PRODUCT OVERVIEW

Key Features

- **High-Power Illumination:** Provides strong, reliable light for various situations.
- **Three Light Modes:** Easily switch between High, Low, and Strobe modes.
- **Telescopic Zoom:** Adjustable focus from wide-flood to long-distance spotlight.

- **USB-C Rechargeable:** Convenient Type-C charging port for easy recharging.
- **Durable Construction:** Made from Aluminium for long-lasting use.

What's in the Box

- IBELL LUMINEX 850 Torch Light
- Charging Cable (Type-C)

SETUP

Initial Charge

1. Before first use, fully charge the torch light.
2. Connect the provided Type-C charging cable to the torch's charging port.
3. Plug the other end of the cable into a compatible USB power source (e.g., wall adapter, power bank, computer USB port).

4. The charging indicator will show the charging status. Allow sufficient time for a full charge.

OPERATING INSTRUCTIONS

Power On/Off

Press the power button located on the body of the torch to turn it on. Press again to turn it off.

Changing Light Modes

With the torch light on, press the power button repeatedly to cycle through the available light modes: High, Low, and Strobe.

Telescopic Zoom Function

To adjust the beam focus, gently pull or push the head of the torch light. Extend the head for a narrow, long-distance spotlight beam, and retract it for a wider floodlight beam.

Free Switching, **Telescopic Zoom**

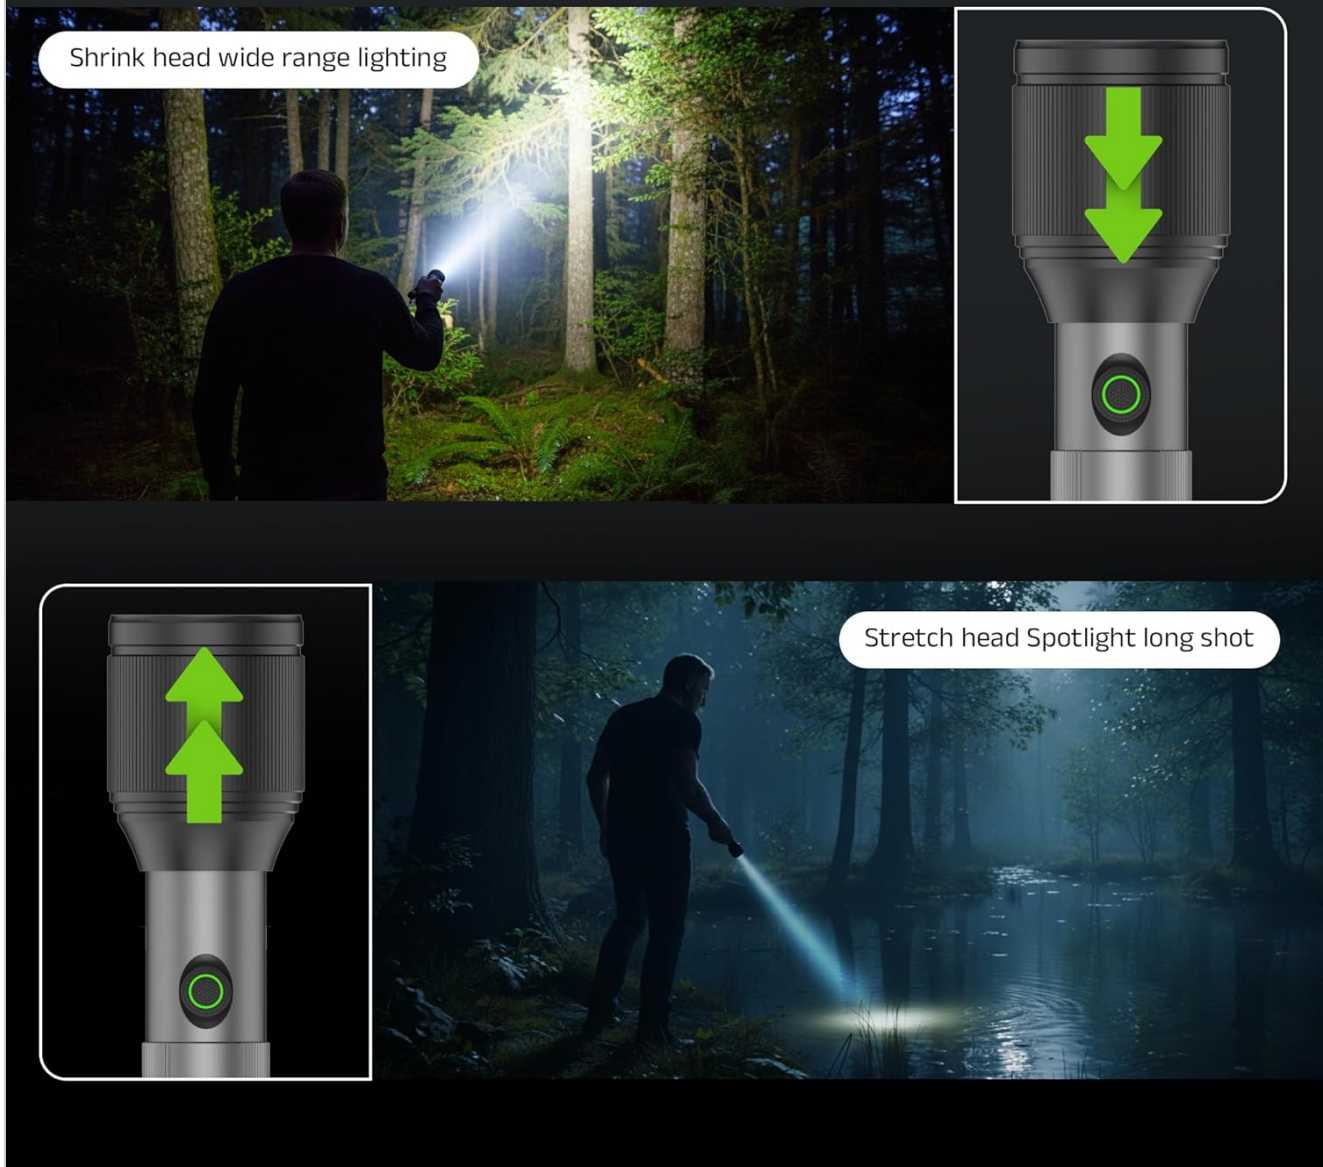

Image: Visual guide demonstrating the telescopic zoom feature, showing the torch head extended for spotlight and retracted for wide-angle illumination.

MAINTENANCE

Cleaning

- Wipe the torch light with a soft, damp cloth.
- Do not use abrasive cleaners or solvents.
- Ensure the charging port is free from dust and debris.

Storage

- Store the torch light in a cool, dry place away from direct sunlight.
- If storing for extended periods, charge the battery every 3-6 months to maintain battery health.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Torch does not turn on	Battery is depleted	Charge the torch light fully using the provided Type-C cable.
Light is dim	Low battery level	Recharge the torch light.
Cannot change light modes	Button malfunction or low battery	Ensure the torch is charged. If the issue persists, contact customer support.
Zoom function is stiff	Dust or debris in the mechanism	Gently clean the area around the telescopic mechanism. Avoid forcing it.
