

UBPET C30

UBPET C30 Automatic Open-Type Cat Litter Box

Instruction Manual

INTRODUCTION

Thank you for purchasing the UBPET C30 Automatic Open-Type Cat Litter Box. This device is designed to simplify cat litter management through automatic cleaning, app connectivity, and health monitoring features. Please read this manual thoroughly before use to ensure proper operation and maintenance.

The UBPET C30 features a spacious, open-type design for easy cat entry and exit, simple maintenance, and a stain-resistant structure.

SAFETY PRECAUTIONS

To ensure the safety of your pet and prevent damage to the device, observe the following precautions:

- Do not allow children or individuals unfamiliar with the device to operate it.
- Ensure the device is placed on a stable, level surface.
- Keep the device away from water or excessive moisture.

- Do not attempt to disassemble or repair the device yourself. Contact customer support for assistance.
- The device is equipped with **four high-precision weight sensors** and a **motor pinch prevention function**. If abnormal movement or weight is detected during operation, the cleaning cycle will immediately stop to ensure your cat's safety.

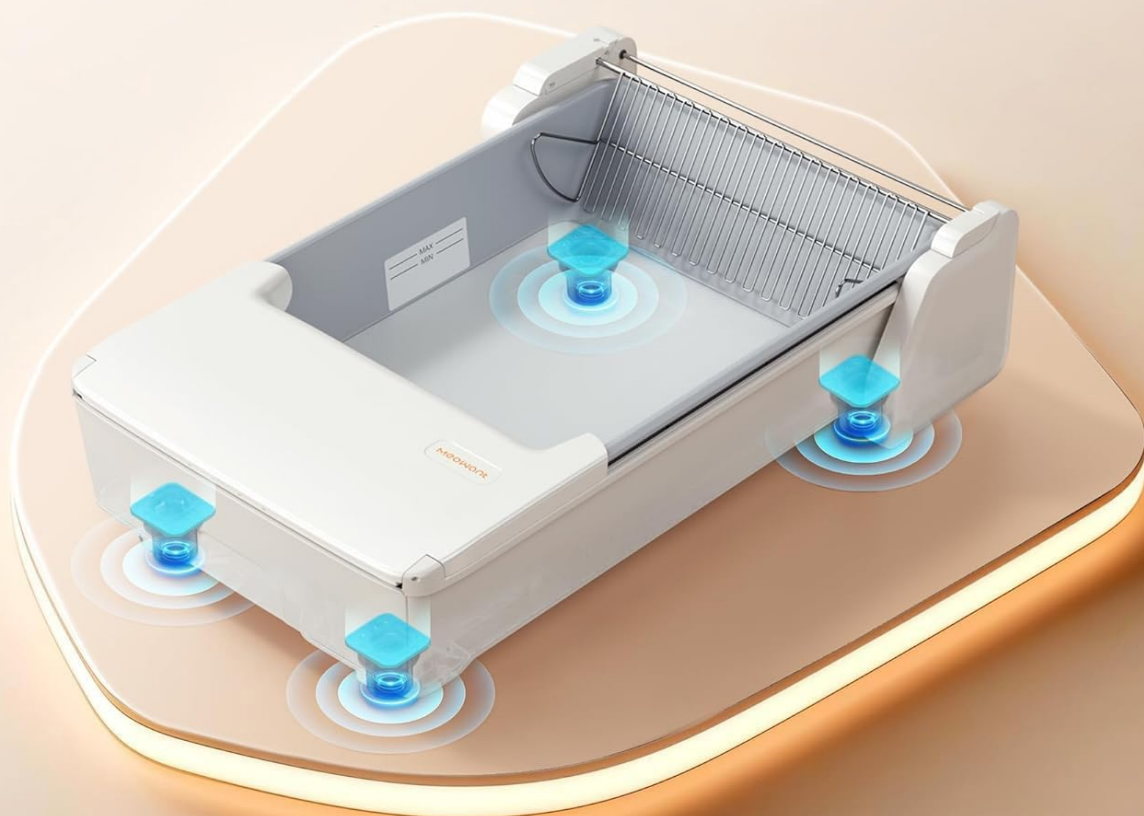

4つの重量センサーで猫の安全を守る

モーター挟み込み防止機能
異常な動きを検知するとすぐ停止

4つの重量センサー
重量を検知するとすぐ停止

APPモニター
異常を検知すると通知を受信

The UBPET C30 protects your cat's safety with four weight sensors that immediately stop operation upon detecting weight, and a motor pinch prevention function that stops if abnormal movement is detected. An accompanying app monitors for abnormalities and sends notifications.

PACKAGE CONTENTS

Verify that all the following items are included in your package:

- UBPET C30 Automatic Cat Litter Box Unit
- Power Adapter
- Deodorizing Module (pre-installed or separate)

- User Manual (this document)

PRODUCT OVERVIEW

The UBPET C30 is designed for convenience and hygiene. Its open-type, low-entry design accommodates various cat sizes and ages, from small kittens to large cats (approx. 1.5-10kg), including elderly, short-legged, or disabled cats.

