

TIGUBFRE CT-8009-TG

TIGUBFRE Twin Bed Frame User Manual

Model: CT-8009-TG

1. IMPORTANT SAFETY INFORMATION

Please read and understand all instructions before assembly and use. Failure to follow these instructions may result in injury or damage to the product.

- Do not load more than **1000 pounds** on the bed frame.
- Keep charging station and drawer areas clear of flammable materials.
- Exercise caution when using the charging station and drawers.
- Ensure all connections are securely fastened after assembly and periodically check for tightness.

2. PRODUCT OVERVIEW

The TIGUBFRE Twin Bed Frame (Model CT-8009-TG) is designed with a farmhouse style, featuring a storage headboard, integrated LED lighting, a charging station, and three storage drawers. It is constructed with heavy-duty metal slats for robust support and does not require a box spring.

Image 2.1: Overview of the TIGUBFRE Twin Bed Frame, highlighting dimensions (82.7\"L x 40.2\"W x 46.5\"H), 1000 lbs weight capacity, and estimated 45-minute assembly time.

3. ASSEMBLY INSTRUCTIONS

The bed frame features a modular design for straightforward assembly. All necessary installation tools and clear instructions are included in the package.

3.1 Preparation

- Unpack all components and verify against the parts list provided in the included manual.
- Ensure you have sufficient space for assembly.
- It is recommended that **two people** perform the assembly to ensure safety and efficiency.

3.2 Step-by-Step Assembly

1. Follow the detailed, clear assembly steps provided in the package.
2. Utilize the U-Channel installation method for quick and convenient slat placement.

3. When assembling the drawers, ensure the limiting plates are correctly positioned to secure the drawer in place, and the bottom pulleys are properly installed for easy movement.
4. Secure all bolts and fasteners tightly, but do not overtighten until the entire frame is assembled.

4. OPERATING INSTRUCTIONS

4.1 LED Lighting System

The headboard features an integrated LED light strip. This system offers customizable lighting options to enhance your bedroom ambiance.

- **Control:** The LED lights can be controlled via an app or a remote control.
- **Customization:** Adjust different lighting effects, colors (RGB), and brightness levels according to your preference.
- **Modes:** Explore various modes including Rhythm Mode (syncs with music) and Sound Mode.
- **Timer:** Utilize the timer function to automatically turn off the lights.

4.2 Charging Station

The headboard includes a built-in charging station for convenient access to power.

- **Ports:** It features 2 AC outlets (110V / 12A), 2 USB ports (5V / 2.4A), and 1 Type-C port (5V / 3A).
- **Usage:** Connect your electronic devices for charging directly from the headboard. The bottom USB port is specifically designed to power the LED light strip.

4.3 Storage Features

The bed frame offers multiple storage solutions to keep your bedroom tidy.

- **Headboard Drawers:** Two hidden drawers are located within the headboard, ideal for storing small or private sundries within easy reach. These drawers can also be removed to create open storage spaces.
- **Under-Bed Drawer:** One large drawer with pulleys is situated at the end of the bed, perfect for storing bedding, clothes, or other larger items.
- **Under-Bed Space:** The frame provides 10.3 inches of ample under-bed space, suitable for storing boxes, suitcases, or other items.

Image 4.4: The hidden drawers can be removed to create open storage spaces within the headboard.

Image 4.5: The bed frame provides 10.3 inches of clearance for ample under-bed storage.

5. MAINTENANCE

- **Cleaning:** Wipe down wood and metal surfaces with a soft, damp cloth. Avoid harsh chemicals that may damage the finish.
- **Fasteners:** Periodically check all bolts and screws to ensure they remain tight. Retighten as necessary to maintain stability and prevent noise.
- **LED Lights:** If the LED strip accumulates dust, gently wipe it with a dry, soft cloth.
- **Drawers:** Keep the drawer tracks and pulleys free of debris to ensure smooth operation.

6. TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Bed frame is noisy or wobbly.	Loose bolts or uneven assembly.	Check and tighten all bolts and fasteners. Ensure the frame is assembled on a level surface. The heavy-duty metal slats are designed for noise-free support.
LED lights are not working.	Power connection issue, faulty strip, or remote/app problem.	Ensure the LED strip is correctly plugged into the designated USB port on the charging station. Check power source. Verify remote control batteries or app connection.
Charging station ports are not functioning.	Power connection issue or overloaded circuit.	Ensure the bed frame's power cord is securely plugged into a working wall outlet. Avoid overloading the charging station with too many high-power devices.
Drawers do not slide smoothly or get stuck.	Incorrect wheel placement, debris in the path, or uneven loading.	Ensure the drawer wheels are installed exactly as shown in the assembly instructions. Clear any obstructions from the floor beneath the bed. Distribute items evenly within the drawers.
Mattress slides on the frame.	Lack of friction or improper mattress size.	The bed frame features an embedded design to help prevent mattress sliding. Ensure your mattress fits the twin size dimensions (38" x 75"). Consider using a non-slip pad between the mattress and slats if sliding persists.

7. SPECIFICATIONS

- **Model Number:** CT-8009-TG
- **Size:** Twin
- **Product Dimensions (L x W x H):**82.68" x 40.16" x 46.46"
- **Material:** Engineered Wood, Metal
- **Style:** Farmhouse Headboard
