Gyfimoie I870100540A1

Gyfimoie 71-Inch Imitation Marble Dining Table with LED Lights and Power Outlets

Model: I870100540A1

1. Safety Information

- Read all instructions carefully before assembly and use.
- Keep small parts and packaging materials away from children and pets to prevent choking hazards.
- Ensure all screws and fasteners are securely tightened before use. Periodically check and re-tighten as necessary.
- Do not overload the table. The maximum weight recommendation is 350 pounds.
- Use the integrated power outlets and USB ports only with compatible devices and within specified electrical ratings. Do not expose to moisture.
- Avoid placing hot items directly on the table surface without protective mats.
- Assembly requires at least two adults.

2. Package Contents

Please verify that all components are present before beginning assembly. If any parts are missing or damaged, contact customer support.

- Tabletop Panel (Imitation Marble)
- Side Support Panels (2)
- Middle Grille Panel
- Bottom Support Beams
- LED Light Strip with Remote Control
- Integrated Power Outlet Unit (2 AC outlets, 2 USB ports)
- Assembly Hardware (screws, dowels, cam locks, etc.)

- Installation Tool (screwdriver)

3. Product Overview and Features

The Gyfimoie 71-inch imitation marble dining table is designed for modern living spaces, offering both functionality and aesthetic appeal. It features a spacious tabletop, integrated LED lighting, and convenient power outlets.

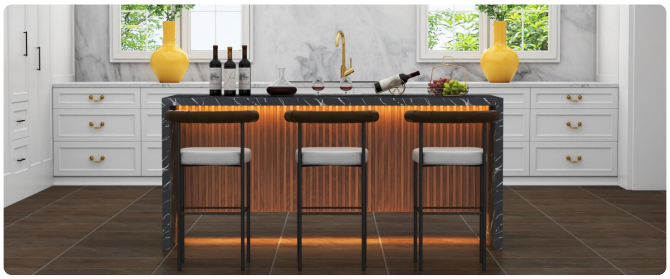

Figure 3.2: The table serving as a kitchen island with seating.

Key Features:

- **Artificial Marble Tabletop:** Crafted from high-quality MDF with a realistic marble stripe finish, offering durability and easy maintenance. Desktop thickness is 1.57 inches.
- **Integrated LED Lighting:** Multi-color RGB LED light strips with remote control to customize ambiance.
- **Built-in Power Outlets:** Includes two 110V AC outlets and two USB charging ports for convenience.
- **Sturdy Construction:** Made with engineered wood for stability and a maximum weight capacity of 350 pounds.
- **Modern Design:** Features a sleek marble pattern paired with a distinctive bottom grille design.
- **Versatile Use:** Suitable as a dining table, kitchen island, or bar table in various home settings.

4. Setup and Assembly

Assembly of this dining table typically requires two adults and approximately 1-2 hours. Follow the numbered steps below carefully.

Assembly Steps:

1. **Prepare the Area:** Clear a spacious, clean, and flat area for assembly. Lay down the packaging material to protect the floor and table components.
2. **Identify Components:** Unpack all parts and hardware. Refer to the included parts list to identify each piece.
3. **Assemble Side Supports:** Attach the necessary hardware (dowels, cam locks, screws) to the pre-drilled holes on the side support panels.

4. **Attach Bottom Support Beams:** Secure the bottom support beams between the side support panels using the provided hardware. Ensure they are oriented correctly.
5. **Install Middle Grille Panel:** Carefully slide and secure the middle grille panel into the designated slots on the side supports. Fasten with screws.
6. **Position Tabletop:** With assistance, carefully place the main tabletop panel onto the assembled base. Align the pre-drilled holes.
7. **Secure Tabletop:** Fasten the tabletop to the base using the remaining screws and cam locks. Ensure all connections are tight.
8. **Install LED Light Strip:** Adhere the LED light strip to the underside of the tabletop or along the inner edge of the grille panel as desired. Connect the power cable.
9. **Install Power Outlet Unit:** Insert the integrated power outlet unit into its designated cutout on one of the side support panels. Secure it with screws and connect its power cable.
10. **Final Check:** Verify that all connections are secure and the table is stable. Plug in the power outlet unit and LED lights to test functionality.

5. Operating Instructions

5.1. LED Lights Operation

The integrated RGB LED lights can be controlled using the provided remote control or a compatible smartphone application.

- **Power On/Off:** Press the power button on the remote to turn the lights on or off.
- **Color Selection:** Use the color buttons on the remote to select a static color, or use the color wheel/palette in the app for a wider range of options.
- **Brightness Adjustment:** Use the brightness up/down buttons to adjust the intensity of the lights.
- **Mode Selection:** Cycle through various dynamic modes (e.g., flash, strobe, fade, smooth) using the mode buttons.

Figure 5.1: Remote control for LED lights and examples of different color settings.

5.2. Power Outlet Unit Operation

The table includes a built-in power outlet unit with two standard AC outlets and two USB ports for charging devices.

- **Connecting to Power:** Ensure the table's main power cord is securely plugged into a functional wall outlet.
- **Using AC Outlets:** Plug any standard electronic device into the 110V AC outlets.
- **Using USB Ports:** Connect your USB charging cables to the USB ports to charge smartphones, tablets, or other compatible devices.
- **Safety Note:** Do not exceed the maximum power rating of the outlet unit. Avoid spilling liquids near the outlets.

6. Maintenance

- **Cleaning the Tabletop:** Wipe the imitation marble surface with a soft, damp cloth. For tougher stains, use a mild, non-abrasive cleaner. Avoid harsh chemicals or abrasive scrubbers that could damage the finish.
- **Cleaning the Base:** Dust the engineered wood base with a dry, soft cloth. For deeper cleaning, a slightly damp cloth can be used, followed by immediate drying.
- **LED Lights:** Ensure the LED strips are free from dust. Do not attempt to clean the electrical components with liquids.
- **Hardware Check:** Periodically inspect all screws and fasteners to ensure they remain tight. Re-tighten as needed to maintain stability.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight may cause fading or discoloration over time.
- **Protect from Moisture:** While the surface is water-resistant, avoid excessive moisture or prolonged contact with liquids to prevent damage to the engineered wood.

7. Troubleshooting

Problem	Possible Cause	Solution
Table is wobbly or unstable.	Loose fasteners. Uneven floor.	Check and tighten all assembly screws. Adjust floor levelers if present, or place shims under legs.
LED lights are not turning on.	Power cable disconnected. Remote battery dead. Faulty LED strip.	Ensure LED power cable is securely connected. Replace remote battery. Contact customer support if the strip is faulty.
Power outlets/USB ports not working.	Table's main power cord unplugged. Circuit breaker tripped. Faulty outlet unit.	Verify the table's main power cord is plugged into a live wall outlet. Check your home's circuit breaker. Contact customer support if the unit is faulty.

Problem	Possible Cause	Solution
Surface scratches or stains.	Sharp objects. Spills left unattended.	Use placemats or coasters. Clean spills immediately with a soft cloth and mild cleaner. Minor scratches may be buffed out with specialized products for imitation marble.

8. Specifications

Attribute	Detail
Brand	Gyfimoie
Model Name	Dining Table
Model Number	I870100540A1
Product Dimensions (D x W x H)	31.69" x 70.86" x 31.69"
Item Weight	119 Pounds
Maximum Weight Recommendation	350 Pounds
Frame Material	Engineered Wood
Top Material Type	Engineered Wood (Imitation Marble Finish)
Tabletop Thickness	1.57 Inches
Color	Black-1 (Black with White Marble Stripes)
Seating Capacity	6
Power Outlets	2 x 110V AC, 2 x USB
