvents.
- **Storage:** Store the keyboard in a cool, dry place away from direct sunlight, extreme temperatures, and high humidity.
- **Power:** Disconnect the power adapter when not in use for extended periods. Remove batteries if the instrument will not be used for a long time to prevent leakage.
- **Handling:** Avoid dropping the instrument or subjecting it to strong impacts.

7. Troubleshooting

If you encounter issues with your LEKATO electric piano, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
No sound	Volume too low; headphones connected; power issue.	Increase volume; disconnect headphones; check power connection/batteries.
Keys not lighting up	Lighted keys feature disabled; teaching mode not active.	Press the 'LIGHTED KEYS' button; activate a teaching mode.
Distorted sound	Volume too high; faulty connection.	Reduce volume; check all cable connections.
Keyboard not turning on	No power; dead batteries.	Ensure AC adapter is properly connected or replace batteries.

If the problem persists after trying these solutions, please contact LEKATO customer support.
