DOOGEE Anywise W1 PRO

DOOGEE Anywise W1 PRO Smartwatch User Manual

Model: Anywise W1 PRO

INTRODUCTION

The DOOGEE Anywise W1 PRO is an advanced smartwatch designed for active lifestyles, featuring a high-resolution AMOLED display, dual-band GPS, comprehensive health monitoring, and smart AI capabilities. This manual provides essential information for setting up, operating, maintaining, and troubleshooting your device.

SETUP

1. Unboxing and Initial Charge

Carefully remove all components from the packaging. Before first use, fully charge your smartwatch using the provided magnetic charging dock. A full charge typically takes approximately 2-3 hours.

2. App Installation and Pairing

1. Scan the QR code in the Quick Start Guide or search for the 'Da Fit' app in your smartphone's app store (available for iOS 13+ and Android 5.0+).
2. Install and open the 'Da Fit' app on your smartphone.

3. Ensure Bluetooth is enabled on your smartphone.
4. Follow the in-app instructions to search for and pair with your DOOGEE Anywise W1 PRO smartwatch.

OPERATING INSTRUCTIONS

1. Display and Navigation

The smartwatch features a 1.43-inch AMOLED display with a 466x466 resolution, offering clear visuals even in bright sunlight. Navigate through menus by swiping on the touchscreen or using the four physical buttons on the side of the watch.

2. GPS and Offline Maps

The integrated dual-band GPS system (L1+L5) provides stable and accurate positioning, even in urban areas. The smartwatch supports offline maps, allowing you to record your movement tracks without a smartphone or internet connection, ideal for outdoor activities.

3. Health Monitoring

The W1 PRO continuously monitors your heart rate and blood oxygen saturation (SpO2) using high-precision sensors (VP60A4+VC9213). It also tracks stress levels, sleep quality, and provides a PAI health score. Female physiological cycle prediction is also available.

4. Sports Modes

Choose from over 170 sports modes to track your workouts. The watch records exercise duration, pace, heart rate, and other relevant metrics in real-time. Examples include walking, running, cycling, rowing, elliptical training, and stretching.

5. Bluetooth Calls and Notifications

With Bluetooth 5.3, you can answer or make calls directly from your watch. Receive real-time notifications from apps like LINE, WeChat, and email.

6. AI Features

The W1 PRO integrates ChatGPT for AI Q&A, AI-generated watch faces, and AI translation supporting over 30 languages (including Japanese and English). This allows for quick information retrieval and communication even without a PC or smartphone.

7. Local Music Playback and Recording

The smartwatch includes 2GB of storage, allowing for offline map data, local music playback (over 100MB), and up to 2 hours of voice recording. This is convenient for travel and outdoor use without network access.

8. Additional Functions

- **60LM Flashlight:** A built-in flashlight for convenience in low-light conditions.
- **Altimeter:** Provides altitude readings.
- **SOS Emergency Function:** For critical situations.
- **Customizable Watch Faces:** Over 200 cloud watch faces available to personalize your device.

MAINTENANCE

1. Water and Dust Resistance

The DOOGEE Anywise W1 PRO is 5ATM water-resistant and IP68 dust-resistant, meaning it can withstand submersion up to 50 meters and is protected against dust ingress. It is suitable for swimming and showering, but not for diving or high-pressure water activities.

2. Durability

Constructed with a stainless steel body and protected by Panda Glass with an AF anti-fingerprint and water-repellent coating, the watch is designed for military-grade toughness. It has undergone rigorous testing for extreme temperatures, temperature shock, salt spray, drops, button strength, strap strength, and ESD safety.

3. Cleaning

To maintain optimal performance and appearance, regularly clean your smartwatch. Wipe the screen and body with a soft, damp cloth. Avoid using harsh chemicals or abrasive materials.

TROUBLESHOOTING

- **Device not turning on:** Ensure the device is fully charged. Connect it to the magnetic charging dock and wait a few minutes before attempting to power it on.
- **Cannot pair with smartphone:** Ensure Bluetooth is enabled on both devices. Make sure the 'Da Fit' app is installed and running. Try restarting both the smartwatch and your smartphone.
- **Inaccurate GPS readings:** GPS accuracy can be affected by environmental factors such as tall buildings or dense forests. Ensure you are in an open area for best results.
- **Short battery life:** Actual battery life varies depending on usage environment and settings. Features like continuous

GPS tracking, frequent notifications, and high screen brightness consume more power. Adjust settings to optimize battery performance.

- **Notifications not appearing:** Check the notification settings within the 'Da Fit' app and your smartphone's system settings to ensure permissions are granted for the app to display notifications.

SPECIFICATIONS

Model Name	DOOGEE Anywise W1 PRO
Display	1.43-inch AMOLED, 466x466 resolution
Battery Capacity	550mAh Lithium Polymer
Battery Life (Max)	Up to 18 days (normal use), 50 days (AOD off), 10 days (heavy use), 40 hours (GPS nav)
Charging Time	Approx. 2-3 hours (magnetic charging)
Connectivity	Bluetooth 5.3, Dual-band GPS (L1+L5)
Water Resistance	5ATM, IP68
Internal Storage	2GB
Sensors	High-precision heart rate and blood oxygen (VP60A4+VC9213)
Compatibility	iOS 13 and above, Android 5.0 and above
Dimensions	10.6 x 10.3 x 9.2 cm
Weight	70 g
