6. SAFETY INFORMATION

To ensure safe operation and prolong the life of your power bank and devices, please observe the following:

- Do not expose the power bank to extreme temperatures, direct sunlight, or high humidity.
- Avoid dropping, hitting, or disassembling the device.

- Keep out of reach of children.
- Do not use if the power bank is damaged or swollen.
- Utilize the provided charging cable or certified cables for optimal performance and safety.
- The power bank features built-in Over Current Protection, Over Heat Protection, Short Circuit Protection, and Overcharge Protection.

7. MAINTENANCE

- **Cleaning:** Wipe the power bank with a soft, dry cloth. Avoid using harsh chemicals or abrasive materials.
- **Storage:** Store the power bank in a cool, dry place away from direct sunlight and extreme temperatures. If storing for an extended period, ensure it is charged to approximately 50-70% to maintain battery health.

8. TROUBLESHOOTING

- **Device not charging:**
 - Ensure the power bank is sufficiently charged.
 - Check that the charging cable is securely connected to both the power bank and your device.
 - For wireless charging, ensure your device is correctly aligned with the magnetic charging area and is MagSafe compatible.
 - Remove any thick cases that might interfere with wireless charging.
- **Slow charging:**
 - Verify that your device supports fast charging and that you are using a compatible cable and wall adapter for wired charging.
 - For wireless charging, ensure optimal alignment and that no foreign objects are between the power bank and your device.
