3.2 App Installation and Pairing

1. Scan the QR code provided in the Quick Start Guide or search for the "Doozee Fit" app on your smartphone's app store (compatible with iOS 13+ and Android 5.0+).
2. Install and open the "Doozee Fit" app.
3. Follow the on-screen instructions in the app to pair your smartwatch via Bluetooth. Ensure Bluetooth is enabled on your smartphone.
4. Grant necessary permissions to the app for full functionality, such as notifications and health data synchronization.

4. OPERATING INSTRUCTIONS

4.1 Display and Navigation

The smartwatch features a 1.43-inch AMOLED display with 466x466 resolution, offering clear visibility even in bright sunlight. Navigate the interface by swiping across the screen and using the physical buttons.

- **Swipe Up/Down:** Scroll through menus and notifications.
- **Swipe Left/Right:** Access quick widgets and feature shortcuts.
- **Press Top Button:** Power on/off, return to home screen.
- **Press Other Buttons:** Access specific functions like sports modes or flashlight.

4.2 GPS and Offline Maps

The Anywise W1 PRO includes a high-precision dual-band GPS system (L1+L5) compatible with 6 global satellite systems. This allows for accurate tracking of your exercise routes without needing your smartphone. The watch also supports offline maps, ensuring you can navigate even without an internet connection.

4.3 Health Monitoring

Your smartwatch provides continuous 24-hour health monitoring with high-precision VP60A4+VC9213 sensors. Key health features include:

- **Heart Rate Monitoring:** Continuous tracking of your heart rate.
- **Blood Oxygen Saturation (SpO2):** Measurement of blood oxygen levels.
- **Stress Level Tracking:** Monitors and provides insights into your stress levels.
- **Sleep Quality Analysis:** Detailed tracking of sleep stages and quality.
- **Breathing Training:** Guided breathing exercises.
- **PAI Health Score:** A personalized health activity intelligence score.
- **Female Physiological Cycle Prediction:** Tracks and predicts menstrual cycles.

4.4 Bluetooth Calls and Notifications

With Bluetooth 5.3 connectivity, you can answer and make calls directly from your watch. Receive real-time notifications from various apps like LINE, WeChat, and email, ensuring you stay connected without needing to check your phone constantly.

4.5 AI Functions (ChatGPT Integration)

The Anywise W1 PRO integrates ChatGPT AI, allowing you to ask questions and receive AI-generated responses directly on your watch or through the Da Fit app. This feature can assist with various queries, from cooking recipes to diet plans and learning projects. It also supports AI-generated watch faces and AI translation.

4.9 Additional Features

- **60LM Flashlight:** A built-in one-key flashlight for convenience in low-light conditions.
- **Altimeter:** Measures altitude, useful for outdoor activities.
- **SOS Emergency Function:** Provides a quick way to call for help in emergencies.

4.10 Durability

The Anywise W1 PRO is built with a triple-proof shock-resistant structure and military-grade quality control, ensuring reliability in harsh environments. It features 5ATM water resistance and IP68 dust and water protection, allowing it to withstand submersion up to 50 meters.

5. BATTERY AND CHARGING

The Anywise W1 PRO is equipped with a 550mAh lithium polymer battery, offering extended usage times. Battery life varies depending on usage patterns and settings.

- **Typical Usage:** Up to 18 days
- **Heavy Usage:** Up to 10 days
- **GPS Navigation:** Up to 40 hours

- **AOD (Always-On Display) On:** Up to 50 days (maximum)

To charge, place the watch on the magnetic charging dock. A full charge takes approximately 2-3 hours. Ensure the charging contacts on the watch and dock are clean and dry.

6. MAINTENANCE

6.1 Cleaning

Regularly clean your smartwatch and straps with a soft, damp cloth. Avoid using harsh chemicals or abrasive materials. Ensure the watch is dry before charging.

6.2 Storage

When not in use for extended periods, store the smartwatch in a cool, dry place. It is recommended to charge the device periodically to maintain battery health.

7. TROUBLESHOOTING

If you encounter issues with your DOOGEE Anywise W1 PRO Smartwatch, try the following steps:

- **Watch not turning on:** Ensure the watch is fully charged.
- **Cannot pair with phone:**
 - Ensure Bluetooth is enabled on your phone.
 - Make sure the watch is within range of your phone.
 - Restart both the watch and your phone.
 - Try unpairing and re-pairing the device through the "Doogee Fit" app.
- **Inaccurate health data:** Ensure the watch is worn snugly on your wrist, not too tight or too loose. Clean the sensors regularly.
- **Notifications not received:** Check app permissions on your phone and ensure notifications are enabled in the "Doogee Fit" app settings.
- **GPS not tracking:** Ensure you are in an open area with a clear view of the sky. Allow the watch to acquire a GPS signal before starting an activity.
- **Factory Reset:** If issues persist, you may perform a factory reset through the watch settings. Note that this will erase all data on the watch.

For further assistance, please refer to the support information provided in the Warranty and Support section.
