ASSEMBLY INSTRUCTIONS

Assembly is required for this product. Clear instructions and all necessary hardware are included in the package. It is recommended to have two people for assembly to ensure stability and ease of construction.

1. **Unpack and Identify Parts:** Carefully unpack all components and lay them out on a clean, soft surface to prevent scratches. Identify each part using the provided parts list in the separate assembly guide. Note that part identifiers may be small and located on the edges of pieces.
2. **Follow Step-by-Step Guide:** Refer to the detailed, illustrated assembly guide provided with your cabinet. Each step outlines the specific hardware and components required.
3. **Secure Connections:** Ensure all screws, cam locks, and other fasteners are tightened securely. Do not overtighten to avoid damaging the engineered wood.
4. **Install Anti-Tip Kit:** Before placing the cabinet in its final position, securely attach the anti-tip kit to the cabinet and the wall according to the instructions. This is a critical safety step.
5. **Door and Drawer Adjustment:** Once assembled, adjust doors and drawers to ensure they open and close smoothly and are properly aligned.

MAINTENANCE

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that could damage the finish.
- **Spills:** Clean up spills immediately to prevent staining or damage to the engineered wood.
- **Hardware:** Periodically check all screws and fasteners to ensure they remain tight. Retighten as necessary.
- **LED Lights:** If LED lights malfunction, refer to the specific LED light manual or contact customer support.

TROUBLESHOOTING

If you encounter any issues with your Unikito pantry cabinet, please review the assembly instructions and the following general advice:

- **Wobbly Cabinet:** Ensure all fasteners are securely tightened. Verify that the cabinet is placed on a level surface. Adjust leveling feet if present.
- **Drawers Not Sliding Smoothly:** Check that drawer slides are correctly installed and aligned. Ensure no obstructions are present in the drawer tracks.
- **Doors Not Closing Properly:** Adjust door hinges as per the assembly guide to ensure proper alignment and closure.
- **LED Lights Not Working:** Check power connection to the outlet. Ensure the LED light strip is properly connected. Refer to the LED light's specific troubleshooting guide.
- **Power Outlets Not Functioning:** Verify the main power cord is plugged into a working wall outlet. Check for tripped circuit breakers.

For persistent issues or if you received a damaged part, please contact Unikito customer service for assistance.
