TOPUTURE TP2

TOPUTURE TP2 2-in-1 Foldable Walking Pad Treadmill User Manual

Model: TP2

1. INTRODUCTION

This manual provides essential information for the safe and effective use of your TOPUTURE TP2 2-in-1 Foldable Walking Pad Treadmill. This versatile fitness equipment is designed for both walking and light running, featuring a manual incline, remote control, and smart app integration. Its compact, foldable design makes it suitable for home and office environments.

2. SAFETY INFORMATION

Please read all safety instructions carefully before operating the treadmill.

- **Read the Manual:** Always read the owner's manual thoroughly before using the product.
- **Starting Position:** To avoid injury, always stand on the side rails before starting the unit.
- **Child Safety:** Keep children and pets away from the treadmill during operation.
- **Weight Limit:** Do not exceed the maximum user weight capacity of 300 lbs (136 kg).
- **Emergency Stop:** Familiarize yourself with the location and function of the emergency stop button and safety key.
- **Placement:** Place the treadmill on a flat, stable surface with adequate clearance around it.
- **Power Cord:** Ensure the power cord is not pinched or damaged. Do not operate if the cord is damaged.
- **Safety Key:** Remove the safety key when the unit is not in use to prevent accidental activation.

3. PACKAGE CONTENTS

Verify that all components are present in the package:

- TOPUTURE TP2 Treadmill Unit

- User Manual
- Power Cord
- Tool Kit
- Remote Control

4. SETUP AND ASSEMBLY

The TOPUTURE TP2 treadmill features an installation-free design and is ready to use right out of the box with minimal setup.

1. **Unpacking:** Carefully remove the treadmill from its packaging.
2. **Placement:** Position the treadmill on a level surface.
3. **Handlebar Adjustment:** The treadmill can be used in two modes:
 - **Treadmill Mode:** Unfold the handlebar to its upright position. Ensure it is securely locked. The handlebar height is approximately 42 inches, suitable for users under 6'2".
 - **Walking Pad Mode:** Fold the handlebar down for a compact walking pad experience, ideal for under-desk use.
4. **Incline Adjustment:** This model features a manual 7% incline. To activate the incline, adjust the supporting bolt located in the middle of the treadmill to adhere to the ground. This provides a more stable and challenging exercise experience.
5. **Power Connection:** Connect the power cord to the treadmill and then to a suitable power outlet.

Easy Storage & Space Saving

Image: The treadmill in its folded state, highlighting its compact dimensions (51.2" length, 22" width, 5.1" height) and flexible wheels for easy movement and storage.

5. OPERATING INSTRUCTIONS

5.1. Basic Operation

1. **Power On:** Ensure the safety key is in place. Press the power button on the console or remote control to turn on the treadmill.
2. **Start Exercise:** Step onto the treadmill's side rails. Press the 'Start' button. The treadmill will begin at a low speed.

3. **Adjust Speed:** Use the '+' and '-' buttons on the remote control or console to adjust the speed. The speed range is 0.6 to 7.5 mph.
4. **Pause Function:** Press the 'Pause' button on the remote control to temporarily stop your workout while retaining your exercise data. Press 'Start' again to resume.
5. **Stop Exercise:** Press the 'Stop' button or pull the safety key to immediately stop the treadmill.

5.2. Incline Feature

The TOPUTURE TP2 offers a manual 7% incline. This feature simulates uphill walking, increasing calorie burn

and workout intensity. To engage the incline, ensure the supporting bolt in the middle of the treadmill is adjusted to create the elevated position. No tools are required for this adjustment.

Walking Pad with Incline

OUR 7%
Incline 325 Calories

OTHER 0%
No incline 200 Calories

7% Maximum

5.3. Smart App Integration

Enhance your workout experience by connecting your treadmill to the dedicated Sport APP. This allows you to:

- Record and track your exercise data (time, distance, calories, speed).
- Share your workout progress with friends.

- Control the treadmill's speed and functions directly from your smart device.

A device holder is integrated into the console, allowing you to place your phone or tablet for entertainment during your workout.

5.4. Preset Programs

The treadmill includes 12 preset programs designed to vary speed and intensity, providing diverse workout routines. Select a program from the console to begin a guided exercise session.

5.5. 2-in-1 Functionality

The TOPUTURE TP2 can be used as a traditional treadmill with the handlebar upright or as an under-desk walking pad with the handlebar folded down. This flexibility allows for exercise in various settings, from dedicated workout spaces to office environments.

5.6. Official Product Video

Your browser does not support the video tag.

Video: This video demonstrates the TOPUTURE TP2 treadmill's features, including its incline function, dual shock absorption technology, preset programs, and easy storage capabilities. It shows the treadmill in use and highlights its versatility.

6. MAINTENANCE

Regular maintenance ensures the longevity and optimal performance of your treadmill.

- **Lubrication:** The treadmill features a unique lubrication hole design for easy maintenance. Regularly apply silicone lubricant to the running belt as instructed in the full manual to reduce friction and wear.
- **Cleaning:** Wipe down the treadmill with a damp cloth after each use to remove sweat and dust. Do not use abrasive cleaners.
- **Belt Adjustment:** Periodically check the running belt for proper tension and alignment. Adjust as needed using the provided tool kit, following the detailed instructions in the complete user manual.

7. TROUBLESHOOTING

If you encounter any issues with your TOPUTURE TP2 treadmill, please refer to the following general advice:

- **No Power:** Ensure the power cord is securely plugged into both the treadmill and the wall outlet. Check the power switch on the treadmill.
- **Treadmill Not Starting:** Verify that the safety key is correctly placed on the console.
- **Unusual Noises:** Check for any loose parts or foreign objects under the running belt. Ensure the belt is properly lubricated and aligned.
- **App Connectivity Issues:** Ensure Bluetooth is enabled on your smart device and the treadmill is powered on. Try restarting both the app and the treadmill.

For more detailed troubleshooting steps or persistent issues, please consult the comprehensive user manual or contact customer support.
