Conair HC379GL

Conair Men Lithium-Ion Rechargeable Clipper & Hair Trimmer (Model: HC379GL)

Instruction Manual

INTRODUCTION

The Conair Men Lithium-Ion Rechargeable Clipper & Hair Trimmer is designed for professional-quality grooming at home. This 17-piece kit features color-coded guide combs, a 5-position taper control, and self-sharpening Japanese stainless steel blades for precise and consistent results. The long-lasting lithium-ion battery includes a quick-charge function for convenience.

SAFETY INFORMATION

Please read and understand all safety instructions before using this appliance. Failure to follow these instructions may result in electric shock, fire, or serious injury.

- Do not use near water.
- Do not immerse the appliance in water.
- Keep away from heat sources.
- Do not use while charging.
- Keep out of reach of children.

SETUP

Initial Charge

Before first use, fully charge your clipper. Connect the USB-C charging cord to the clipper and a compatible USB power adapter (not included). The indicator light will show charging status. A 5-minute quick charge provides approximately 5 minutes of use.

Stay in control

Barber comb guides hair evenly and supports cleaner, **more controlled cuts with every pass.**

OPERATING INSTRUCTIONS

Attaching Guide Combs

Select the desired color-coded guide comb for your preferred hair length. The kit includes 10 combs for various lengths. To attach, align the comb with the clipper blade and push firmly until it clicks into place. To remove, gently pull the comb away from the blade.

Image: A Conair Men Clipper with a green guide comb attached, ready for use.

Using the Taper Control

The 5-position taper control allows for fine-tuning of cutting lengths, offering up to 55 different settings. Adjust the lever on the side of the clipper to achieve tapered edges and fades. Move the lever up for a shorter cut and down for a longer cut.

Trimming and Cutting

Ensure hair is clean and dry before cutting. For best results, comb hair in the direction of growth. Hold the clipper with the blade flat against the skin and move it slowly against the direction of hair growth. Use the barber comb to lift hair for an even cut.

MAINTENANCE

Cleaning the Blades and Combs

After each use, remove the guide comb and brush away any loose hair from the blades using the provided cleaning brush. The guide combs can be rinsed under running water. Ensure all parts are dry before reassembling or storing.

Oiling the Blades

To maintain optimal performance and blade longevity, apply 2-3 drops of the provided lubricating oil to the blades after every few uses or as needed. Turn the clipper on for approximately 10 seconds to distribute the oil, then wipe off any excess with a soft cloth.

Keep it clean

Cleaning brush clears hair and buildup while the oil reduces friction for **smooth, precise cutting every time.**

Storage

Store the clipper and all accessories in the deluxe storage case provided. Ensure the clipper is fully charged before storing for extended periods to preserve battery health.

TROUBLESHOOTING

If you experience any issues with your Conair Men Clipper, please refer to the following common solutions:

- **Clipper not turning on:** Ensure the clipper is fully charged.
- **Poor cutting performance:** Clean the blades thoroughly and apply lubricating oil. Ensure the correct guide comb is securely attached.
- **Excessive noise or vibration:** Clean and oil the blades. If the issue persists, contact customer support.

SPECIFICATIONS

Brand	Conair
Model Number	HC379GL
Product Dimensions	1.6 x 2.1 x 6.4 inches
Weight	1.17 Pounds
Battery Type	Lithium-Ion
Runtime (Quick Charge)	5 minutes for 5 minutes of use
Blades	Self-sharpening Japanese stainless steel
Taper Control	5-position (55 settings)
