LZBEITEM XADP151722

LZBEITEM Large Outdoor Dog Kennel Instruction Manual

Model: XADP151722 | Brand: LZBEITEM

INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your LZBEITEM Large Outdoor Dog Kennel. Please read all instructions carefully before assembly and use to ensure proper setup and safe operation.

SAFETY INFORMATION

- Always supervise pets, especially during initial use.
- Ensure all connections are secure and tightened before placing a pet inside.
- Place the kennel on a level, stable surface.
- Regularly inspect the kennel for any damage or loose parts. Repair or replace as needed.
- Keep children away from the assembly area.
- Do not modify the kennel structure, as this may compromise its integrity and safety.

PACKAGE CONTENTS

Before beginning assembly, verify that all parts are present and undamaged. If any parts are missing or damaged, contact customer support.

- Galvanized Steel Frame Tubes
- Chain Link Fence Panels
- UV-Resistant Canopy Cover
- Connectors and Clamps
- Lockable Door Assembly
- Ground Nails/Stakes
- Assembly Hardware (bolts, nuts, washers)

ASSEMBLY INSTRUCTIONS

Follow these steps carefully to assemble your outdoor dog kennel. Two people are recommended for easier assembly.

Step 1: Unpack and Identify Components

Carefully remove all parts from the packaging. Lay them out and compare them against the package contents list to ensure everything is present.

Image: A connector piece, used to join the galvanized steel frame tubes.

Step 2: Assemble the Base Frame

Connect the horizontal and vertical galvanized steel tubes using the provided connectors and hardware to form the base perimeter of the kennel. Ensure all connections are finger-tight initially.

Step 3: Attach Chain Link Fence Panels

Attach the chain link fence panels to the assembled frame using the clamps and hardware. Work your way around the perimeter, ensuring the panels are taut. This is crucial for stability and to prevent gaps.

Waterproof & Anti-UV Cover

Provide a comfortable environment
for your dogs

Image: A detailed view highlighting the galvanized wire mesh, the sturdy construction of the frame, and the solid connection points.

Step 4: Install the Door

Integrate the lockable door assembly into the designated opening in the frame. Secure it firmly with the provided hinges and locking mechanism. Test the door to ensure it opens and closes smoothly and locks securely.

Step 5: Install the Roof Frame and Canopy Cover

Assemble the roof frame structure. Once the roof frame is secure, drape the UV-resistant canopy cover over it. Secure the cover to the frame using the attached bungee cords or ties, ensuring it is taut to prevent water pooling.

Product Dimensions

Step 6: Final Tightening and Securing

Once all components are in place, go back and tighten all bolts and connections securely. Use the ground nails/stakes to anchor the kennel firmly to the ground, especially in windy conditions.

OPERATION

The LZBEITEM Large Outdoor Dog Kennel is designed for secure and comfortable outdoor housing for your pet.

- **Lockable Door:** Always ensure the door is securely latched and locked when your pet is inside to prevent escape and protect them from external elements.
- **Canopy Cover:** The UV-resistant and waterproof canopy provides shade from the sun and protection from rain. Ensure it remains taut to prevent water accumulation.
- **Spacious Area:** The generous dimensions provide ample space for your dog to move, play, and rest comfortably.

MAINTENANCE

Regular maintenance will extend the life of your dog kennel and ensure a safe environment for your pet.

- **Cleaning:** Clean the kennel regularly. The galvanized steel frame can be wiped down with a damp cloth and mild detergent. The canopy cover can be hosed off and air-dried.
- **Inspection:** Periodically check all connections, bolts, and the chain link fence for any signs of wear, rust, or damage. Tighten any loose bolts.
- **Canopy Care:** Ensure the canopy remains free of debris (leaves, snow) to prevent damage or collapse.

TROUBLESHOOTING

- **Gaps in Fencing:** If you notice gaps between fence panels or between panels and the frame, ensure the fencing panels were stretched tightly during setup. Re-adjust and secure clamps as needed.
- **Wobbly Structure:** Verify that all frame connections are fully tightened and that the kennel is anchored to the ground using the provided ground nails. Ensure it is placed on a level surface.
- **Water Pooling on Canopy:** Ensure the canopy cover is installed tautly and correctly over the roof frame to allow for proper water runoff.

SPECIFICATIONS

Model Number	XADP151722
Brand	LZBEITEM
Dimensions (L x W x H)	118" x 118" x 71" (approximately 10 ft x 10 ft x 5.9 ft)
Material	Galvanized Steel (frame), Oxford Fabric (canopy)
Color	Silver
Special Features	UV-Resistant Canopy, Waterproof Roof, Lockable Door, Heavy-Duty Construction
