5.4 Reading E-books and Documents

The E-Ink display minimizes glare and blue light, making it ideal for extended reading sessions. You can annotate documents and e-books directly with the stylus.

5.5 Google Play and Android 14

Running on Android 14, the AINOTE 2 allows direct installation of applications from Google Play. This expands its

functionality, enabling you to customize your workflow with your preferred productivity apps.

5.6 Schedule Management

Integrate your schedule with handwritten notes. The device can automatically extract To-Do items from your notes and sync with Google Calendar, helping you manage tasks and appointments efficiently.

5.7 Multi-Device Integration

The AINOTE Mobile app and PC version allow for automatic synchronization of your notes across all your devices, ensuring you always have access to your latest information.

6. MAINTENANCE

6.1 Cleaning the Device

Use a soft, lint-free cloth to gently wipe the screen and body of the AINOTE 2. Do not use harsh chemicals or abrasive materials, as they may damage the E-Ink display or casing.

6.2 Software Updates

Regularly check for and install software updates to ensure optimal performance and access to the latest features. Updates can typically be found in the device's settings menu under 'System' or 'About device'.

6.3 Battery Care

To prolong battery life, avoid exposing the device to extreme temperatures. It is recommended to fully charge the device periodically, even if not in regular use.

7. TROUBLESHOOTING

This section addresses common issues you might encounter with your AINOTE 2.

7.1 Device Not Turning On

- Ensure the device is sufficiently charged. Connect it to a power source for at least 30 minutes.
- Press and hold the Power button for 10-15 seconds to force a restart.

7.2 Stylus Not Responding

- Check if the stylus tip is worn out. Replace if necessary.
- Ensure the stylus is properly paired (if applicable, though Wacom EMR pens typically don't require pairing).
- Restart the AINOTE 2.

7.3 Wi-Fi Connectivity Issues

- Verify your Wi-Fi password is correct.
- Restart your Wi-Fi router.
- Go to Settings > Network & Internet > Wi-Fi and try reconnecting.

7.4 Apps Not Installing from Google Play

- Ensure you are logged into your Google account.
- Check your internet connection.
- Clear the cache and data for the Google Play Store app in Settings > Apps.
