Viconor B0GCNMKY5N

Viconor Laser Hair Growth Cap Instruction Manual

Model: B0GCNMKY5N

1. Introduction

The Viconor Laser Hair Growth Cap is a low-level laser therapy device designed to promote hair growth. This cap-shaped device emits laser light to the scalp, ensuring effective coverage. It is indicated for use by males with androgenic alopecia (Norwood-Hamilton classifications IIa-V) and females with androgenic alopecia (Ludwig-Savin Classifications I-II), both with Skin Phototypes I-IV.

2. Safety Information

Important: Statements regarding dietary supplements have not been evaluated by the FDA and are not intended to diagnose, treat, cure, or prevent any disease or health condition. This device is intended for hair growth promotion as described.

- Consult a healthcare professional before use if you have any pre-existing medical conditions or are taking medications.
- Avoid direct eye exposure to the laser light.
- Do not use on broken or irritated skin.
- Keep out of reach of children.
- Do not modify or disassemble the device.
- Use only the provided power adapter.

3. Package Contents

- Viconor Laser Hair Growth Cap
- Controller Unit
- Power Adapter
- USB Power Cable (for power bank option)

4. Product Overview

The Viconor Laser Hair Growth Cap is designed for comfort and ease of use. It features an adjustable design to fit various head sizes.

Figure 4.1: The Viconor Laser Hair Growth Cap, showing the internal red light array.

The cap is lightweight and includes an adjustable Velcro strap at the back for a secure and comfortable fit. The internal surface is equipped with numerous red light emitters.

