BLANBOK+ 128GB

BLANBOK+ 128GB Apple MFi Certified 4-in-1 USB Flash Drive Instruction Manual

Introduction

This manual provides comprehensive instructions for the BLANBOK+ 128GB Apple MFi Certified 4-in-1 USB Flash Drive. It covers setup, operation, maintenance, and troubleshooting to ensure optimal performance and secure data management across your iPhone, Android devices, and personal computers.

Image: The BLANBOK+ 4-in-1 USB Flash Drive, showcasing its versatile Lightning, Type-C, and USB-A connectors for broad compatibility.

Product Features

- **Apple MFi Certified 4-in-1 Design:** Ensures safe and convenient use with iPhone and iPad. Features Lightning, USB-A, Type-C, and Micro USB connectors for seamless data transfer between iPhone, Android, and PC without iTunes or iCloud. Directly save and play photos, videos, and movies. Also functions as a large-capacity external hard drive.

- **Dedicated App for Privacy Protection:** Compatible with the "Luxsync Pro" app for iPhone, offering data encryption to protect sensitive information even if the USB memory is lost. One-click backup for photos, videos, and contacts. Also allows file viewing, organization, and encrypted storage, helping to resolve smartphone storage issues, save travel photos, and provide data evacuation during sudden device troubles. Available for free download from the App Store.
- **High-Quality and Durable Construction:** Features a premium metal body for full compatibility with iPhone/iPad, adopting the latest chip for optimal iPhone data storage. Provides water resistance, dust resistance, shock resistance, high-temperature resistance, and magnetic resistance. Safely protects important data. Includes a portable keychain for peace of mind on the go.
- **High-Speed Data Transfer & Wide Compatibility:** Achieves read speeds up to 80MB/s and write speeds up to 40MB/s for smooth transfer of large USB data. Supports iOS 12.1 and later iPhones/iPads, OTG-compatible Android devices, and USB-equipped PCs. Direct sharing to Facebook and Twitter is also possible, making it useful for both business and personal use. Convenient as external storage or an external hard drive.
- **Multi-Device Support:** This USB memory is equipped with iOS (Lightning), USB-A, Type-C, and Micro USB connection terminals, allowing easy data backup on PC, Android, MacBook, and iOS devices. Compatible with a wide range of iPhone models (17 / 17 Air/ 17 Pro / 17 Pro Max/iPhone 16Pro Max/16 Pro/16 Plus/iPhone16/15 Pro Max/15 Pro/15 Plus/15/14 Pro Max/14 Pro/14 Plus/14/SE3/13 series/12 series/11 series/XR/XS/X/8/SE2), iPad Air (1st-3rd Gen), iPad mini (1st-5th Gen), iPad (5th-9th Gen), MacBook (Pro/Air), and various Android smartphones and tablets.
- **Password Protection:** Allows password locking for the entire device or specific files to secure personal information.

Setup

For iOS Devices (iPhone/iPad):

1. **Connect the Flash Drive:** Insert the Lightning connector of the BLANBOK+ flash drive into your iPhone or iPad.
2. **Download the App:** Upon first connection, your device may prompt you to download the "Luxsync Pro" app from

the App Store. If not, manually search for "Luxsync Pro" in the App Store and download it. This app is essential for managing files and utilizing all features on iOS devices.

3. **Grant Permissions:** Open the "Luxsync Pro" app and grant any necessary permissions for accessing photos, videos, and other files.

For Android Devices and PCs:

No dedicated app installation is required for Android devices (OTG compatible) or PCs. Simply connect the appropriate USB (Type-C or USB-A) connector to your device. The flash drive will be recognized as external storage, allowing for direct file management.

Your browser does not support the video tag.

Operating Instructions

1. Data Transfer (Copying Photos/Videos)

1. **Open Luxsync Pro (iOS):** Launch the "Luxsync Pro" app on your iPhone/iPad.
2. **Access USB Memory:** Tap on "My USB Memory" within the app.
3. **Select Files:** Choose "Copy from Photo Album" or "Copy from Clipboard" to select photos and videos from your device.
4. **Initiate Transfer:** Select the desired files and confirm the transfer to the flash drive.

Image: The Luxsync Pro app interface for selecting and copying files to the flash drive.

2. File Encryption

1. **Select Files:** In "My USB Memory" within the Luxsync Pro app, select the files you wish to encrypt.
2. **Encrypt:** Tap the lock icon or encryption option and set a password or use Touch ID/Face ID to encrypt the selected files.
3. **Decrypt:** To access encrypted files, select them and enter the correct password or use Touch ID/Face ID to decrypt.

3. Direct Photo/Video Capture to Flash Drive

The Luxsync Pro app allows you to directly capture photos and videos and save them onto the BLANBOK+ flash drive, bypassing your device's internal storage.

