ACCOHOHO LM107

ACCOHOHO King Size Farmhouse Bed Frame with Storage Headboard and LED Light

Model: LM107

Introduction

Thank you for choosing the ACCOHOHO King Size Farmhouse Bed Frame. This manual provides essential information for the safe assembly, proper operation, and effective maintenance of your new bed frame. Please read these instructions thoroughly before beginning assembly or use to ensure optimal performance and longevity of the product.

Safety Information

- Do not load the bed frame with more than 800 pounds (approximately 363 kg). Exceeding this weight limit may compromise the structural integrity of the frame.
- Exercise caution around the edges of the headboard and frame to prevent injury.
- Ensure all fasteners are securely tightened during assembly and periodically check them for tightness during use. Loose fasteners can lead to instability and potential hazards.
- Keep small parts and packaging materials away from children to prevent choking hazards.
- Do not use power tools for assembly unless specifically instructed, as overtightening screws can damage the wood.

Package Contents

Your ACCOHOHO King Size Farmhouse Bed Frame is shipped in multiple packages. Please verify that all components listed in the included assembly guide are present before beginning assembly. The main components typically include:

- Headboard with integrated storage and charging station
- Bed frame side rails and footboard
- Solid wood slats and support legs
- Four under-bed storage drawers
- LED light strip and remote control
- Hardware kit (screws, bolts, connectors, tools)
- Assembly instructions manual

Setup and Assembly Instructions

Assembly of this bed frame requires careful attention to detail. An assembly instruction manual is included with your product. Please follow the step-by-step diagrams and instructions provided in that guide.

General Assembly Tips:

- **Review Instructions:** Before starting, lay out all parts and hardware and compare them against the parts list in the assembly manual to ensure nothing is missing.
- **Work Area:** Assemble the bed frame in the room where it will be used to avoid moving a fully assembled unit. Clear a spacious area to work comfortably.
- **Tools:** While basic tools are usually provided, a power drill with appropriate bits can significantly reduce assembly time, especially for numerous screws. Use with caution to avoid overtightening.
- **Assistance:** Assembly may be easier with two people due to the size and weight of some components.
- **Drawer Assembly:** Pay close attention to the drawer runner installation to ensure smooth operation. Misalignment can cause drawers to not sit correctly.

Operating Instructions

LED Light Strip

The integrated LED light strip offers 16 color options and 4 dynamic modes to customize your room's ambiance. Use the included remote control to:

- Turn the lights On/Off.
- Select desired colors.
- Choose from various dynamic lighting modes.
- Adjust brightness levels.

Figure 3: LED light strip and remote control.

Integrated Charging Station

The headboard features a built-in charging station for convenient access to power. It includes:

- Two 110V/12A AC outlets.
- Two 5V/2A USB ports.

Simply plug your devices into the appropriate ports for charging. Ensure the bed frame is connected to a power source for the charging station to function.

Figure 4: Charging station details.

Storage Headboard

The 52-inch tall headboard provides ample storage options:

- **Hidden Cabinets:** Two hinged barn-door style cabinets offer concealed storage for personal items, reducing dust accumulation.
- **Open Shelves:** Multiple open compartments are available for displaying decorative items or keeping frequently used essentials within reach. Some shelves may be adjustable to accommodate different item heights.

Under-Bed Storage Drawers

The bed frame includes four hidden drawers, two on each side, designed for storing linens, seasonal clothing, or other bedroom items. These drawers are on wheels for easy access and can be quickly disassembled if needed.

Figure 6: Under-bed storage drawers.

Maintenance

- **Cleaning:** Wipe the wood surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that can damage the finish.
- **Dusting:** Regularly dust all surfaces, including inside the headboard compartments and drawers, to prevent buildup.
- **Fasteners:** Periodically check all screws, bolts, and connections to ensure they remain tight. Retighten as necessary to maintain stability.
- **LED Lights:** If the LED strip malfunctions, check the power connection and the remote control battery. If issues persist, contact customer support.
- **Charging Station:** Ensure the power cord for the charging station is not pinched or damaged. Avoid spilling liquids near the outlets and USB ports.

Troubleshooting

Problem	Possible Cause	Solution
Bed frame is wobbly or noisy.	Loose fasteners; uneven floor.	Check and tighten all screws and bolts. Ensure the bed is on a level surface.
LED lights not working.	Power connection issue; remote battery dead; faulty LED strip.	Verify power cord is plugged in. Replace remote control battery. Contact support if issue persists.
Charging station not functioning.	Bed frame not plugged in; faulty wiring.	Ensure the bed frame's power cord is securely plugged into a working wall outlet.
Drawers do not slide smoothly or align.	Incorrect assembly of drawer runners; obstruction.	Review assembly instructions for drawer and runner installation. Check for any obstructions in the drawer path.
Wood surface scratches easily.	Engineered wood material; rough handling.	Handle with care. Use soft cloths for cleaning. Minor scratches may be touched up with furniture repair markers.

Specifications

Feature	Detail
Model Number	LM107
Size	King
Material	Engineered Wood, Solid Wood Slats
Product Dimensions (L x W x H)	90" x 80" x 52"
