NEBO NEB-FLT-0001

NEBO Torchy 1,000 Lumens Rechargeable Pocket Flashlight Instruction Manual

1. PRODUCT OVERVIEW

The NEBO Torchy is a compact, powerful, and versatile rechargeable pocket flashlight designed for professional and personal use. Measuring only 2.64 inches long, it delivers extreme brightness and features a durable, water-resistant design.

Key features include:

- **Power in Your Pocket:** Small, lightweight, and easy to store, providing extreme brightness.
- **5 Light Modes:** Offers Turbo (1,000 lumens), High (500 lumens), Medium (200 lumens), Low (50 lumens), and Strobe (500 lumens) for various needs.
- **Compact & Capable:** Features a removable steel clip and a magnetic base for hands-free lighting. It is water and impact resistant.
- **Easy to Use & Recharge:** Equipped with Power Memory Recall and Smart Power Control. Recharges quickly via the included MagCable charging dock.

PACKED WITH POWER

Take advantage of quick bursts of ultra-bright 1,000 lumen blasts in Turbo mode.

2. SETUP

Before first use, ensure the flashlight is fully charged. The flashlight comes with a pre-installed 700 mAh

(3.7V) Lithium-ion rechargeable battery.

Initial Charging

Connect the included USB charging MagCable to a USB power source (not included) and attach the magnetic end to the flashlight's charging port. The LED indicator will show charging status.

WIRELESS CHARGING

Simply place the TORCHY on the included MagCable to recharge.

3. OPERATING INSTRUCTIONS

Power On/Off

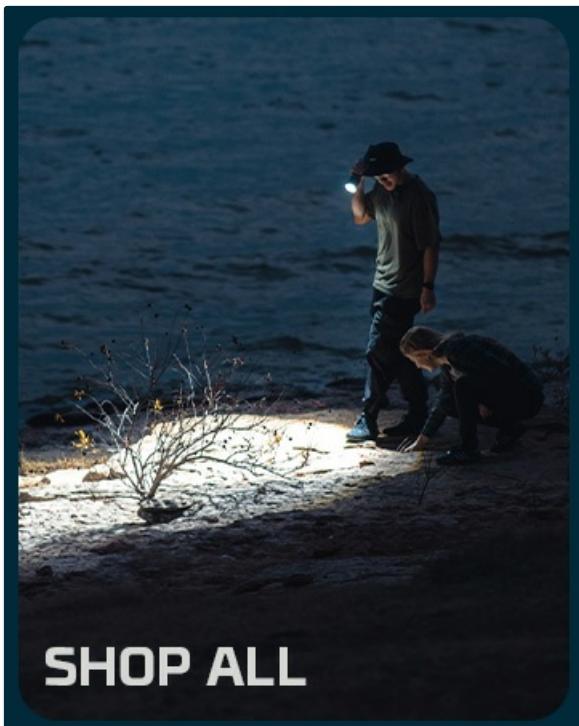

Press the power button located on the side of the flashlight to turn it ON or OFF.

Light Mode Selection

While the flashlight is ON, press the power button repeatedly to cycle through the 5 light modes:

1. **Turbo:** 1,000 lumens (momentary burst)
2. **High:** 500 lumens
3. **Medium:** 200 lumens
4. **Low:** 50 lumens (up to 6 hours run time)
5. **Strobe:** 500 lumens (for emergency signaling)

The flashlight features **Power Memory Recall**, which remembers your last used light mode when turned off and on. **Smart Power Control** ensures smooth transitions between light modes and extends battery life.

4. FEATURES

Magnetic Base

The powerful magnetic base allows the Torch to attach to metal surfaces for convenient hands-free lighting, ideal for working on vehicles or in workshops.

Removable Steel Clip

The integrated steel clip provides complete versatility, allowing you to attach the flashlight to your pocket, belt, or even the brim of a hat for hands-free use as a cap light.

REMOVABLE CLIP

The removable clip provides easy carry or hands-free use as a cap light.

Water and Impact Resistant

Constructed from durable aluminum, the Torch is designed to withstand water exposure and impacts, making it suitable for various outdoor and demanding environments.

5. CHARGING

The NEBO Torch is equipped with a 700 mAh (3.7V) Lithium-ion rechargeable battery and includes a USB charging MagCable for convenient recharging.

Charging Process

1. Connect the USB-A end of the MagCable to a compatible USB power adapter (e.g., wall charger, computer USB port, power bank).
2. Attach the magnetic end of the MagCable to the charging port on the flashlight's base. The magnetic connection will secure it in place.
3. The flashlight will fully recharge in approximately 2 hours.

6. MAINTENANCE

To ensure optimal performance and longevity of your NEBO Torch flashlight, follow these maintenance guidelines:

- **Cleaning:** Wipe the flashlight with a soft, damp cloth to remove dirt and debris. Avoid using harsh chemicals or abrasive materials.
- **Storage:** Store the flashlight in a cool, dry place away from direct sunlight and extreme temperatures.
- **Battery Care:** Recharge the battery regularly, even if not in frequent use, to maintain battery health. Avoid fully discharging the battery for extended periods.

7. TROUBLESHOOTING

If you encounter issues with your NEBO Torch flashlight, consider the following:

- **Flashlight Not Turning On:** Ensure the battery is charged. Check if the power button is functioning correctly.
- **Not Charging:** Verify that the MagCable is securely connected to both the flashlight and the USB power source. Try a different USB port or adapter. Ensure the charging contacts on the flashlight and MagCable are clean and free of debris.
- **Flickering Light:** This may indicate a low battery. Recharge the flashlight. If the issue persists, contact customer support.

8. SPECIFICATIONS

Feature	Detail
Model Number	NEB-FLT-0001
Special Feature	Waterproof, Tactical, Standard, Key Chain, Clip, Pocket, Blacklight
Color	Black
Power Source	Battery Powered
Light Source Type	LED
