DUMOS PF

DUMOS 4 Panel Partition Room Divider Instruction Manual

Model: PF

1. INTRODUCTION

This manual provides instructions for the safe and effective use of your DUMOS 4 Panel Partition Room Divider. This freestanding privacy screen is designed to create temporary partitions in various indoor settings, offering flexibility and space definition without permanent installation.

2. SAFETY INFORMATION

- Ensure the room divider is placed on a flat, stable surface to prevent tipping.
- Do not climb on or hang objects from the divider, as this may cause instability.
- Keep children and pets away from the divider during setup and relocation to avoid accidents.
- Avoid placing the divider near open flames, heaters, or other heat sources.
- Do not expose the fabric panels to sharp objects that could cause tears.

3. PACKAGE CONTENTS

Verify that all components are present before proceeding with setup:

- 4 x Fabric Panels (pre-assembled with steel frame sections)
- Connecting Hinges (pre-installed)

If any parts are missing or damaged, please contact DUMOS customer service.

4. SETUP INSTRUCTIONS

The DUMOS 4 Panel Partition Room Divider is designed for tool-free setup. Simply unfold the panels to your desired configuration.

1. **Unpack:** Carefully remove the folded room divider from its packaging.
2. **Position:** Place the folded divider in the desired location where you intend to use it.

3. **Unfold:** Gently extend the panels one by one, adjusting the angles to create a stable, freestanding partition. Ensure the feet of each panel section are fully extended and flat on the floor.

Key Components

- **Anti-collision Sleeve:** Durable sleeves protect the frame connections.
- **Reinforced Plastic Connector:** Ensures secure and flexible panel connections.
- **Tightly Woven Polyester Panel:** Provides privacy and durability.

Details

5. OPERATING INSTRUCTIONS

The DUMOS room divider is designed for ease of use and portability.

Positioning the Divider

Once unfolded, adjust the angle of each panel to achieve the desired privacy or space separation. The flexible hinges allow for various configurations, such as a straight line, L-shape, or zigzag pattern, to best suit your needs.

Folding for Storage

When not in use, the divider can be easily folded for compact storage. Simply collapse the panels inward until they are stacked together. This design allows for convenient storage behind a door or in a closet.

Foldable Design

Can be easily folded up when not in use to save space

6. MAINTENANCE

To ensure the longevity and appearance of your DUMOS room divider, follow these maintenance guidelines:

- **Cleaning:** The fabric panels are easy to clean. Wipe them with a damp cloth and mild soap if necessary. Avoid harsh chemicals or abrasive cleaners.
- **Frame Care:** The steel frame can be wiped clean with a dry or slightly damp cloth.
- **Storage:** When not in use, fold the divider and store it in a dry place away from direct sunlight to prevent fading or material degradation.

Breathable Screen

7. TROUBLESHOOTING

If you encounter any issues with your room divider, refer to the following common solutions:

- **Divider is unstable:** Ensure all panels are fully extended and positioned on a flat, level surface. Adjust the angles of the panels to create a wider base for increased stability.
- **Difficulty folding/unfolding:** Check for any obstructions in the hinges. Ensure panels are aligned correctly before folding. Do not force the panels.
- **Fabric panel is loose:** Inspect the connections between the fabric and the frame. If a panel becomes detached, re-secure it carefully.

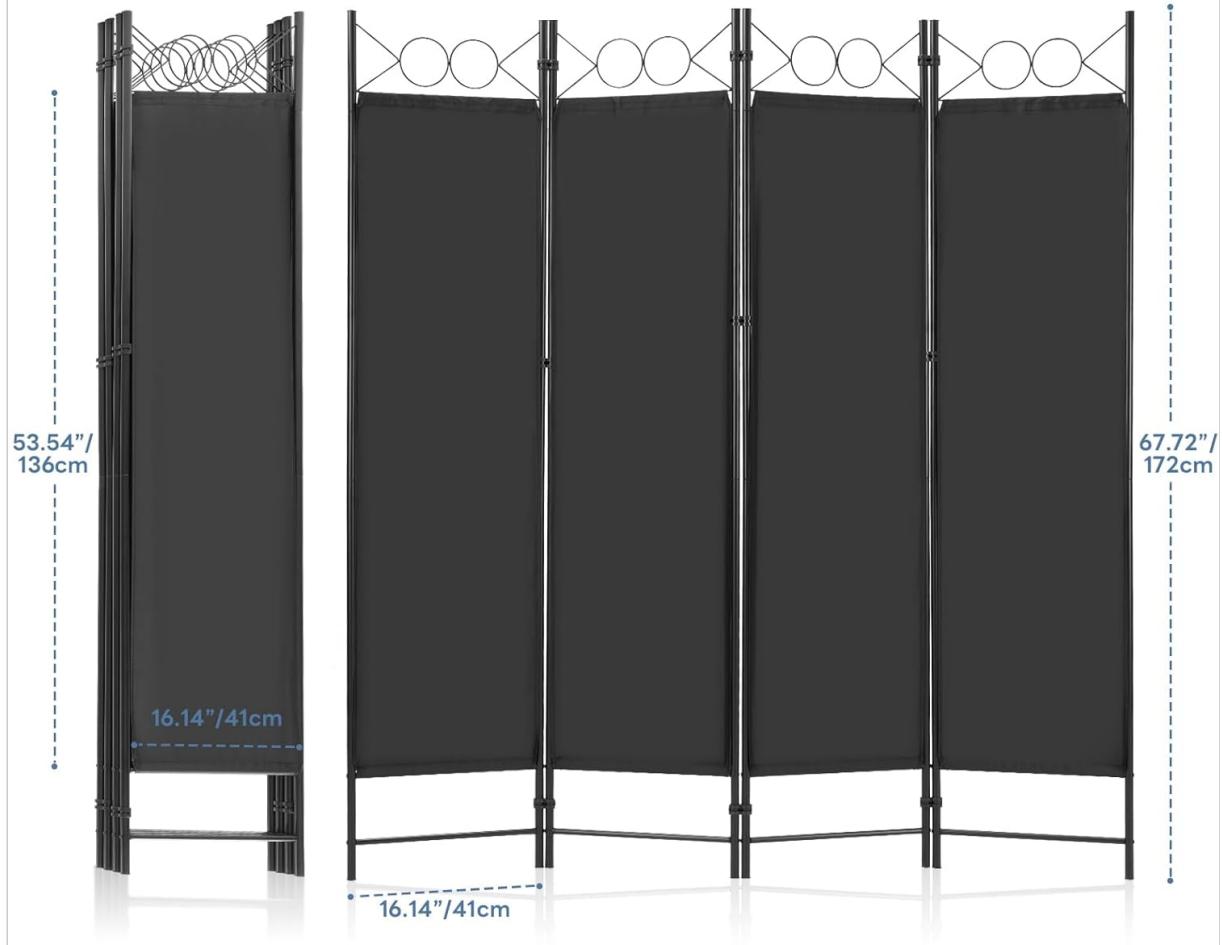

For issues not resolved by these steps, please contact DUMOS customer support.

8. SPECIFICATIONS

Product Dimensions (Extended)	64.57"W x 67.72"H (164cm W x 172cm H)
-------------------------------	---------------------------------------

Brand	DUMOS
