3. FEATURES

The Lamshaw Tempered Glass Screen Protector offers the following key features:

- **Superior Protection:** Crafted from high-quality 9H hardness tempered glass, providing exceptional resistance against scratches, impacts, and daily wear.
- **Full Coverage & Optical Clarity:** Specifically designed for the Jugeman V10 Smartwatch 2.06-inch screen, ensuring complete coverage and perfect optical clarity without affecting touch sensitivity.
- **Fingerprint and Oil-Resistant Coating:** An oleophobic layer keeps the screen clean and free from smudges, ensuring a clear viewing experience at all times.
- **Easy, Bubble-Free Installation:** Designed for simple and effortless application with included tools, ensuring a pressure-sensitive adhesive design for a bubble-free and perfect fit.

4. SETUP (INSTALLATION GUIDE)

Follow these steps for a smooth, bubble-free installation:

1. **Clean the Surface:** Use the supplied wet and dry wipes to thoroughly clean the smartwatch screen. Remove any dust particles with the dust-absorber sticker. Ensure the screen is completely dry and free of lint.
2. **Peel Back Protective Layer:** Carefully peel back the protective layer (usually marked '1' or 'Back') from the screen protector, exposing the adhesive side. Avoid touching the adhesive.
3. **Align and Apply:** Align the exposed edge of the screen protector with the edge of your smartwatch screen. Once aligned, slowly lay the protector down. The adhesive will attach automatically.
4. **Remove Bubbles:** If any small bubbles remain, gently buff the screen with the microfiber cloth from the center outwards to push them out.

Screen Protector Installation Guide

1

Clean the Surface With Supplied Wipes and Remove Dust With Dust-Absorber.

2

Peel Back the Protective Layer and Align the Exposed Edge of the Protector With the Edge of the Device.

3

Once Aligned, Slowly Lay the Protector Down and It Will Attach Automatically.

4

Buff the Screen With the Microfiber Cloth and You're Done. Enjoy!

5. OPERATING (USAGE)

Once installed, the screen protector functions seamlessly with your Jugeman V10 Smartwatch. Its ultra-thin design and high transparency ensure that the original touch sensitivity and display clarity are maintained. You can interact with your smartwatch as usual, enjoying the added layer of protection.

SENSITIVE CONTACT

you can easily access the screen
surfing rubbing screen looked
nicer actually it seems that you
are part of the clock

6. MAINTENANCE

To maintain the clarity and effectiveness of your screen protector:

- Wipe the screen gently with a clean, soft, lint-free cloth (like the one provided in the kit) to remove fingerprints and smudges.
- For stubborn marks, lightly dampen the cloth with water or a screen-safe cleaning solution. Avoid harsh chemicals.
- Do not use abrasive materials or excessive force when cleaning, as this may damage the oleophobic coating or the protector itself.

7. TROUBLESHOOTING

Bubbles after installation:

- Small bubbles often disappear within 24-48 hours as the adhesive settles.
- For larger bubbles, try gently lifting the nearest edge of the protector with a fingernail or card, then slowly re-applying while pushing the bubble out with the microfiber cloth.

Dust particles under the protector:

- If dust is trapped, carefully lift the protector from the nearest corner using a piece of tape. Use another piece of tape to dab the dust off the adhesive side of the protector and the smartwatch screen. Re-apply slowly.

Reduced touch sensitivity:

- Ensure the protector is correctly aligned and fully adhered to the screen.
- Check if your smartwatch settings have a 'touch sensitivity' option that can be adjusted.

8. SPECIFICATIONS

Feature	Detail
Brand	Lamshaw
Compatible Device	Jugeman V10 Smartwatch (2.06 Inches)
Material	9H Tempered Glass
Hardness	9H
Number of Units	3
