## 2. SAFETY INFORMATION

**Please read all safety warnings and instructions carefully before assembly and use.**

- **Assembly:** Two adults are recommended for assembly due to the product's size and weight. Ensure all parts are correctly installed as per the instructions.
- **Anti-Tip Kit:** This cabinet includes an anti-tip kit. It is crucial to install this kit to prevent accidental tipping, especially in households with children or pets. Secure the cabinet to a wall stud using the provided hardware.
- **Weight Limit:** Do not exceed the maximum weight limit of 135 pounds for the entire cabinet. Distribute weight evenly across shelves and compartments.
- **Electrical Safety:** The integrated charging station includes AC outlets and USB ports. Do not overload

the outlets. Ensure all connected devices are in good working condition and use appropriate power cords. Avoid exposing the charging station to moisture.

- **Placement:** Place the cabinet on a flat, stable surface. Avoid placing it in areas with high humidity or direct sunlight, which can affect the engineered wood material.
- **Children:** Keep small parts and assembly hardware away from children. Do not allow children to climb on or play with the cabinet.

### 4.1 LED Lighting System

The pantry cabinet features smart color-changing LED lighting. This lighting can be controlled via a dedicated app on your smartphone or directly using a physical switch.

- **App Control:** Download the specified app (refer to the LED light kit instructions for app name) to access a wide range of colors, adjust brightness, and synchronize lights with music.
- **Key Control:** Use the physical switch to cycle through basic colors and turn the lights on/off.
- **Features:** Enjoy over 6 million colors, adjustable brightness, and music synchronization for enhanced ambiance.

## Multi-Function RGB LED Cabinet

## 5. MAINTENANCE

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid using harsh chemicals, abrasive cleaners, or excessive moisture, as these can damage the engineered wood finish.
- **Spills:** Clean up spills immediately to prevent staining or damage to the material.
- **Dusting:** Regularly dust the cabinet with a dry, soft cloth to maintain its appearance.
- **Hinge Check:** Periodically check the door hinges and screws to ensure they are tight and functioning correctly. Adjust if necessary (refer to Troubleshooting section).
- **Electrical Components:** Ensure the charging station and LED lights are kept dry and free from dust. Do not attempt to repair electrical components yourself.

## 6. TROUBLESHOOTING

### 6.1 Cabinet Door Alignment

If your cabinet doors are not aligned properly, leaning, overlapping, or not flush with the cabinet, you can adjust them using the hinge screws. Refer to the video below for a visual guide on adjusting cabinet door hinges.

Your browser does not support the video tag.

Video 6.1: A guide demonstrating how to adjust cabinet door hinges to correct alignment issues such as gaps, leaning, or doors not being flush.

- **Horizontal Adjustment:** Use the screw indicated by 'J' on the hinge to move the door left or right, correcting gaps between doors or overlapping issues.
- **Vertical Adjustment:** If a door is lower than the top, gently push the door board up to the desired position and then tighten the appropriate screws (usually the ones securing the hinge to the cabinet frame) to secure it.
- **Depth Adjustment:** If the door is not flush with the cabinet, adjust the screw indicated by 'J' on the hinge to move the door in or out.
