LDGSUPH B0FXWZGSRW

LDGSUPH Smart Ashtray with Air Purifier Function User Manual

Model: B0FXWZGSRW

1. Product Overview

The LDGSUPH Smart Ashtray is designed to provide a cleaner environment by combining the functionality of an ashtray with an integrated air purification system. This device actively works to reduce secondhand smoke and tobacco odors, contributing to a more pleasant atmosphere in indoor spaces.

Key features include:

- **Dual Functionality:** Serves as both an ashtray and an air purifier.
- **Smoke and Odor Reduction:** Helps minimize smoke particles and associated smells.
- **Aromatherapy Compatibility:** Allows for the addition of scented tablets to introduce pleasant fragrances.
- **Portable Design:** Battery-operated for flexible placement without power cord limitations.
- **Easy Maintenance:** Features disassemblable components for straightforward cleaning.

2. Safety Information

Please read all safety instructions carefully before using the device to prevent injury or damage.

- Do not immerse the device in water or any other liquid.
- Ensure air vents are not blocked during operation to maintain proper airflow and prevent overheating.
- Use only the specified type and size of batteries. Ensure correct polarity when installing.
- Keep the device out of reach of children and pets.
- Do not use the device near flammable gases, liquids, or materials.
- Avoid dropping or subjecting the device to strong impacts.
- Do not attempt to disassemble or repair the device yourself, except for routine cleaning as instructed.

3. Package Contents

Verify that all items are present in the package:

- Smart Ashtray with Air Purifier Unit

- User Manual
- (Batteries may or may not be included, check packaging)

4. Product Diagram

Figure 1: Dimensions of the Smart Ashtray (approx. 13.5cm / 5.3 inches diameter, 6.9cm / 2.7 inches height) and available color options (green, white, grey).

Figure 2: Illustration of the Smart Ashtray's air purification function in operation, showing smoke being drawn into the unit.

Familiarize yourself with the components:

- **Ashtray Tray:** Top section for ash and cigarette butts.
- **Power Button:** Located on the front for turning the device on/off and activating purification.
- **Air Inlet/Outlet:** Vents for air circulation and purification.
- **Battery Compartment:** Located at the bottom of the unit.
- **Aromatherapy Slot:** Area for inserting scented tablets (location may vary).

5. Setup

1. **Unpack the Device:** Carefully remove the Smart Ashtray from its packaging. Retain packaging for future storage or transport.
2. **Install Batteries:**
    - Locate the battery compartment on the bottom of the unit.

- Open the compartment cover.
- Insert the required batteries (e.g., AA or AAA, check device markings) ensuring correct polarity (+/-).
- Close the battery compartment cover securely.

3. **Optional: Insert Aromatherapy Tablet:** If desired, open the designated aromatherapy slot (refer to product diagram for location) and insert a scented tablet. Close the slot securely.
4. **Placement:** Place the Smart Ashtray on a stable, flat surface away from direct heat sources, water, and flammable materials. Ensure there is adequate space around the device for proper air circulation.

6. Operating Instructions

1. **Power On/Off:** Press the power button located on the front of the device. The indicator light will illuminate, indicating the air purification function is active. Press the button again to turn off the device.
2. **Using the Ashtray:** Use the top tray section for ash and cigarette butts as you would with a standard ashtray. The air purification system will automatically draw in smoke and odors when active.
3. **Air Purification:** The air purification function activates automatically when the device is powered on. It continuously filters the air to reduce smoke particles and odors.
4. **Aromatherapy Function:** If an aromatherapy tablet has been inserted, the device will release fragrance while the air purification system is operating.

7. Maintenance

Regular cleaning and maintenance will ensure optimal performance and longevity of your Smart Ashtray.

1. **Disassembly for Cleaning:**
   - Ensure the device is powered off before disassembly.
   - Gently twist or lift the top ashtray section to separate it from the main unit.
   - Carefully remove any internal filter components if accessible (refer to specific product design).
2. **Cleaning the Ashtray Tray:**
   - Empty all ash and cigarette butts.
   - Wash the removable ashtray tray with mild soap and water. Rinse thoroughly and dry completely before reassembling.
3. **Cleaning the Main Unit:**
   - Wipe the exterior of the main unit with a soft, damp cloth. Do not use abrasive cleaners or immerse the unit in water.
   - Use a soft brush or vacuum cleaner to gently clean the air inlet and outlet vents to remove dust or debris.
4. **Filter Maintenance (if applicable):** If your model includes a replaceable filter, refer to the packaging or product information for replacement intervals and instructions. Filters are crucial for effective air purification.
5. **Battery Replacement:** Replace batteries when the device's performance diminishes or the indicator light does not illuminate. Follow the battery installation steps in the Setup section.
6. **Reassembly:** Once all parts are clean and dry, carefully reassemble the device, ensuring all components are securely in place.

8. Troubleshooting

Problem	Possible Cause	Solution
Device does not turn on.	• Batteries are dead or incorrectly installed. • Power button malfunction.	• Replace batteries with new ones, ensuring correct polarity. • Ensure the power button is pressed firmly. If still unresponsive, contact support.
Air purification is weak or ineffective.	• Air vents are blocked. • Filter is dirty or needs replacement (if applicable). • Low battery power.	• Clear any obstructions from air inlets/outlets. • Clean or replace the air filter as per maintenance instructions. • Replace batteries.
Aromatherapy scent is not noticeable.	• Aromatherapy tablet is old or depleted. • Tablet not inserted correctly.	• Replace with a new aromatherapy tablet. • Ensure the tablet is properly seated in its slot.
Device makes unusual noise.	• Obstruction in the fan. • Loose component.	• Power off the device and check for any visible obstructions in the air vents or fan area. • If the noise persists or is severe, discontinue use and contact customer support.
