SETUP

1. SIM Card and MicroSD Card Installation

1. Locate the SIM card tray on the side of the phone.
2. Insert the provided SIM needle into the small hole next to the tray to eject it.
3. Carefully pull out the SIM card tray.
4. Place your Nano SIM cards and/or MicroSD card into the designated slots on the tray. Ensure the cards are correctly oriented as indicated on the tray.
5. Gently push the tray back into the phone until it is flush with the device's side.

Octa-Core Processor

Unisoc T7250

Up to 16GB RAM,

All-new Android 15
Protected. Powerful. Seamless

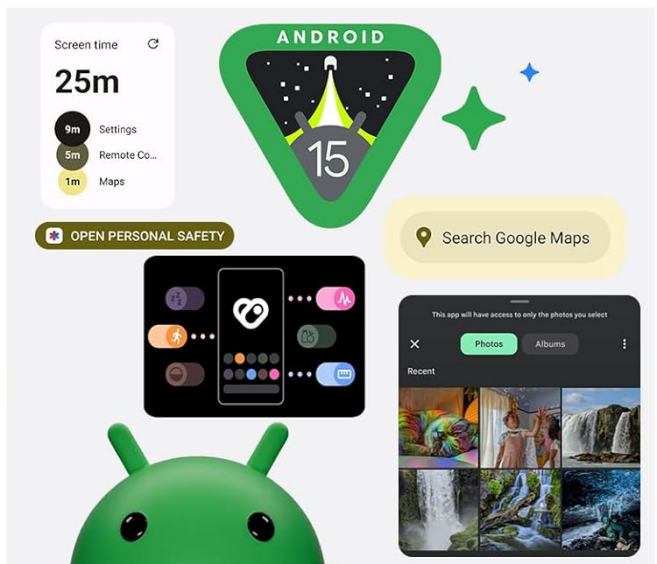

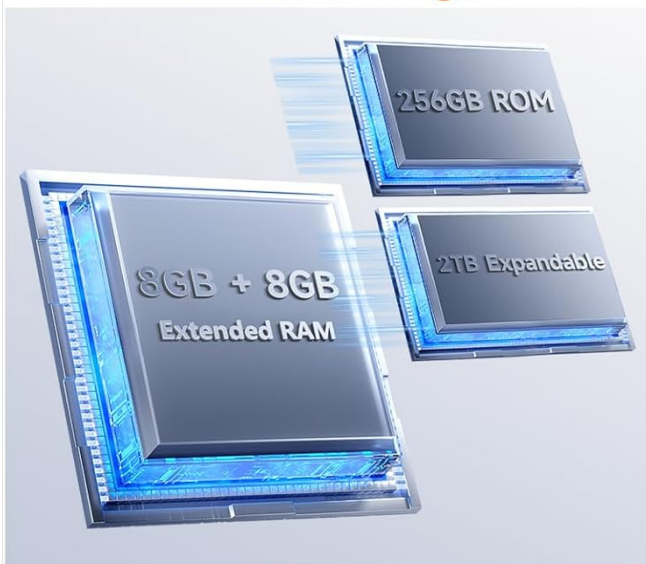

Image: A close-up view of the Ulefone RugKing 4 Pro's SIM tray being ejected and cards being placed into the tray.

2. Initial Power On and Charging

- Press and hold the Power button (usually on the right side) until the Ulefone logo appears.
- If the battery is low, connect the phone to the power charger using the provided Type-C cable.
- The phone supports dock charging. Simply place the phone on a compatible charging dock (sold separately) to charge and use it as a convenient viewing stand.

Prise en charge de la station d'accueil

Allez au-delà du cordon avec le RugKing 4 Pro. Une station de charge personnalisée est conçue pour garder votre téléphone sous tension et prêt à l'emploi. Placez simplement votre téléphone sur le support pour le charger, le transformant en une station d'accueil pratique pour une visualisation aisée.

Support chargeur 2-en-1

Sortie maximale de 10W

Camera Features

- **48MP Main Camera:** Capture detailed photos with the powerful 48MP main camera and its f/1.8 aperture.
- **2MP Macro Camera:** Explore miniature worlds and capture intricate details with the dedicated macro lens.
- **8MP Front Camera:** Take clear selfies and make video calls with the 8MP front camera.

Caméra principale 48MP

Votre histoire, votre photo

Avec sa puissante caméra principale de 48 MP et une ouverture f/1,8, le RugKing 4 Pro vous permet de capturer la beauté de l'extérieur avec une clarté et des détails incroyables.

Security and Customization

- **Face Unlock and Fingerprint ID:** Secure your device with convenient biometric authentication.
- **Custom Key:** Program the custom key for single click, double click, or long press actions to quickly access your favorite apps or functions.

MAINTENANCE AND DURABILITY

Extreme Durability

The Ulefone RugKing 4 Pro is built to withstand harsh environments, certified with IP68 and IP69K ratings for water and dust resistance, and MIL-STD-810H for drop resistance. The display is protected by Corning Gorilla Glass 3.

- **Water Resistance:** Submersible up to 2 meters for 30 minutes.
- **Drop Resistance:** Withstands drops from up to 2 meters.
- **Dust Resistance:** Fully protected against dust ingress.

Image: The Ulefone RugKing 4 Pro demonstrating its extreme durability, including water immersion, drop resistance, and dust protection, alongside a close-up of its Corning Gorilla Glass 3 screen.

Battery Management

The device is equipped with a 10200mAh lithium-polymer battery, providing extended usage times:

- Standby Time: Up to 690 hours
- Talk Time: Up to 52 hours
- Video Playback: Up to 16 hours

To maximize battery life, avoid extreme temperatures and use only the provided charger or a compatible charging dock.

Batterie Puissante de 10 200mAh

Ne tombez jamais en panne d'énergie lors de votre prochaine aventure en plein air. Le RugKing 4 Pro est votre solution d'alimentation robuste, doté d'une immense batterie de 10 200mAh conçue pour fournir une charge durable pour chaque défi que vous affrontez.

TROUBLESHOOTING

If you encounter any issues with your Ulefone RugKing 4 Pro, please refer to the following common solutions:

- **Device not powering on:** Ensure the battery is charged. Connect to the charger for at least 30 minutes before attempting to power on again.
- **Screen unresponsive:** Perform a forced restart by holding the Power button for 10-15 seconds.
- **Network connectivity issues:** Check if your SIM card is correctly inserted. Verify mobile data settings and ensure you have network coverage. Try restarting the device.
- **Apps crashing:** Clear the cache of the problematic app or reinstall it. Ensure your device software is up to date.
- **Water-Lock Mode issues:** Ensure the mode is properly activated/deactivated. If the screen remains unresponsive after exposure to water, dry the device thoroughly and restart.

For more detailed troubleshooting or persistent issues, please contact Ulefone customer support or refer to the official Ulefone website.

WARRANTY AND SUPPORT

Your Ulefone RugKing 4 Pro comes with a manufacturer's warranty. Please refer to the included Warranty Card for specific terms and conditions, including the warranty duration (typically 3 years for manufacturer warranty). Keep your proof of purchase for warranty claims.

For technical support, service inquiries, or to find authorized service centers, please visit the official Ulefone website or contact their customer service directly. The multi-language user manual included in the package provides additional detailed instructions.

Software updates are provided by Ulefone to enhance performance and security. Ensure your device is connected to Wi-Fi to download and install available updates.