The UBPET C30's open-type, low-entry design makes it easy for various cats, including elderly, short-legged, or disabled cats, to use. It is suitable for cats weighing 0.9kg and above. Product dimensions are approximately 70.1cm (L) x 48cm (W) x 19.6cm (H).

The unit features a **sealed waste box** and an integrated **deodorizing module** to effectively block unpleasant odors for up to one month per cartridge.

ニオイを抑える密閉型 ダストボックス&脱臭カートリッジ

1パックで
約1か月持続

密閉構造でイヤな
ニオイをしっかりブロック

The sealed dust box and deodorizing cartridge effectively block odors. One cartridge lasts approximately one month, ensuring a fresh environment.

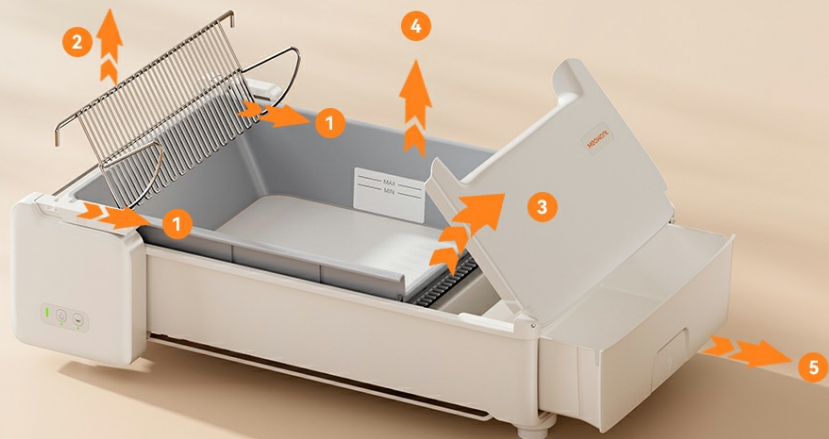

SETUP

Follow these steps to assemble and prepare your UBPET C30 for first use:

1. Place the main unit on a firm, level surface.
2. Ensure the power adapter is connected securely to the unit and a power outlet.
3. Open the cover by sliding it.
4. Insert the rake and tray into their designated positions.
5. Open the lid of the dust box and place a garbage bag inside.
6. Add cat litter up to the MAX line in the tray.

組み立て・分解が簡単

- ① カバーをスライドして開ける
- ② レーキを取り外す
- ③ ダストボックスのフタを開ける
- ④ トレーを取り外す
- ⑤ ダストボックス) を取り外す

Assembly and disassembly steps: 1. Slide the cover to open. 2. Remove the rake. 3. Open the dust box lid. 4. Remove the tray. 5. Remove the dust box. These steps are also applicable for cleaning.

OPERATION

The UBPET C30 operates automatically to clean the litter box after your cat uses it. It utilizes three high-performance motors for a smooth and efficient cleaning process.

- **Travel Motor:** Moves the rake across the litter.
- **Lifting Motor:** Lifts the rake to scoop waste.
- **Rotation Motor:** Rotates the rake to sift clean litter.

3つの高性能モーターで よりスムーズな清掃を実現

The UBPET C30 uses three high-performance motors for a smooth cleaning cycle: a Travel Motor for scooping, a Lifting Motor for raising waste, and a Rotation Motor for depositing waste into the dust box.

The innovative **dual rake structure** ensures thorough cleaning, even if blockages occur. A sub-rake automatically lifts debris and discharges it into the dust box.

革新的なデュアルレーキ 構造で徹底清掃

詰まりが発生した場合でも、サブレーキが自動でゴミをすくい上げてダストボックスへ排出

The innovative dual rake structure ensures thorough cleaning. If blockages occur, the sub-rake automatically lifts and discharges waste into the dust box.

Cleaning Process

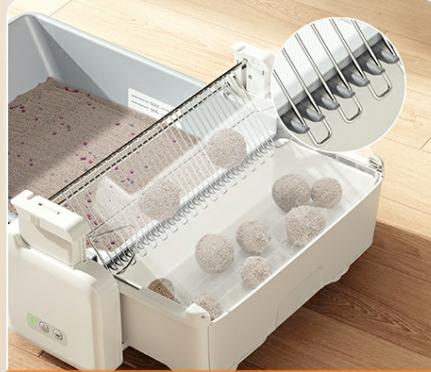

The automatic cleaning process is designed to be efficient and prevent operational stops:

1. Excess clean litter is sifted through the rake, saving litter.
2. The main rake removes waste clumps.
3. Before returning, excess clean litter is sifted back into the tray to prevent operational stops.

すくい取り不要を実現する革新的な清掃プロセス

余分な猫砂をふるい落として
猫砂を節約

メインレーキからゴミを除去

戻る前に余分な猫砂を除去し
動作停止を防止

The cleaning process sifts excess litter to save it, removes waste with the main rake, and sifts litter back before returning to prevent operational issues.

