PHEZEN 10.1 Inch Android 13 Car Stereo

PHEZEN 10.1 Inch Android 13 Car Stereo Instruction Manual

For Dodge RAM 1500, 2500, 3500 (2006-2008)

Introduction

This manual provides detailed instructions for the installation, operation, and maintenance of your PHEZEN 10.1 Inch Android 13 Car Stereo. This unit is designed for a seamless upgrade in Dodge RAM 1500, 2500, and 3500 models from 2006 to 2008, offering advanced features like Android 13, wireless CarPlay, Android Auto, GPS navigation, Bluetooth, and a backup camera.

Setup and Installation

Before beginning installation, ensure your vehicle is compatible with this unit. The 10.1-inch display is designed for a direct fit into the specified Dodge RAM models.

Package Contents

Verify that all components are present in the package:

- 1 x Car Stereo Unit
- 1 x Power Cable
- 1 x GPS Antenna
- 2 x USB Cable
- 1 x RCA Cable
- 1 x Backup Camera
- 1 x User Manual (this document)
- Fixed brackets

Installation Steps

1. Carefully remove your vehicle's original radio unit.
2. Connect the power cable, GPS antenna, USB cables, RCA cable, and backup camera cable to the corresponding ports on the new stereo unit.
3. Mount the new stereo unit into the dashboard opening, ensuring a secure fit.
4. Test all functions before fully reassembling the dashboard.

Operating Instructions

Basic Interface and Controls

The unit features a 10.1-inch capacitive touchscreen for intuitive operation. You can also utilize your vehicle's existing

steering wheel controls for common functions like volume and track changes.

Wireless CarPlay & Android Auto

Connect your smartphone wirelessly to access essential apps directly on the stereo display. This feature supports both Apple CarPlay and Android Auto for integrated navigation, communication, and entertainment.

Image: Wireless CarPlay and Android Auto functionality.

GPS Navigation and WiFi

The stereo includes built-in GPS for navigation. Connect to a WiFi hotspot to access online maps and other internet-dependent applications.

Image: GPS Navigation and WiFi function display.

Bluetooth Connectivity

Pair your mobile device via Bluetooth 5.2 for hands-free calling and audio streaming. Access your phone's contacts and call history directly from the stereo.

FM/RDS Radio

Tune into your favorite FM radio stations. The RDS (Radio Data System) feature provides additional information such as station name and song titles where available.

Backup Camera Display

When shifting into reverse, the stereo automatically displays the view from the included high-definition backup camera, providing clear visibility for safer parking and maneuvering.

Maintenance

Screen Cleaning

To clean the touchscreen, power off the unit and gently wipe the screen with a soft, lint-free cloth. For stubborn smudges, use a screen cleaner specifically designed for electronic displays. Avoid abrasive materials or harsh chemicals.

Software Updates

Periodically check for available software updates to ensure optimal performance and access to the latest features. Updates can typically be downloaded via a WiFi connection or USB, following on-screen instructions.

Troubleshooting

If you encounter issues with your car stereo, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Unit does not power on	Loose power connection, blown fuse	Check power cable connections. Inspect vehicle's fuse box for blown fuses.
No sound	Volume too low, incorrect audio source, loose speaker wires	Increase volume. Select correct audio source. Check speaker wire connections.
GPS signal lost or inaccurate	GPS antenna obstruction, poor satellite reception	Ensure GPS antenna has a clear view of the sky. Move to an open area.
Bluetooth not connecting	Device not in pairing mode, incorrect pairing process	Ensure Bluetooth is enabled on both devices and in pairing mode. Follow pairing instructions in the manual.
Backup camera not displaying	Loose camera connection, faulty camera	Check the backup camera's video input cable connection. Ensure the vehicle is in reverse.

If the problem persists after attempting these solutions, please contact customer support.
