mingwear IW10

mingwear IW10 Military Smartwatch User Manual

Model: IW10 | Brand: mingwear

INTRODUCTION

Thank you for choosing the mingwear IW10 Military Smartwatch. This manual provides essential information for setting up, operating, and maintaining your device. Please read it thoroughly to ensure optimal performance and longevity of your smartwatch.

WHAT'S IN THE BOX

- Smart Watch x1
- Silicone Watch Strap x1
- Magnetic Charger x1
- User Manual x1

SETUP

1. Charging the Smartwatch

Before initial use, fully charge your smartwatch. Connect the magnetic charger to the charging points on the back of the watch and plug the USB end into a compatible power source. A full charge typically takes approximately 3 hours. The watch features a 1000mAh battery, providing up to 30 days of normal use or over 100 days of ultra-long standby time.

2. App Download and Pairing

Download the "FitCloudPro" app from your smartphone's app store (compatible with iOS 11.0+ and Android 5.0+). Enable Bluetooth on your phone, open the app, and follow the on-screen instructions to add and pair your IW10 smartwatch. Ensure your phone's Bluetooth is active for successful pairing.

OPERATING INSTRUCTIONS

1. Basic Navigation

The smartwatch features a 1.75-inch HD full touch screen for intuitive navigation. Swipe left, right, up, or down to access different menus and functions. The physical buttons on the side can also be used for navigation and quick

access to features like the flashlight or power on/off.

3. Making/Answering Calls & Notifications

After connecting via Bluetooth, you can directly answer or make calls using the smartwatch's built-in high-fidelity speaker and microphone. Store up to 10 contacts in the FitCloudPro app for quick dialing. Receive and view messages and notifications from various apps in real-time on your wrist.

200+ Watch Faces

Choose from 200+ watch faces or create your own to match your mood, outfit, or personal style anytime.

5. Health Monitoring

Equipped with high-precision sensors, the smartwatch automatically monitors your heart rate, stress levels, blood oxygen saturation, and sleep quality (deep sleep, light sleep, awake). View your health data and trends at any time through the FitCloudPro app. **Note:** This watch is for reference only and should not be used as a professional diagnostic device.

6. Sports Modes & Activity Tracking

The smartwatch offers over 110 sports modes, from running and cycling to strength training. It accurately tracks calories burned, distance covered, and steps taken to help you achieve your fitness goals. While the product description mentions GPS, the specifications indicate "No GPS". Please rely on your connected smartphone's GPS for accurate location tracking during outdoor activities.

MAINTENANCE

1. Waterproofing

The mingwear IW10 smartwatch is manufactured to military standards, offering strong resistance to scratches, drops, and compression. It has passed tests for temperature, waterproof, dust, salt spray, and liquid contamination, making it suitable for harsh environments. It is sufficiently rugged for daily use and exposure to water splashes or rain. However, it is not recommended for swimming or sauna use.

2. Cleaning

To clean your smartwatch, wipe the screen and straps with a soft, damp cloth. Avoid using harsh chemicals or abrasive materials that could damage the device.

TROUBLESHOOTING

If you encounter any issues with your smartwatch, please refer to the following common solutions:

- **Connectivity Issues:** Ensure Bluetooth is enabled on your phone and the smartwatch is within range. Restart both devices and try pairing again.
- **Battery Draining Quickly:** Reduce screen brightness, disable unnecessary notifications, or use power-saving mode. Ensure the watch is fully charged.
- **Inaccurate Health Data:** Ensure the watch is worn snugly on your wrist. Clean the sensors regularly.
- **Screen Unresponsive:** Restart the smartwatch by pressing and holding the power button.