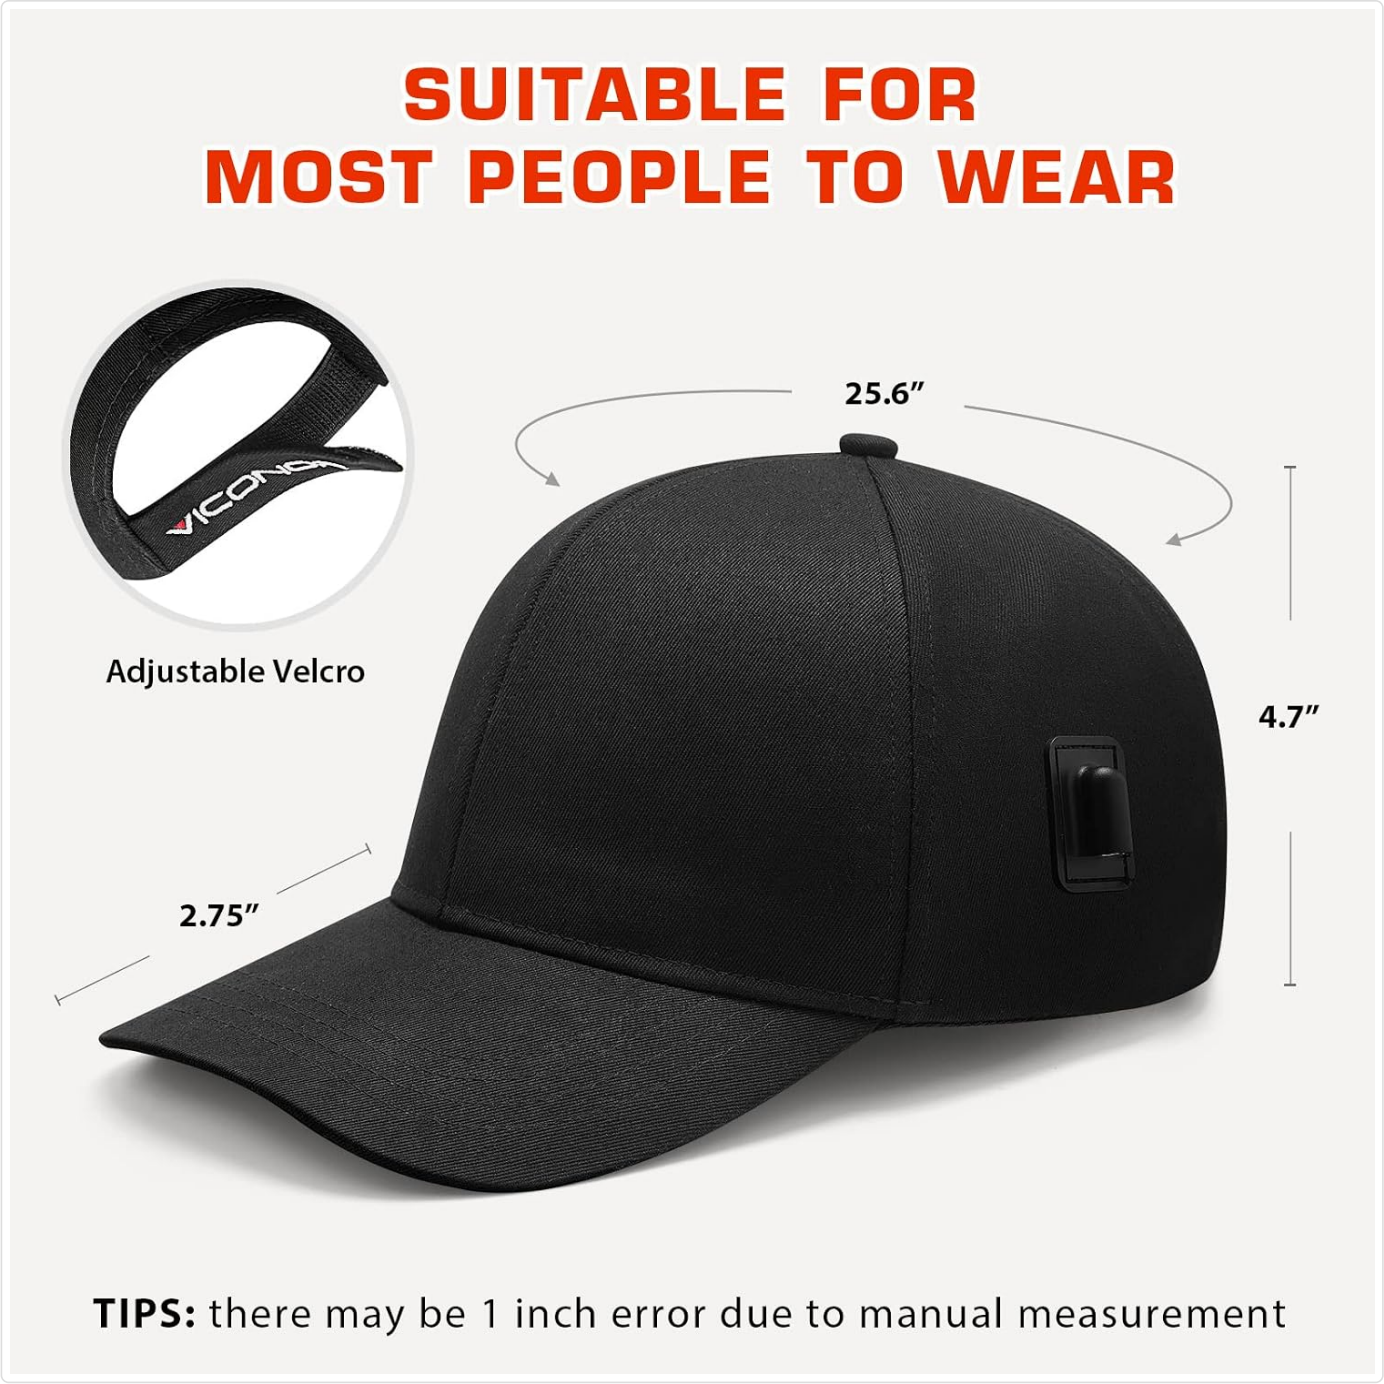

Figure 4.2: Cap dimensions and adjustable Velcro strap for universal fit.

The controller unit allows for easy management of the device's settings, including power, intensity, and treatment duration.

5. Setup

1. **Connect the Controller:** Plug the cable from the cap into the designated port on the controller unit.
2. **Choose Power Supply:**
    - **Option 1 (Wall Socket):** Connect the power adapter to the controller, then plug the adapter into a standard electrical outlet.
    - **Option 2 (Power Bank):** Connect the USB power cable to the controller, then plug the USB end into a compatible power bank (not included).

6. Operating Instructions

Follow these steps to operate your Viconor Laser Hair Growth Cap:

1. **Wear the Cap:** Place the cap on your head, ensuring it fits comfortably and covers the desired scalp areas. Adjust the Velcro strap as needed.
2. **Power On:** Press the power button on the controller unit to turn on the device. The red lights inside the cap will illuminate.
3. **Set Timer:** Use the timer buttons on the controller to select your desired treatment duration. Available settings typically include 5, 10, 20, 25, and 30 minutes. The recommended daily use is 30 minutes.
4. **Adjust Intensity:** Use the intensity buttons on the controller to increase or decrease the red light intensity to a comfortable level.
5. **Begin Treatment:** Once the timer and intensity are set, the treatment will begin. The device will automatically shut off when the selected time has elapsed.

6. **Power Off:** After the session, you can manually turn off the device by pressing the power button, or it will power off automatically.

7. Maintenance

- **Cleaning:** Disconnect the device from power before cleaning. Wipe the cap's exterior and interior with a soft, slightly damp cloth. Do not use harsh chemicals or abrasive cleaners.
- **Storage:** Store the cap and controller in a cool, dry place away from direct sunlight and extreme temperatures.
- **Care:** Avoid bending or creasing the cap excessively to protect the internal wiring and LED components.

8. Troubleshooting

Problem	Possible Cause	Solution
Device does not turn on.	Not properly connected to power; power source issue.	Ensure all cables are securely connected. Verify the power adapter or power bank is functioning correctly.
Red lights are dim or not all lights are on.	Intensity setting is too low; device malfunction.	Increase the intensity using the controller. If the issue persists, contact customer service.
Cap feels uncomfortable.	Improper fit; intensity too high.	Adjust the Velcro strap for a better fit. Reduce the light intensity if heat or brightness is an issue.

9. Specifications

- **Model:** B0GCNMKY5N
- **Brand:** Viconor
- **Package Dimensions:** 10.79 x 7.64 x 3.98 inches
- **Item Weight:** 1.34 Pounds
- **Manufacturer:** DIKAKU INDUSTRIAL CO.,LIMITED
- **Date First Available:** October 27, 2025
