1. INTRODUCTION

The Lisowod L02 Mini Projector is a portable home theater device designed for versatile entertainment and presentation needs. Featuring native 1080P Full HD resolution, 1300 ANSI lumens brightness, and advanced connectivity options including Wi-Fi 6 and Bluetooth 5.2, it delivers a high-quality viewing experience. Its innovative 360° adjustable and detachable stand, along with automatic keystone correction and electric focus, ensures easy setup and optimal image projection in various environments.

2. WHAT'S IN THE BOX

Upon unboxing your Lisowod L02 Mini Projector, please ensure all the following items are included:

- L02 Mini Projector (1 unit)
- HDMI Cable (1 unit)
- Cleaning Kit (1 unit)
- Power Cord (1 unit)
- User Manual (1 unit)

Your browser does not support the video tag.

3.2 Ports and Connections

The projector is equipped with various ports to ensure broad compatibility with your devices.

- **HDMI Port:** For connecting laptops, gaming consoles, TV sticks, and other HDMI-enabled devices.
- **USB Port:** For connecting USB drives to play media files directly.
- **3.5mm Audio Jack:** For connecting external speakers or headphones.
- **Power Input:** For connecting the power cord.

3.3 Adjustable Stand

The L02 features a 360° rotating and detachable stand, offering unparalleled flexibility in projection angles.

Image Description: The Lisowod L02 projector positioned in a bedroom, utilizing its 360° adjustable stand to project an image onto the ceiling, demonstrating its versatile placement options.

4. SETUP

4.1 Powering On

1. Connect the power cord to the projector's power input and then to a power outlet.
2. Press the power button on the projector or the remote control to turn on the device.

4.2 Initial Configuration

Follow the on-screen prompts for initial setup:

- **Language Selection:** Choose your preferred language.
- **Network Connection:** Connect to your Wi-Fi network (supports dual-band Wi-Fi 6 for faster speeds).

4.3 Adjusting Projection

The Lisowod L02 offers advanced features for optimal image adjustment:

- **Auto Keystone Correction:** The projector features automatic $\pm 30^\circ$ vertical keystone correction. Manual $\pm 50^\circ$ adjustment is also available.
- **Electric Focus:** Use the remote control for one-touch motorized focus to achieve a clear image.
- **Zoom Function:** Supports 70% zoom and 4:3/16:9 aspect ratios to adjust projection size without moving the projector.

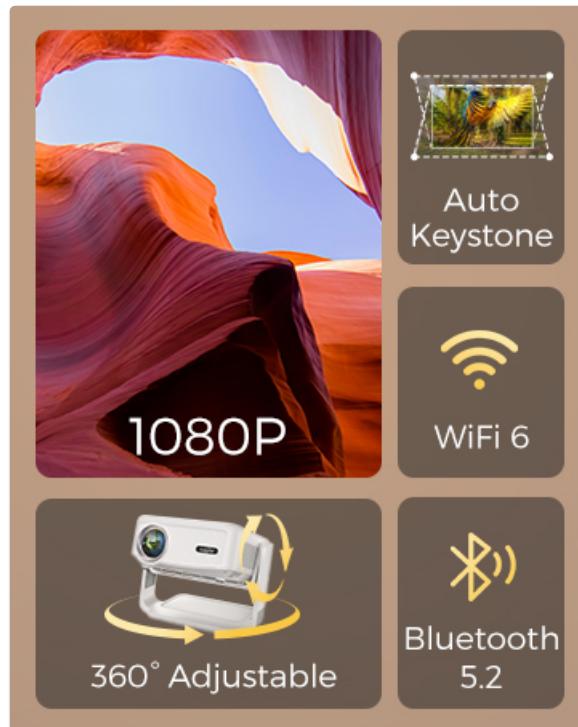

Image Description: A visual representation of the Lisowod L02 projector's auto vertical keystone, electric focus, and zoom capabilities, showing how it can easily achieve a perfect image in a living room setting.

5. OPERATING INSTRUCTIONS

5.1 Navigating the User Interface

The projector runs on an Android 11 OS, providing a user-friendly interface. Use the remote control to navigate through menus and select options.

5.2 Streaming Applications

Access pre-installed streaming apps or download more from the app store.

- **Pre-installed:** YouTube, Prime Video, Netflix.
- **App Store:** Download additional apps like Disney+, Hulu, etc.

Note on HDCP: Due to HDCP copyright restrictions, direct phone mirroring for Netflix, Amazon Prime, or other streaming videos is not supported. It is recommended to pair the projector with a TV Stick for seamless phone screen mirroring or connect a laptop to the projector's HDMI port to stream content.

Your browser does not support the video tag.

5.3 Screen Mirroring / Casting

Mirror your smartphone or tablet screen to the projector using the built-in Wi-Fi 6 connectivity.

5.4 Connecting External Devices

- **HDMI:** Connect your device using an HDMI cable to the HDMI port.
- **USB:** Insert a USB drive into the USB port to access media files.
- **Bluetooth:** Pair external Bluetooth speakers or headphones via Bluetooth 5.2 for enhanced audio.

5.5 Audio Output

The projector features built-in dual 8W Hi-Fi speakers for immersive stereo sound. For alternative audio, connect external speakers or headphones via the 3.5mm audio jack or Bluetooth.

6. MAINTENANCE

To ensure the longevity and optimal performance of your Lisowod L02 Mini Projector, follow these maintenance guidelines:

- **Lens Cleaning:** Gently wipe the projector lens with a soft, lint-free cloth from the included cleaning kit. Avoid abrasive materials that could scratch the lens.
- **Dust Removal:** Regularly wipe the exterior of the projector with a dry, soft cloth to prevent dust buildup.
- **Ventilation:** Ensure the projector's ventilation openings are clear and unobstructed to prevent overheating.

7. TROUBLESHOOTING

If you encounter any issues with your Lisowod L02 Mini Projector, please refer to the following common troubleshooting steps:

- **No Power:** Ensure the power cord is securely connected to both the projector and the power outlet. Try a different outlet.
- **No Image:** Check that the correct input source is selected. Verify all cables (HDMI, USB) are securely connected.
- **Blurry Image:** Use the electric focus function via the remote control to adjust the image clarity. Ensure the projector is placed within the recommended projection distance.
- **Distorted Image:** Utilize the auto keystone correction or manual keystone adjustment to correct image shape.
- **No Sound:** Check the volume settings on both the projector and the connected device. Ensure external speakers/headphones are properly connected or paired via Bluetooth.
- **Wi-Fi/Bluetooth Connectivity Issues:** Ensure the projector is within range of your Wi-Fi router or Bluetooth device. Restart the projector and your network devices.

For further assistance, please contact customer support.
