Safety Information

Important Safety Guidelines:

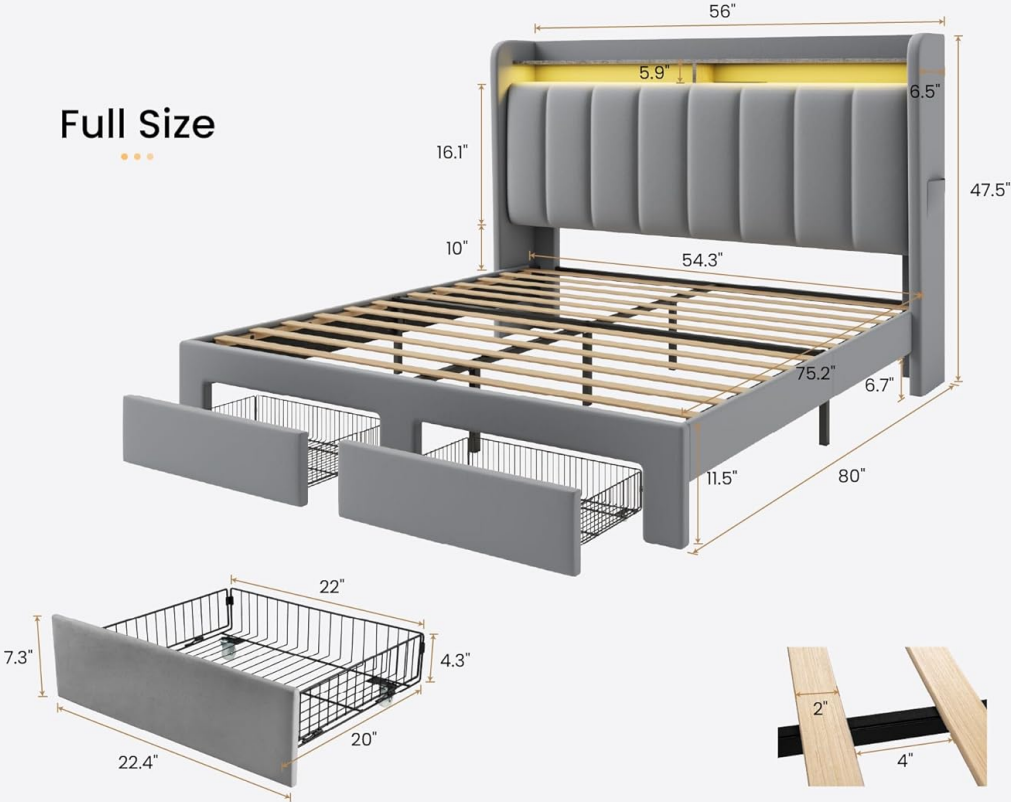

- Do not exceed the maximum weight recommendation of 800 pounds.
- Be cautious of sharp edges and potential pinch points when using and assembling the bed frame.
- Handle the headboard with care due to the integrated LED lights.
- Ensure all connections are secure before use.

Setup and Assembly

Assembly of the SHA CERLIN bed frame typically requires two adults. All necessary hardware and tools are usually included. Please refer to the separate assembly guide provided in your packaging for detailed, step-by-step instructions specific to your model.

General Assembly Steps:

1. Unpack all components and verify against the parts list.
2. Assemble the headboard, ensuring the LED lights and charging station are correctly positioned and secured.
3. Attach the side rails to the headboard and footboard.
4. Install the center support beam and legs.
5. Lay out and secure the wooden slats using the velcro fastening system.
6. Insert the storage drawers into their designated slots.
7. Ensure all bolts and screws are tightened securely.

Silent Foam Strips

Velcro Slats

Premium Velvet

Image: A diagram showing recommended mattress heights. For mattress only, 8-12 inches. For mattress with box spring, 8-12 inches.

Operating Instructions

LED Lighting System:

- The RGB LED lights are integrated into the headboard.
- Use the included remote control or a compatible mobile application to adjust color, brightness, and lighting modes.
- Timer settings are available for automatic shut-off.

SLIDING STORAGE DRAWERS

Two under-bed drawers provide sleek, hidden storage space

Image: An illustration demonstrating the various features of the Smart RGB LED design, including smart timer, music mode, DIY color control, mic mode, creative scenery mode, and control via app or remote.

Charging Station:

- The headboard features 2 AC outlets, 1 USB port, and 1 Type-C port.
- Plug in your electronic devices directly to charge them conveniently from your bed.
- Ensure the bed frame is connected to a power source for the charging station to function.

Storage Drawers:

- The two oversized drawers are located at the footboard.
- Pull the drawers out gently using the integrated handles to access storage space.
- Push them back in until they are flush with the bed frame for a neat appearance.

Maintenance

To ensure the longevity and appearance of your bed frame:

- **Cleaning:** Wipe the velvet upholstery with a dry cloth to remove dust. For spills, blot immediately with a clean, dry cloth. Avoid harsh chemicals.
- **Hardware Check:** Periodically check all bolts and screws to ensure they remain tight. Re-tighten if necessary to prevent wobbling or squeaking.

- **LED Lights:** If LED lights malfunction, check the power connection and remote control battery.
- **Charging Station:** Ensure the power cord is securely plugged into a wall outlet.

Troubleshooting

Common Issues and Solutions:

- **Bed Frame Wobbles/Squeaks:**
Solution: Ensure all assembly hardware is securely tightened. The frame includes EVA mute foam strips on the center beam to minimize noise; verify these are properly in place.
- **LED Lights Not Working:**
Solution: Check if the power adapter for the LED lights is properly connected to a power source and to the headboard. Ensure the remote control has working batteries.
- **Charging Station Not Functioning:**
Solution: Confirm the bed frame's main power cord is plugged into a live wall outlet. Test with different devices to rule out device-specific issues.
- **Mattress Slides:**
Solution: The bed frame features an embedded design to help keep the mattress in place. Ensure the mattress is correctly seated within the frame.