1. **Open Camera in App:** In the Luxsync Pro app, select the "Take Photo" or "Record Video" option.
2. **Capture:** Use the in-app camera to take photos or record videos.
3. **Save:** The captured media will be saved directly to the connected BLANBOK+ flash drive.

Image: Capturing and saving photos directly to the flash drive using an iPhone.

4. Sharing Files

You can easily share photos, videos, and files stored on the USB memory with friends and family via social media platforms.

1. **Select Files:** In the Luxsync Pro app, navigate to the files on your USB memory.
2. **Choose Share Option:** Select the files you wish to share, then tap the share icon.
3. **Select Platform:** Choose your desired social media platform (e.g., Facebook, Twitter, Instagram) or other sharing methods.

Image: Sharing content from the flash drive directly to social media platforms.

5. Saving Images/Videos to iPhone from Flash Drive

1. **Select Files:** In "My USB Memory" within the Luxsync Pro app, select the images or videos you want to save to your iPhone.
2. **Save to Device:** Tap the "Save to Device" or similar option to transfer the selected media to your iPhone's photo album.

Compatibility

The BLANBOK+ 4-in-1 USB Flash Drive offers broad compatibility with various devices and operating systems:

- **iOS Devices:** iPhone 17 / 17 Air / 17 Pro / 17 Pro Max, iPhone 16 Pro Max / 16 Pro / 16 Plus / 16, iPhone 15 Pro Max / 15 Pro / 15 Plus / 15, iPhone 14 Pro Max / 14 Pro / 14 Plus / 14, SE3, 13 series, 12 series, 11 series, XR, XS, X, 8, SE2.
- **iPads:** iPad Air (1st-3rd Gen), iPad mini (1st-5th Gen), iPad (5th-9th Gen), iPad Pro (9.7/10.5/11/12.9/13 inch) - both Lightning and Type-C models.
- **Android Devices:** Various OTG-compatible Android smartphones and tablets (e.g., Samsung, Huawei, Xiaomi, OnePlus).
- **Computers:** Mac/iMac/PC (Windows 2000/7/8/9/10/11), Laptops, Tablets.

Supported File Formats:

The flash drive supports direct playback and storage of various file types:

- **Video:** AVI, MOV, TS, DIVX, MP4, VOB, FLV, MPG, WMV, M4V, RM, 3GP, MKV, RMVB.
- **Image:** BMP, JPEG, TIFF, GIF, PNG, HEIC, JPG, TIF, NEF.
- **Audio:** MP3, AAC, WAV, CAF, M4A, FLAC, AIFF, APE, ACE.
- **Document:** DOC, XLSX, HTML, DOCX, KEY, TXT, PPT, NUMBERS, PPTX, PAGES, XLS, PDF.

Specifications

Brand	BLANBOK+
Model	128GB (Silver)
Flash Memory Type	USB
Hardware Connectivity	USB Type A, USB Type C, Lightning
Memory Storage Capacity	128 GB
Read Speed	Up to 80 MB/s

Write Speed	Up to 40 MB/s
Special Features	Waterproof, Temperature Resistant, Magnetic Resistant, Shockproof, Dustproof
Dimensions	10.7 x 9.4 x 1.7 cm; 50 g
GTIN (UPC)	703387467441

Troubleshooting

- **Device Not Recognized (iOS):**
  Ensure the "Luxsync Pro" app is installed and open. Check if the Lightning connector is fully inserted. Try restarting your iOS device and reconnecting the flash drive.
- **Device Not Recognized (Android/PC):**
  Ensure the correct USB connector (Type-C or USB-A) is fully inserted. For Android, verify that your device supports OTG (On-The-Go) functionality. Try connecting to a different USB port on your PC.
- **Slow Transfer Speeds:**
  Transfer speeds can vary based on file size, device, and other active processes. Ensure your device's ports are clean and the flash drive is directly connected (avoiding hubs if possible). For optimal speeds, use USB 3.0 ports on compatible devices.
- **Cannot Access Encrypted Files:**
  Ensure you are using the correct password or Touch ID/Face ID for decryption within the Luxsync Pro app. If the password is forgotten, files cannot be recovered.
- **App Issues (Luxsync Pro):**
  If the app is not functioning correctly, try closing and reopening it. Ensure the app is updated to the latest version from the App Store. If problems persist, reinstall the app.

Maintenance

- **Physical Care:** The BLANBOK+ flash drive is designed with a durable metal body and features water, dust, shock, temperature, and magnetic resistance. However, avoid exposing it to extreme conditions or harsh chemicals.
- **Connector Protection:** Always ensure the connectors are clean and free from debris. Use the rotating cover to protect unused connectors.
- **Safe Removal:** Always safely eject the flash drive from your computer or device before physically removing it to prevent data corruption.
- **Software Updates:** Keep the "Luxsync Pro" app updated to ensure compatibility and access to the latest features and security enhancements.