Litter Recommendations

Using fine-grained clumping cat litter improves the efficiency of automatic cleaning. The UBPET C30 can save approximately 40% of cat litter compared to crystal litter.

- **Recommended:** Mineral-based, Bentonite, Natural Bentonite, Sodium-based mineral litter.
- **Not Recommended:** Tofu litter (O-kara cat litter) or litter with particles exceeding 1.2cm.

Always fill the litter up to the MAX line, but not exceeding it.

クリスタル砂に比べて固まる 猫砂の使用量を約40%節約

鉱物系猫砂

ベントナイト
猫砂

天然ベント
ナイト猫砂

ナトリウム
系鉱物猫砂

豆腐猫砂
(おから猫砂)

粒子の細かい固まるタイプの猫砂を使用すると
自動清掃の効率が向上します。

Recommended cat litter types include mineral-based and bentonite litters. Tofu litter is not recommended. Using fine-grained clumping litter enhances cleaning efficiency and can save up to 40% of litter.

APP FEATURES

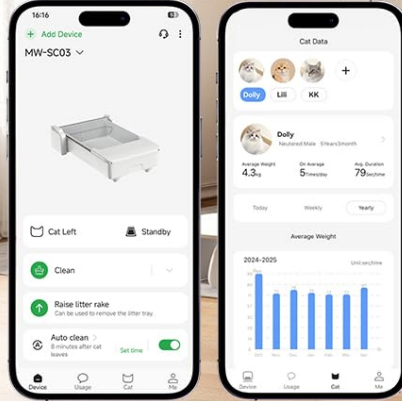

The UBPET C30 connects to a dedicated app (available in Japanese) for enhanced control and monitoring. The app allows you to manage toilet settings and track your cat's health data.

- **Health Monitoring:** Track activity levels, weight, and toilet usage frequency for individual cats.
- **Notifications:** Receive alerts for abnormal activity or when the waste box needs emptying.
- **Control:** Switch between automatic and manual cleaning modes.
- **Child Lock:** Enable/disable the child lock function for safety.
- **Indicator:** Automatic on/off function for indicators.
- **Multi-Cat Recognition:** Manage data for multiple cats.

Note: The app only supports 2.4GHz Wi-Fi networks.

Appで猫の健康を見守る

活動量や休息状態をいつでも確認できます

※2.4GHz Wi-Fiのみ対応

The UBPET app allows you to monitor your cat's health, including activity and weight data, and manage toilet settings. It supports multi-cat recognition and provides notifications. Compatible with 2.4GHz Wi-Fi only.

MAINTENANCE

Regular cleaning ensures optimal performance and hygiene. The UBPET C30 is designed for easy maintenance with removable and washable parts.

Cleaning the Tray

The litter tray is designed to be stain-resistant, durable, and easy to clean.

汚れが付きにくいトレード、お手入れ簡単

傷がつきにくく、長持ち設計

Removable
取り外し

Washable
水洗い

Wipeable
拭き取り

The litter tray is removable, washable, and wipeable, making maintenance simple and efficient.

Detailed Cleaning Steps

For thorough cleaning, follow these steps:

1. Slide the cover open.
2. Remove the rake.
3. Open the dust box lid.
4. Remove the litter tray.
5. Remove the dust box.
6. Wash all removable parts with water and mild detergent. Ensure they are completely dry before reassembly.

お手入れ簡単

The UBPET C30 is designed for easy disassembly and washing. Remove the cover, rake, tray, and dust box for thorough cleaning. The tray is fully washable.

Waste Disposal and Bag Replacement

The dust box is designed for easy waste disposal and bag replacement.

1. Pull out the dust box.
2. Lift the garbage bag to remove waste.
3. Replace with a new garbage bag. The dust box itself is washable.

ゴミ捨て・ゴミ袋交換がラク

Waste disposal and bag replacement are simple: pull out the dust box, remove the bag, and replace it. The dust box is also washable for easy cleaning.

TROUBLESHOOTING

If you encounter issues with your UBPET C30, refer to the following common solutions:

- **Device not responding:** Ensure the power adapter is securely connected and the power outlet is functional.
- **Cleaning cycle stops unexpectedly:** Check for obstructions in the litter tray or rake. Ensure the litter level is not too high or too low. The safety sensors may have been triggered.
- **Odor persists:** Verify the deodorizing module is correctly installed and not expired. Ensure the waste box lid is

properly sealed.

- **App connectivity issues:** Confirm your Wi-Fi network is 2.4GHz. Restart your router and the device. Ensure the app is updated to the latest version.
- **Litter not sifting properly:** Check if the litter type is recommended. Ensure the litter is not clumped excessively or too wet.

If the problem persists, please contact UBPET customer support.

SPECIFICATIONS

Feature	Specification
Model	UBPET C30
Color	White
Size	Large
Material	Polypropylene (PP)
