

Lenovo LOQ 15IRX10

Lenovo LOQ 15IRX10 Gaming Laptop User Manual

Model: LOQ 15IRX10 | Brand: Lenovo

INTRODUCTION

Welcome to the user manual for your new Lenovo LOQ 15IRX10 Gaming Laptop. This guide provides essential information for setting up, operating, maintaining, and troubleshooting your device. The Lenovo LOQ 15IRX10 is a high-performance gaming laptop featuring a 15.6" FHD IPS 144Hz display, a 13th Generation Intel Core i7-13650HX processor, NVIDIA GeForce RTX 5050 graphics, 24GB DDR5 RAM, and a 1TB NVMe M.2 SSD, running on Windows 11 Home.

Please read this manual thoroughly to ensure proper use and to maximize the lifespan and performance of your laptop.

WHAT'S IN THE BOX

Upon unboxing your Lenovo LOQ 15IRX10 Gaming Laptop, please verify that all the following items are included:

- Lenovo LOQ 15IRX10 Gaming Laptop
- 245W AC Adapter
- MST 32GB USB Drive
- Quick Start Guide (if applicable, not explicitly listed but common)

If any items are missing or damaged, please contact your retailer or Lenovo support immediately.

SETUP

1. Initial Power On and Charging

Before first use, it is recommended to fully charge your laptop's battery.

1. Connect the 245W AC adapter to the power input port on your laptop.
2. Plug the AC adapter into a power outlet.
3. Press the power button to turn on the laptop.

2. Windows 11 Home Setup

Follow the on-screen instructions to complete the initial setup of Windows 11 Home. This includes selecting your region, language, connecting to a network, and creating a user account.

3. Connecting to a Network

Your laptop supports Wi-Fi 6 and Gigabit Ethernet.

- **Wi-Fi:** During Windows setup or later, click the Wi-Fi icon in the taskbar, select your network, and enter the password.
- **Ethernet:** Connect an Ethernet cable from your router or modem to the RJ-45 port on the laptop.

4. Connecting Peripherals

Connect external devices such as a mouse, keyboard, or external display.

- **USB Devices:** Use the USB 3.2 Gen 1 Type-A ports or the USB 3.2 Gen 2 Type-C port.
- **External Display:** Connect an external monitor using the HDMI v2.1 port or the USB 3.2 Gen 2 Type-C port (which supports DisplayPort).
- **Audio Devices:** Use the Headphone/Microphone Combo Jack for headsets.

OPERATING THE LAPTOP

Keyboard and Touchpad

Your Lenovo LOQ 15IRX10 features a full-size keyboard with a numeric keypad and white backlighting for comfortable typing in various lighting conditions. The touchpad supports multi-touch gestures for intuitive navigation.

Display

The 15.6-inch Full HD (1920 x 1080) IPS Anti-Glare display offers a 144Hz refresh rate for smooth visuals, especially during gaming. Adjust brightness using the function keys (Fn + F5/F6) or through Windows display settings.

Audio

The laptop is equipped with stereo speakers (2W x2) optimized with Nahimic Audio for an immersive sound experience. Adjust volume using the function keys (Fn + F1/F2/F3) or Windows sound settings.

Battery Management

The 4-cell, 60 Wh battery provides up to 6 hours of average usage. For optimal battery life:

- Keep the AC adapter connected during intensive tasks like gaming.
- Utilize Windows power saving modes when not gaming.
- Avoid extreme temperatures.

The laptop supports Super Rapid Charge, allowing it to charge from 0% to 30% in approximately 10 minutes.

MAINTENANCE

Cleaning Your Laptop

- **Screen:** Use a soft, lint-free cloth lightly dampened with water or a screen cleaner. Do not spray liquid directly onto the screen.
- **Keyboard and Chassis:** Use a soft, dry cloth. For stubborn dirt, a slightly damp cloth with mild soap solution can be used, ensuring no liquid enters openings.
- **Vents:** Periodically clean dust from the cooling vents using compressed air to ensure proper airflow and prevent overheating.

Software Updates

Regularly update your operating system, drivers, and applications to ensure optimal performance, security, and compatibility.

- **Windows Updates:** Go to **Settings > Windows Update**.
- **Driver Updates:** Check the official Lenovo support website for the latest drivers for your model. NVIDIA graphics drivers should be updated regularly through GeForce Experience or NVIDIA's website.

Storage Management

Periodically manage your 1TB NVMe M.2 SSD to maintain performance.

- Delete unnecessary files and applications.
- Use Windows Disk Cleanup or Storage Sense to free up space.
- Consider backing up important data to an external drive or cloud storage.

TROUBLESHOOTING

This section addresses common issues you might encounter. For more complex problems, refer to the Lenovo support website or contact technical support.

No Power / Laptop Not Turning On

- Ensure the AC adapter is securely connected to both the laptop and a working power outlet.
- Verify the power outlet is functional by plugging in another device.
- If the battery is completely drained, allow it to charge for at least 30 minutes before attempting to power on.

Display Issues

- **Blank Screen:** Ensure the laptop is powered on. Try connecting an external monitor to check if the issue is with the laptop's display or the graphics output.
- **Incorrect Resolution/Refresh Rate:** Adjust display settings in Windows (**Settings > System > Display**). Ensure graphics drivers are up to date.

Network Connectivity Problems

- **Wi-Fi:** Check if Wi-Fi is enabled in Windows settings. Restart your router/modem. Ensure you are connecting to the correct network with the right password.
- **Ethernet:** Verify the Ethernet cable is properly connected. Check network adapter settings in Windows.

Keyboard Backlight

The Lenovo LOQ 15IRX10 features a white backlit keyboard. If the backlight is not working, ensure it is enabled using the dedicated function key (often Fn + Spacebar or a specific F-key, refer to your keyboard's icons). This model does not support multi-color (RGB) backlighting.

SPECIFICATIONS
