

VGR V-308

VGR 308 Professional Foil Shaver Instruction Manual

Model: V-308

1. INTRODUCTION

Welcome to the VGR 308 Professional Double Foil Shaver instruction manual. This guide provides essential information for the safe and effective use, maintenance, and care of your new electric shaver. Please read it thoroughly before first use and keep it for future reference.

2. KEY FEATURES

- **3-Speed High-Performance Motor (7000–9000RPM):** Adjustable speeds for various beard types, from fine facial hair to thick stubble.
- **Ultra-Close & Skin-Friendly Shave:** Equipped with double titanium-coated hypoallergenic foils and sharp inner cutters for an irritation-free shave on the face, neck, and head.
- **Cordless & Corded Use with Long Battery Life:** Powered by a 1200mAh lithium battery, offering up to 150 minutes of runtime on a full 2-hour charge. Convenient USB charging allows for cordless freedom or corded operation.
- **Smart LED Display & Durable Metal Body:** The bright LED display clearly shows speed levels and remaining battery power. The solid metal housing ensures durability and provides a premium, anti-slip grip.
- **Complete Grooming Kit:** Includes 1 protection cap, 1 cleaning brush, 1 USB charging cable, and 1 travel pouch for convenient storage and portability.

3. PACKAGE CONTENTS

Your VGR 308 Electric Shaver package includes:

- 1 x VGR 308 Electric Shaver
- 1 x Protection Cap
- 1 x Cleaning Brush

- 1 x USB Charging Cable
- 1 x Travel Pouch

4. SETUP

4.1 Initial Charge

1. Before first use, fully charge the shaver for approximately 2 hours.
2. Connect the USB charging cable to the shaver's charging port and a compatible USB power source (e.g., computer, wall adapter).
3. The LED display will indicate the charging status and remaining battery percentage.
4. Do not use the shaver while it is charging.

1. 2 Hours Charging Time
2. 1200mAh Lithium Battery
3. 150 Min Operating
4. USB C charging

5. OPERATING INSTRUCTIONS

5.1 Powering On/Off

- Press the power button (center button) to turn the shaver on or off.
- The LED display will show the current RPM and remaining battery percentage.

5.2 Adjusting Speed

- The shaver features three adjustable speeds: 7000 RPM, 8000 RPM, and 9000 RPM.
- Use the '+' and '-' buttons to cycle through the speed settings.
- **7000 RPM:** Suitable for daily shaving or fine hair.
- **8000 RPM:** Recommended for stubble or hair not shaved for 2-3 days.
- **9000 RPM:** Ideal for coarse, thick beards or faster shaving.

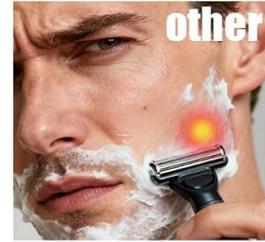

Image: Visual guide illustrating the three speed settings (7000, 8000, 9000 RPM) and their suggested applications for different beard lengths and types.

5.3 Shaving Technique

- For best results, ensure your skin is clean and dry.
- Hold the shaver at a right angle to your skin.
- Gently stretch your skin with your free hand to make the hairs stand upright.
- Move the shaver in short, circular motions or straight strokes against the direction of hair growth.
- Avoid pressing too hard, as this can cause irritation.

6. MAINTENANCE

6.1 Cleaning the Shaver Head

1. Ensure the shaver is turned off and disconnected from any power source.
2. Press the release button on the side of the shaver to detach the foil head.
3. Use the included cleaning brush to remove any trapped hair from the foils and the inner cutters.
4. The foil head can be rinsed under running water. Ensure it is completely dry before reattaching.
5. Do not immerse the entire shaver body in water.
6. Reattach the foil head by aligning it and pressing until it clicks into place.

6.2 Replacing Foils and Cutters

Over time, the foils and cutters may wear down, affecting shaving performance. Replacement parts may be available from authorized VGR retailers or the manufacturer's website. Follow these steps to replace them:

1. Turn off the shaver and detach the foil head as described in section 6.1.
2. Carefully remove the old foils and cutters.
3. Insert the new cutters onto the oscillating posts.
4. Place the new foils securely over the cutters.
5. Reattach the foil head to the shaver body.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Shaver does not turn on.	Low battery or not charged.	Charge the shaver for 2 hours.
Poor shaving performance.	Foils/cutters are dull or clogged with hair.	Clean the shaver head. Consider replacing foils/cutters if performance does not improve.
Skin irritation after shaving.	Pressing too hard, dull foils, or sensitive skin.	Shave gently. Ensure foils are clean and sharp. Use a lower speed setting if necessary.
Shaver stops during use.	Battery is low.	Recharge the shaver.

8. SPECIFICATIONS

- **Model:** V-308
- **Motor Speed:** 7000-9000 RPM (3-speed adjustable)
- **Battery:** 1200mAh Lithium Battery
- **Charging Time:** Approximately 2 hours
